**Madelyn Holmes**

## **Continuing The Good Life:**

**Giving is the Good Life** Randy Alcorn, 2019 A bestselling author teaches life changing biblical principles of generosity and tells stories of people who have put those radical principles into practice Each story is a practical application that can help stimulate imagination and expand dreams of serving Jesus in fresh ways

**Notable American Women** Susan Ware, 2004 This latest volume brings the project up to date with entries on almost 500 women whose death dates fall between 1976 and 1999 You will find here stars of the golden ages of radio film dance and television scientists and scholars civil rights activists and religious leaders Native American craftspeople and world renowned artists For each subject the volume offers a biographical essay by a distinguished authority that integrates the woman's personal life with her professional achievements set in the context of larger historical developments

**A Minimally Good Life** Nicole Hassoun, 2024-07-12 What do we owe to each other simply out of respect or concern for our common humanity What can we claim The United Nations Sustainable Development Goals and the Universal Declaration of Human Rights as well as many states constitutions embody competing answers to these questions Different accounts of what we owe to others out of concern for our common humanity ground divergent accounts of the basic minimum just societies and the international community must help people secure A Minimally Good Life argues that concern for our common humanity requires helping others live minimally good lives when doing so does not require sacrificing our own ability to live well enough This it suggests provides a unified answer to the question of what we must give to and can demand from others as a basic minimum More precisely Nicole Hassoun argues that people must obtain the things that let them secure the relationships pleasures knowledge appreciation worthwhile activities and other things that a reasonable and caring person free from coercion and constraint would set as a minimal standard of justifiable aspiration That is as reasonable caring free people we should put ourselves into each other's shoes and think about what we need to live well enough as each person Hassoun makes this case by engaging with the main competitors in the literature those that offer different accounts of the basic minimum and the limits of our obligations She then defends a new way of helping people in present and future generations reach the sufficiency threshold and of responding to apparent tragedy when helping everyone seems impossible

*American Women Conservationists* Madelyn Holmes, 2003-12-31 This collection of biographies describes twelve women conservationists who helped change the ways Americans interact with the natural environment Their writings led Americans to think differently about their land deserts are not wastelands swamps have value and harmful insects don't have to be controlled chemically These women not only wrote on behalf of conservation of the American landscape but also described strategies for living exemplary environmentally sound lives during the past century From a bird lover to a back to the land activist these women gave early warning of the detrimental effects of neglecting conservation The main part of this work covers six historical figures who pioneered in their thinking and writing about the environment Mary Austin Florence Merriam Bailey Rosalie

Edge Marjory Stoneman Douglas Helen Nearing and Rachel Carson A later chapter gives portraits of six post World War II conservationists Faith McNulty Ann Zwinger Sue Hubbell Anne LaBastille Mollie Beattie and Terry Tempest Williams The work covers a broad range of conservationist concerns including preservation of deserts and old growth forests wildlife protection wetlands maintenance self sufficient sustainable ways of producing food and pollution control A conclusion examines where conservationists have picked up after Rachel Carson s Silent Spring 1962 and gives conservation ideas for our time An appendix lists the published writings of the twelve conservationists

**Who Gets to Go Back-To-the-Land?**

Valerie Padilla Carroll,2022-12 In Who Gets to Go Back to the Land Valerie Padilla Carroll examines a variety of media from the last century that proselytized self sufficiency as a solution to the economic instability environmental destruction and perceived disintegration of modern America In the early twentieth century books already advocated an escape for the urban white collar male The suggestion became more practical during the Great Depression and magazines pushed self sufficiency lifestyles By the 1970s the idea was reborn in newsletters and other media as a radical response to a damaged world allowing activists to promote the simple life as environmental gender and queer justice At the century s end a great variety of media promoted self sufficiency as the solution to a different set of problems from survival at the millennium to wanderlust of millennials Nevertheless these utopian narratives are written overwhelmingly for a particular audience one that is white male and white collar Padilla Carroll s archival research of the books newspapers magazines newsletters websites blogs and videos promoting the life of the agrarian smallholder illuminates how embedded race class gender and heteronormative dogmas in these texts reinforce dominant power ideologies and ignore the experiences of marginalized people Still Padilla Carroll also highlights how those left out have continued to demand inclusion by telling their own stories of self sufficiency rewriting and reimagining the movement to be collaborative inclusive and rooted in both human and ecological justice

*Hipbillies* Jared M. Phillips,2019-04-15 Counterculture flourished nationwide in the 1960s and 1970s and while the hippies of Haight Ashbury occupied the public eye a faction of back to the landers were quietly creating their own haven off the beaten path in the Arkansas Ozarks In Hipbillies Jared Phillips combines oral histories and archival resources to weave the story of the Ozarks and its population of country beatniks into the national narrative showing how the back to the landers engaged in deep revolution by sharing their ideas on rural development small farm economy and education with the locals and how they became a fascinating part of a traditional region s coming to terms with the modern world in the process

**Social Robotics and the Good Life** Toni Loh,Wulf Loh,2022-11-07 Robots as social companions in close proximity to humans have a strong potential of becoming more and more prevalent in the coming years especially in the realms of elder day care child rearing and education As human beings we have the fascinating ability to emotionally bond with various counterparts not exclusively with other human beings but also with animals plants and sometimes even objects Therefore we need to answer the fundamental ethical questions that concern human robot interactions per se and we need to address how

we conceive of good lives as more and more of the aspects of our daily lives will be interwoven with social robots

**Reinventing the Good Life** Jeannette Pols ,2023-12-04 Ever since Adam Smith s musings on the invisible hand became more famous than his work on moral sentiments social theorists have paid less attention to everyday ethics and aesthetics Smith s metaphor of the invisible hand posits that social outcomes emerge by dint of the behaviours of individuals rather than their intentions or virtues Modernist and scientific approaches to determining the common good or good forms of governance have increasingly relied on techniques of generalisation and rationalisation This shift has meant that we no longer comprehend why and how people display a deep concern for everyday life values in their social practices People continue to enact these values and live by them while academics lack the vocabulary and methods to grasp them By reconstructing the history of ideas about everyday life values and by analysing the role of such values in contemporary care practices for patients with chronic disease in the Netherlands Reinventing the Good Life explores new ways to study the values of everyday life particularly in situations where the achievement of a clear cut or uniform good is unlikely The book presents a practice based epistemology and methodology for studying everyday care practices and supporting their goodness This analytical approach ultimately aims to generate ideas that will allow us to relate in more

**A Spiritual Renegade's Guide to the Good Life** Lama Marut,2012-06-05 For Buddhists and non Buddhists alike a guide of insightful lessons meditations and exercises designed for happiness and the good life Incorporates Microsoft tags within each chapter to give the reader bonus video material as well as action plans designed for unpackaged happiness

**Continuing Your Professional Development in Lifelong Learning** Angela Steward,2010-06-01 New qualifications for those teaching and training in the FE sector became effective in September 2007 The reform of initial teacher training and the professionalisation of the workforce in the sector require a commitment to engage in continuing professional development The rationale for the book is contained in the argument that improvement of quality in teaching and learning in the sector is not achieved exclusively through short term external professional development and training activities Moreover it requires ongoing workplace learning which is long term in focus and practice orientated and work based In order to improve future practice it needs to be embedded in critical reflection and evaluation of workloads The purpose of the book is to introduce the notion that there is an opportunity for every teacher to develop their role through their workloads e g workloads are a vehicle for professional development Ways to achieve this are identified by exploring the practice of experienced and successful teachers The author then goes on to offer guidelines for promoting constructive practice which is using the outcomes of reflection in the workplace to achieve role development

**The Sociology of Adult & Continuing Education** Peter Jarvis,2012-04-23 This book provides a comprehensive sociological overview of adult and continuing education It draws on all branches of sociology rather than advocating one approach It examines the theories of all the significant sociological writers in the field such as Knowles Marx Freire and Gramsci and sets them in the broader intellectual context It also

considers the content of the curriculum in adult education and the place of adult education in society at large The author indicates the strengths and weaknesses of the different sociological perspectives and demonstrates how they can be used to analyse the function and purpose of adult and continuing education      *Social Media and the Good Life* Mark Y.

Herring,2015-06-29 Social media have accelerated communication expanded business horizons and connected millions of individuals who otherwise would never have met But not everything social media touch turns to gold much of it is brass Social networking sites are used by scammers criminals and sexual predators and many people now self diagnose illness based on misinformation shared online Businesses make great claims about social media as a marketing tool but few show any real returns We communicate through social media but are we really saying anything Is social media doomed to be a conduit of narcissism or can it become a channel for responsible communication Can social networking overcome its manifold violations of privacy Must we sacrifice our identities in order to tweet or friend our associates This book examines some of the legal and ethical issues surrounding social media their impact on civil discourse and their role in suicides murders and criminal enterprise      **Living Wisely and Well in the Evening of Life** Duncan S. Ferguson,2024-03-29

Living Wisely and Well in the Evening of Life addresses the increasing difficulty of those in our culture who are in the evening of life who must manage a rapidly changing society and a new world being born almost daily There are several dimensions of life which have become especially difficult for those in this position including loneliness the sense of being set aside in a changing culture the cost of medical care the deep conflicts in our political life and the increasing sense of not being able to cope Deep universal values articulated by the apostle Paul in his letter to the Corinthian church must be claimed and internalized Paul artfully guides those from this church in a complex setting by suggesting a more excellent way in which to live with complexity and challenge Then and now we need to cultivate a thoughtful and credible faith in our mature years second we must sustain the well founded hope rooted in our faith in a loving God especially necessary in the evening of life In keeping with the teaching of Jesus we should make unconditional love the central value in life It is possible to flourish in the evening of life undergirded by faith hope and love      **Can Death Be a Harm to the Person Who Dies?** J. Li,2013-03-14

It is with great pleasure that I write this preface for Or Li s book wh ich addresses the venerable and vexing issues surrounding the problem of whether death can be a harm to the person who dies This problem is an ancient one which was raised long ago by the early Greek philosopher Epicurus who notoriously argued that death is at no time a harm to its victim because before death there is no harm and after death there is no victim Epicurus s conclusion is conspicuously at odds with our prereflective and in most cases our post reflective intuitions and numerous strategies have therefore been proposed to refute or avoid the Epicurean conclusion that death cannot be an evil after all How then are we to account for our intuition that death is not just an evil but perhaps the worst evil that may befall us This is the key issue that Or Li addresses Or Li s book explores various alternative approaches to the complex and difficult issues surrounding Epicurus s notorious argument and provides a defence ofthe

intuitively plausible conclusion that death can indeed be a harm to the person who dies This challenge to Epicurus's claim that death is never a harm to the person who dies is developed by way of a detailed exploration of the issues raised not only by Epicurus but also by his many successors who have responded variously to the challenging issues which Epicurus raised

**New Pioneers** Jeffrey Jacob, 1997 Practically everyone I know is nursing fantasies about escaping the life they're trapped in and creating one that makes more sense writes the editor of Utne Reader in a recent issue The people I most admire though are those who actually do it who break free and pursue a higher calling no matter how great the risk *New Pioneers* is about one such group of people the hundreds of thousands of urban North Americans who over the past three decades have given up their city or suburban homes for a few acres of land in the countryside Jeffrey Jacob's *New Pioneers* are ordinary people who have tried to break away from the mainstream consumer culture and return to small town and rural America He traces the development of the movement and identifies seven different kinds of back to the lander the weekender country romantic purist country entrepreneur pensioner micro farmer and apprentice From over 1 300 survey responses interviews and in depth case studies at both the regional and national levels of representative back to the landers Jacob analyzes their values use of appropriate technology family division of labor on their acreages and predisposition toward environmental activism Jacob finds that back to the landers for the most part are not completely independent of the mainstream economy and consequently their lives do reflect the contradictions between the available conveniences of a high technology culture and the movement's goals of self-reliant labor He analyzes their ambivalent attitudes toward technology hoes and shovels versus mini hydroelectric systems wood stoves versus microwave ovens and so on After examining the experiences of the back to the country people who live on the margins of a postindustrial society Jacob creates a clearer appreciation of the preconditions necessary to translate the idea of sustainable living into concrete action on a society wide scale While *New Pioneers* describes an important social movement it also shows how far a group of highly motivated individuals and families can go by themselves in breaking away from the prevailing consumer culture The dilemmas frustrations adaptations and triumphs of these neo homesteaders offer valuable insights to anyone contemplating a move back to the land

**Happiness and the Good Life** Mike W. Martin, 2012-03 Philosopher Mike W. Martin here examines the meaning of happiness by connecting it to the philosophical notion of the good life *A Healing Journal Surviving Family IED Trauma* Mary K.E. Yee, 2022-11-28 This book was originally written several years ago and began only as an idea to write everything down that I knew about my life and family members My hope was that the thoughtfully written words might provide me with a clearer understanding of both myself and my family Since imminent explosive disorder or IED was not a term known in the 50s and 60s when I was growing up much of my family's behavior was misunderstood or not understood at all Throughout the journal different patterns of abusive behavior were not only revealed but some also as hereditary The journal took me down a picturesque winding road of self exploration while also creating a clearer understanding of my

actions and place in my family Suddenly the guilt confusion and personal pain evolved into a genuine understanding of not only myself but also my family Like so many other families my story reads like a Shakespearean tragedy Each actor played his assigned role while embroiled in all the emotions and drama of humanity The many poems of Meister Eckhart and the mystical life experiences in my life provided me with the empowerment to keep dreaming and trying to climb to a better place Recently after careful thought I decided to move my journal from its carefully hidden shelf and allow it to touch someone else My prayer is that they will also be helped      *And Jesus Spoke on Youtube* Frederick Douglas

Harper,2014-04-25 *And Jesus Spoke on YouTube* is a book of poetry and creative prose It continues author Harpers warnings and benevolent messages on themes of social justice peace love spirituality human nature relationships natural beauty holistic health climate change and the threat of premature human extinction Featured titles within the book include *And Jesus Spoke on YouTube* *Mandela Stop the Killing Black Man in a Red Shirt* and *Educating Our Children* *And Jesus Spoke on YouTube* the longest poem at 12 pages speaks to the true mission of Jesus as a teacher and healer and it reminds us to live a life based upon Jesuss teachings of love giving forgiveness tolerance and sacrifice for good cause      **Living, Dying,**

**Grieving** Dixie Dennis,2009 Taking a life education approach this resource offers helpful tips and techniques for mastering a fear of death suggests helpful ideas for taking care of the business of dying and encourages students to live longer by adding excitement into their lives      *Philosophical Foundations of Human Rights* Rowan Cruft,S. Matthew Liao,Massimo

Renzo,2015-04-30 What makes something a human right What is the relationship between the moral foundations of human rights and human rights law What are the difficulties of appealing to human rights This book offers the first comprehensive survey of current thinking on the philosophical foundations of human rights Divided into four parts this book focuses firstly on the moral grounds of human rights for example in our dignity agency interests or needs Secondly it looks at the implications that different moral perspectives on human rights bear for human rights law and politics Thirdly it discusses specific and topical human rights including freedom of expression and religion security health and more controversial rights such as a human right to subsistence The final part discusses nuanced critical and reformative views on human rights from feminist Kantian and relativist perspectives among others The essays represent new and canonical research by leading scholars in the field Each section is structured as a set of essays and replies offering a comprehensive analysis of different positions within the debate in question The introduction from the editors will guide researchers and students navigating the diversity of views on the philosophical foundations of human rights
