Contract Bridge For Beginners And Intermediate Players:

Contract Bridge for Beginners and Intermediate Players Alan Truscott,1993 Takes the bridge player through the elements of bidding play and defense **Enjoy Beginning Bridge** The Recent Beginner,2009-09 This book is unique in three ways First it recognizes that bridge is a social game requiring two sets of partners Since partners need to signal what they hold in their hand it is necessary for them to establish an agreement as to what they will do in certain situations This agreement is achieved by holding a conversation with your partner Most bridge books only go that far on this subject This book presents a virtual conversation between two people who have never met and they are telling each other what they know and what they do not know This conversation is the glue that keeps them together Secondly the book recognizes that there are 4 players involved and that each player has a different role depending on which seat they occupy For example the First Seat always opens the bidding Each seat has a chapter dedicated to that role Finally everything up to the play of the tricks is foreplay This book shows 13 full deals that include the play of 13 tricks in each full deal including a strategy analysis section and a lessons learned Contract Bridge Alan F.
