Dobb, Ernst Nordtveit**

Contract Greens Concise Scots Law:

Contract Stephen Woolman, Jonathan Lake, 2010-08-01 This text is an account of the core principles of Scots contract law This work should be suitable for both students and practitioners **Contract** Stephen Woolman, 1994-01-01 *Contract* Stephen Woolman, Jonathan Lake, 2001 This is the third edition of an ever popular book with both practitioners and students Wholly updated it provides a clear and readable account of the core principles of contract law Part of the Scots Concise Scots Law series it should be ideal for practitioners and students alike The External World and Our Knowledge of It Fred Wilson, 2008-10-25 David Hume is often considered to have been a sceptic particularly in his conception of the individual's knowledge of the external world However a closer examination of his works gives a much different impression of this aspect of Hume's philosophy one that is due for a thorough scholarly analysis This study argues that Hume was in fact a critical realist in the early twentieth century sense a period in which the term was used to describe the epistemological and ontological theories of such philosophers as Roy Wood Sellars and Bertrand Russell Carefully situating Hume in his historical context that is relative to Aristotelian and rationalist traditions Fred Wilson makes important and unique insights into Humean philosophy Analyzing key sections of the Treatise the Enquiry and the Dialogues concerning Natural Religion Wilson offers a deeper understanding of Hume by taking into account the philosopher's theories of the external world Such a reading the author explains is not only more faithful to the texts but also reinforces the view of Hume as a critical realist in light of twentieth century discussions between externalism and internalism and between coherentists and foundationalists Complete with original observations and ideas this study is sure to generate debates about Humean philosophy critical realism and the limits of perceptual knowledge **The Journal of the Law Society of Scotland**, 1998 *Green's Encyclopaedia of the Law of Scotland* John Chisholm, 1896 **The Nature and Enforcement of Choice of Court Agreements** Mukarrum Ahmed, 2017-10-05 PRAISE FOR THE BOOK This constitutes a work of impressive scholarship that will become a major reference point for future discourse on choice of court agreements Dr Ahmed advances a firm thesis in a lucid manner that will satisfy both academics and practitioners The discussion is supported by a monumental foundation of underpinning research Ahmed's monograph throughout shows clear understanding of underlying substantive laws and in Chapter 11 displays a refreshing willingness to engage in intelligent speculation on the implications of Brexit Professor David Milman University of Lancaster The book is an excellent attempt to understand the theoretical underpinnings of choice of court agreements in private international law Anyone with an interest in the theory and practice of choice of court agreements in particular in mechanisms for their enforcement should read this book They will find much of value by doing so Professor Paul Beaumont University of Aberdeen from the Series Editor's Preface This book examines the fundamental juridical nature classification and enforcement of choice of court agreements in international commercial litigation It is the first full length attempt to integrate the comparative and doctrinal analysis of choice of court agreements under the Brussels

I Recast Regulation the Hague Convention on Choice of Court Agreements Hague Convention and the English common law jurisdictional regime into a theoretical framework In this regard the book analyses the impact of a multilateral and regulatory conception of private international law on the private law enforcement of choice of court agreements before the English courts In the process it both pre empts and offers innovative solutions to issues that may arise under the jurisprudence of the emergent Brussels I Recast Regulation and the Hague Convention The need to understand the nature and enforcement of choice of court agreements before the English courts from the perspective of the EU private international law regime and the Hague Convention cannot be understated This important new study aims to fill an existing gap in the literature in relation to an account of choice of court agreements which explores and reconnects arguments drawn from international legal theory with legal practice However the scope of the work remains most relevant for cross border commercial lawyers interested in crafting pragmatic solutions to the conflicts of jurisdictions

Greens Concise Scots Law ,19?? **Wharton's concise dictionary** Ar Lakshmanan, John Jane Smith Wharton,2009 Architect's Legal Handbook Anthony Speaight,2010-05-14 Architect s Legal Handbook is the most widely used reference on the law for architects in practice and the established leading textbook on law for architectural students The ninth edition includes all the latest development in the law that affect an architect s work and comprehensive coverage of relevant UK law topics Most significantly the chapter on the JCT contracts has been completely revised to cover the 2005 update Contributions by the foremost legal and architectural experts in the UK Full coverage of the JCT 2005 update New chapter on procurement Selected bibliography provides useful references to further reading Tables of Cases Statutes and Statutory Instruments provide full referencing for cited cases Architect s Legal Handbook is the essential legal reference work for all architects and students of architecture Town and Country Planning in the UK J. B. Cullingworth,Vincent Nadin,2002 This thirteenth edition has been completely revised to take into account all the changes that have occurred in British planning including the policies introduced by the Labour government devolution innovations and the European Union **Town and Country Planning in the UK** Barry Cullingworth,Vincent Nadin,2003-09-02 Town and Country Planning in the UK has become the Bible of British planning In this new edition detailed consideration is given to the nature of planning and its historical evolution central and local government the EU and other agencies the framework of plans and other instruments development control land policy and planning gain environmental and countryside planning sustainable development waste and pollution heritage and transport planning urban policies and regeneration This twelfth edition has been completely revised and expanded to cover the whole of the UK The new edition explains more fully the planning policies and actions of the European Union and takes into account the implications of local government reorganization the plan led system and the growing interest in promoting sustainable development *Big Data, Databases and "Ownership" Rights in the Cloud* Marcelo Corrales Compagnucci,2019-11-02 Two of the most important developments of this new century are the emergence of cloud computing and big data However the

uncertainties surrounding the failure of cloud service providers to clearly assert ownership rights over data and databases during cloud computing transactions and big data services have been perceived as imposing legal risks and transaction costs. This lack of clear ownership rights is also seen as slowing down the capacity of the Internet market to thrive. Click through agreements drafted on a take it or leave it basis govern the current state of the art and they do not allow much room for negotiation. The novel contribution of this book proffers a new contractual model advocating the extension of the negotiation capabilities of cloud customers thus enabling an automated and machine readable framework orchestrated by a cloud broker. Cloud computing and big data are constantly evolving and transforming into new paradigms where cloud brokers are predicted to play a vital role as innovation intermediaries adding extra value to the entire life cycle. This evolution will alleviate the legal uncertainties in society by means of embedding legal requirements in the user interface and related computer systems or its code. This book situates the theories of law and economics and behavioral law and economics in the context of cloud computing and takes database rights and ownership rights of data as prime examples to represent the problem of collecting outsourcing and sharing data and databases on a global scale. It does this by highlighting the legal constraints concerning ownership rights of data and databases and proposes finding a solution outside the boundaries and limitations of the law. By allowing cloud brokers to establish themselves in the market as entities coordinating and actively engaging in the negotiation of service level agreements SLAs individual customers as well as small and medium sized enterprises could efficiently and effortlessly choose a cloud provider that best suits their needs. This approach which the author calls plan like architectures endeavors to create a more trustworthy cloud computing environment and to yield radical new results for the development of the cloud computing and big data markets.

Elgar Concise Encyclopedia of Oil and Gas Law Tina Soliman Hunter, Angela Dobb, Ernst Nordtveit, 2024-11-08 The Elgar Concise Encyclopedia of Oil and Gas Law provides a comprehensive overview of the engineering and geological aspects of oil and gas activities placed within their legal context as well as legal aspects of these activities. It focuses on exploration for and production of oil and gas incorporating experience based knowledge and the application of the law to technical issues.

Law Books Published 1993 Suppl, 1994

A Concise, Practical Abridgment of the Common and Statute Law ... Second Edition, Remodelled, and Nearly Re-written. By C. Petersdorff, Assisted by C. W. Wood, and W. Marshall Charles Erdman PETERSDORFF, 1861

Feminist Perspectives on Equity and Trusts Susan Scott-Hunt, Hilary Lim, 2013-06-17 Previous collections of essays on equity and trusts law have focused on doctrinal issues only occasionally giving a policy gloss or suggestion of social context and impact. Although a critical approach can be glimpsed in journal articles and student texts this collection of essays draws together both feminist and critical material. It is unique in being written by feminists in dealing with equity and trusts as a whole and in being written in the critical tradition.

Passions, Promises and Punishment Páll S. Ardal, 1998
