## **Contours Of Old Testament Theology:**

**Contours of Old Testament Theology** Bernhard W. Anderson, 2011-02-23 In this masterwork one of America's leading biblical scholars takes a fresh look at the theology of the Old Testament Anderson cuts his own path and provides us with creative new insights on all the major sections of the Old Testament He illuminates the nuances of the various covenants and theological shifts in a highly readable style His conversation partners include the formative contributors from both the Christian community Eichrodt von Rad Childs and the Jewish community Heschel Herberg Levenson while interacting with the most recent developments in the field especially Walter Brueggemann's *Theology of the Old Testament* **The Task of Old Testament Theology** Rolf P. Knierim, 1995 This prodigious work offers a broad selection of essays that present Knierim's distinct method for the discipline of Old Testament studies One subject deals with the implications of his method for New Testament studies **Contours of Old Testament theology** Bernhard W. ; Bishop Anderson (Steven), 1999 **The Book that Breathes New Life** Walter Brueggemann, 2005 NAME **Old Testament Theology** Ben C. Ollenburger, 2004 In this extensively revised and updated edition of *The Flowering of Old Testament Theology* Professor Ollenburger provides help for beginning theological students who are frequently overwhelmed by the proliferation of volumes dealing with Old Testament theology to say nothing of the variety of approaches used in these works This textbook has been reissued with a new title *Old Testament Theology Flowering and Future* Selected essays include key theological statements of Otto Eissfeldt Walther Eichrodt Theodor C. Vriezen George E. Wright Gerhard von Rad Walther Zimmerli John L. McKenzie Ronald E. Clements Walter C. Kaiser Jr. Samuel L. Terrien Claus Westermann Brevard S. Childs Rolf Knierim Horst D. Preuss Walter Brueggemann Paul R. House Bernhard W. Anderson Erhard S. Gerstenberger Hartmut Gese Phyllis Trible Jon D. Levenson John H. Sailhamer Gunther H. Wittenberg James Barr R. W. L. Moberly and Mark G. Brett An appendix contains Johann P. Gabler's 1787 seminal essay on biblical theology An extensive bibliography and indexes of authorities and Scripture references conclude the volume Publisher **Introducing Old Testament Theology** W. H. Jr. Bellinger, 2022-05-17 A senior scholar and teacher with four decades of classroom experience offers a concise student level theology of the entire Old Testament W. H. Bellinger Jr. uses ancient Israel's confession of faith the Psalms to introduce the sweep of Old Testament theology creation covenant and prophecy He shows how these three theological dimensions each entail a portrayal of God and invite a human response to God Bellinger also discusses how to appropriate Old Testament theology for contemporary life **Old Testament Theology: Israel's Gospel** John Goldingay, 2003 The first volume focuses on the story of God's dealings with Israel or Israel's gospel The second volume investigates the beliefs of Israel or Israel's faith In the third volume the attention is on the Old Testament's perspective on the life that Israel should live in its present and future including its worship prayer and spirituality as well as its practices attitudes and ethics before God FROM PUBLISHER DESCRIPTION OF VOL 3 **Biblical Theology** James K. Mead, 2007-01-01 In this the first overview of biblical theology in nearly thirty years James K. Mead addresses the core issues

of biblical theology essential to both Old Testament and New Testament study Can we draw theological principles from Scripture What methods will give useful results for theological exploration of biblical texts Aptly synthesizing classic and recent scholarship while asserting his own theological findings Mead provides an excellent overview of the history of biblical theology and a thorough examination of its basic issues methods and themes *A Theological Approach to the Old Testament* Leslie Tonkin Allen, 2014-09-26 The Old Testament has two great themes creation and covenant They embrace subthemes wisdom in the case of creation Israel's religion and the Davidic covenant under the general umbrella of covenant and internationalism which mostly develops the theme of covenant and partly the theme of creation These topics cluster around a common center Yahweh the God of the Old Testament This God is portrayed in different roles which have attached to them role expectations for both Yahweh and those with whom he assumes relationship Through contextual exegesis of key texts we come to understand these roles and associated themes While the Old Testament has its own distinctive contributions to make to divine revelation much of its material is reused in the New Testament to explain and validate the New Testament message By concentrating on the Old Testament we learn to appreciate the enormous debt the New Testament owes to the Old in clarifying New Testament theological and moral perspectives **God and World in the Old Testament** Prof. Terence E. Fretheim, 2010-08-01 Fretheim presents here the Old Testament view of the Creator God the created world and our role in creation Beginning with The Beginning he demonstrates that creation is open ended and connected Then from every part of the Old Testament Fretheim explores the fullness and richness of Israel's thought regarding creation from the dynamic created order to human sin from judgment and environmental devastation to salvation redemption and a new creation **God's Design, 4th Edition** Elmer Martens, 2015-11-11 How does one summarize the thirty nine books of the Old Testament How might one determine the message of the Old Testament with others This book attempts an answer to these questions The answer is taken from a single Scripture passage Exodus 5:22-6:8 which is here considered a theological Table of Contents for the Old Testament In addition to such topics as Deliverance Community and Experiencing God the book has an extended discussion on Land a subject which deals with a wide range of interests but which only rarely receives attention in books on biblical theology The current edition features reflections and a set of discussion questions following each of the seventeen chapters a boon for university and seminary teachers and students and of large help for church study groups **The Word Among Us** Terry L. Burden, 2022-07-19 The Word Among Us Theologies of the Hebrew Bible Old Testament is a topical approach to the study of the Judeo Christian Bible Each topic is a survey of the many theological themes we encounter in the Biblical narrative such as the theology of Biblical History Torah Moses Election Covenant Land Kingship Prophecy and many more Special topics include The Theology of the Fall of Israel Theology of Messianic Expectations and The Theology of Israel Of particular interest is The Theology of Story which introduces the story oriented literary discipline At the center of Biblical theology is the tragic fall of the Northern Kingdom of Israel in 722 B C E and the

Southern Kingdom of Judah in 586 B C E From these periods many of the theological motifs such as covenant law and prophecy arise to address and to explain these tragedies in Israelite history The primary purpose of the present study is a better understanding of the theological function of these motifs or themes A theological function is the power of a Biblical narrative to constitute and to restore the Israelite people who were struggling to survive the late period of Biblical history A special feature of my study are the several promptings from Biblical topics of the many discussions that relate to the New Testament and Christian teachings My approach to the study of the Hebrew Bible Old Testament is unique among other introductions to the Hebrew Bible This book therefore is very important to both the Jewish and the Christian reader     **Old Testament Theology** Robin Routledge,2020-05-21 Numerous useful books on Old Testament theology are now available However they often give too much information or too little Some can seem large and daunting to the ordinary student or pastor and because of their layout information may be hard to access Others take a more introductory approach and do not deal with many of the theological issues and questions that the Old Testament raises Robin Routledge s aim is to bridge this gap He provides a substantial overview of the central issues and themes in Old Testament theology in the main body of the text with more detailed discussion and references for further reading in the footnotes His purpose is to examine the theological significance of the various texts in their wider canonical context noting unity and coherence within the Old Testament and to some extent between the Old and New Testaments whilst also being aware of diversity A brief outline of the relationship between exegesis and biblical theology within the overall task of interpreting and applying biblical material is given in the first chapter His hope as a Christian minister is that while this volume has grown out of a teaching context and is intended for students it will also be of benefit to others who want to take the theological content of the Old Testament seriously and to apply its message to the life and ministry of the church today     **Handbook of Biblical Criticism** Richard N. Soulen,R. Kendall Soulen,2002-09 A thoroughly revised and comprehensive guide to basic terms and concepts used in Biblical criticism This title provides everything a student needs for a class in Biblical interpretation The new edition also includes a diagram of Biblical interpretation over forty five new articles an additional two hundred bibliographic entries to enhance study It is a reliable guide for modern critical study and a useful reference works for the student of scripture The coverage of this handbook is extremely broad and accurate for a one volume work     **Wisdom Literature** Leo G. Perdue,2007-01-01 The Old Testament s wisdom literature offers one of the most intriguing collections of biblical books Proverbs Job the Psalms about Torah and wisdom Ecclesiastes Qoheleth Ben Sira and the Wisdom of Solomon In this magisterial textbook preeminent wisdom scholar Leo G Perdue sets each book of wisdom in its historical context examining the conditions that produced the book and shaped its thinking This allows him to show how wisdom thought changed over time in response to shifting historical and social conditions In addition to analyzing the historical setting of wisdom Perdue discerns the theological themes and theological developments within this rich literature     **Out of the Depths** Bernhard W.

Anderson, Steven Bishop, 2000-01-01 In this revision of his classic text Bernhard Anderson takes into account recent developments in psalm study as well as advances in scholarship Still faithful to his earlier commitment to form critical approach Anderson revises every chapter and adds three new ones on the style and poetry of the psalms on the penitential psalms and on reading the book of psalms as a whole *Old Testament Theology* John Goldingay, 2010-02-08 In the first volume of his three volume Old Testament theology John Goldingay is closely attentive to the First Testament's narrative plot motifs tensions and subtleties Telling the story of Israel's gospel as a series of divine acts he gives readers fresh and challenging perspectives on God and God's ways with Israel and the world *Ichabod Toward Home* Walter Brueggemann, 2005-10-01 In today's confused and confusing world it is good to be shown once more that God is never absent That is the heartening message of Ichabod toward Home In this volume one of today's most respected biblical scholars explores the nature of God's glory using the engaging story of the ark of the covenant to illuminate the meaning of God's presence not only for the ancient Israelites but for the whole world Offering a unique entry into Old Testament theology Walter Brueggemann examines 1 Samuel 4-6 the biblical text in which the ark of God is captured by the Philistines seen to be a dangerous threat and finally returned to Israel In looking anew at what this story reveals about God's glory or kabod from which the name Ichabod derives Brueggemann builds a powerful new theology of God's sovereignty Additionally Brueggemann demonstrates that this ancient story of the ark has profound relevance today The three day story of the ark's capture detention and return is transposed first into the three day Christian story of Easter and second into the three days of the modern consumer weekend In a provocative contemporary application of Old Testament theology Brueggemann shows that the Ark narrative in its rendering of God's glory strongly contradicts the dominant narrative of our own culture with its strident emphasis on self indulgence narcissism and self sufficiency *Understanding Old Testament Theology* Brittany Kim, Charlie Trimm, 2020-12-22 The discipline of Old Testament theology seeks to provide us with a picture of YHWH and his relationship to the world as described in the Old Testament But within this discipline there are many disagreements about the key issues and methodologies Is the Old Testament unified in some way Should the context of the theologian play a role in interpretation Should Old Testament theology merely describe what ancient Israel believed or should it offer guidance for the church today What is the relationship between history and theology All these considerations and more result in so many different kinds of Old Testament theologies and so many publications that it's difficult for students pastors and laity to productively study this already complex field In *Understanding Old Testament Theology* professors Brittany Kim and Charlie Trimm provide an overview of the contemporary approaches to Old Testament theology In three main sections they explore various approaches Part I examines approaches that ground Old Testament theology in history Part II surveys approaches that foreground Old Testament themes Part III considers approaches that highlight different contexts for doing Old Testament theology Each main chapter describes both common features of the approach and points of tension and then

offers a test case illuminating how it has been applied to the book of Exodus Through reading this book you ll hopefully come to see the Old Testament in a fresh light as something that s alive and active continually drawing us into deeper encounters with the living God     The Social Meanings of Sacrifice in the Hebrew Bible David Janzen,2012-08-09 This work uses anthropological theory and field studies to investigate the social function and meaning of sacrifice All rituals including sacrifice communicate social beliefs and morality but these cannot be determined outside of a study of the social context Thus there is no single explanation for sacrifice such as those advanced by Ren Girard or Walter Burkert or late 19th and early 20th century scholars The book then examines four different writings in the Hebrew Bible the Priestly Writing the Deuteronomistic History Ezra Nehemiah and Chronicles to demonstrate how different social origins result in different social meanings of sacrifice
