Contrasts of Form

Geometric Abstract Art 1910–1980

From the Collection of The Museum of Modern Art
Including the Riklis Collection of McCrory Corporation

Magdalena Dabrowski

Introduction by **John Elderfield**

Celebrating an extraordinary gift to The Museum of Modern Art—the 249 works of geometric abstract art which constitute the Riklis Collection of McCrory Corporation—this book presents selections from that gift in the context of key works chosen from the Museum's other holdings in the same area, thus providing an overview of one of the most important and influential movements in modern art.

Contrasts In Modern Writers 1st Edition

Bart Eeckhout

Contrasts In Modern Writers 1st Edition:

Spanish-English Contrasts Melvin Stanley Whitley, 2002 An invaluable text in language and linguistics because it has a unique scope a one volume description of the Spanish language and its differences from English and ranges from pronunciation and grammar to word meaning language use and social and dialectical variation Designed for survey courses in Spanish linguistics with technical concepts explained in context for beginners in the field Spanish English Contrasts brings out the ways in which insights into the two languages have evolved as scholars have built on the work and research of others in the field A bilingual glossary of linguistic terms is provided to facilitate discussion in either language This second edition is thoroughly updated to incorporate insights and issues that have come to the fore from the explosion of research in the past twenty five years in all of the areas covered by the book It includes an expanded bibliography and index and adds new exercises for student application and class discussion Its approach remains broadly based however in order to accommodate a range of areas and data rather than focusing narrowly on one single theory or research area and it continues to emphasize implications for language teaching translation and other practical applications

India: A Civilization of Differences Alain Daniélou, 2005-07-05 In India the caste system is a natural organizing principle wherein differences are embraced rather than ignored Daniélou explores this seldom heard side of the caste debate and argues effectively in its favor This rare collection of the late author's writings contains previously unpublished articles and examines the structure of Indian society before and after Western colonialism

Wallace Stevens and the Limits of Reading and Writing Bart Eeckhout, 2002 Often considered America's greatest twentieth century poet Wallace Stevens is without a doubt the Anglo modernist poet whose work has been most scrutinized from a philosophical perspective Wallace Stevens and the Limits of Reading and Writing both synthesizes and extends the critical understanding of Stevens's poetry in this respect Arguing that a concern with the establishment and transgression of limits goes to the heart of this poet's work Bart Eeckhout traces both the limits of Stevens's poetry and the limits of writing as they are explored by that poetry Stevens's work has been interpreted so variously and contradictorily that critics must first address the question of limits to the poetry's signifying potential before they can attempt to deepen our appreciation of it In the first half of this book the limits of appropriating and contextualizing Stevens's *The Snow Man* in particular are investigated Eeckhout does not undertake this reading with the negative purpose of disputing earlier interpretations but with the more positive intention of identifying the intrinsic qualities of the poetry that have been responsible for the remarkable amount of critical attention it has received

Differences Between Bible Versions: Third Edition Gary F. Zeolla, 2012-04-18 This book answers such questions as Why do Bible versions differ Why does the same verse read

differently in different versions Why do some versions contain words phrases and even entire verses that other versions omit Which Bible versions are most reliable This book contains extensive discussions on why the author believes either a literal or a formal equivalence word for word translation principle is the best method to use for translating the Bible These principles of translating are contrasted with the dynamic equivalence phrase for phrase and paraphrase methods seen in many modern Bible versions This book includes detailed discussions on why the author believes the Majority Text is the most accurate of the three Greek texts used in Bible translation This book also contains an extended section critiquing the claims of KJV onlyists In addressing these various issues Differences Between Bible Versions compares forty different versions of the Bible

The Chicago Guide to Writing about Multivariate Analysis, Second Edition Jane E. Miller, 2013-09-26 Many different people from social scientists to government agencies to business professionals depend on the results of multivariate models to inform their decisions Researchers use these advanced statistical techniques to analyze relationships among multiple variables such as how exercise and weight relate to the risk of heart disease or how unemployment and interest rates affect economic growth Yet despite the widespread need to plainly and effectively explain the results of multivariate analyses to varied audiences few are properly taught this critical skill The Chicago Guide to Writing about Multivariate Analysis is the book researchers turn to when looking for guidance on how to clearly present statistical results and break through the jargon that often clouds writing about applications of statistical analysis This new edition features even more topics and real world examples making it the must have resource for anyone who needs to communicate complex research results For this second edition Jane E Miller includes four new chapters that cover writing about interactions writing about event history analysis writing about multilevel models and the Goldilocks principle for choosing the right size contrast for interpreting results for different variables In addition she has updated or added numerous examples while retaining her clear voice and focus on writers thinking critically about their intended audience and objective Online podcasts templates and an updated study guide will help readers apply skills from the book to their own projects and courses This continues to be the only book that brings together all of the steps involved in communicating findings based on multivariate analysis finding data creating variables estimating statistical models calculating overall effects organizing ideas designing tables and charts and writing prose in a single volume When aligned with Miller's twelve fundamental principles for quantitative writing this approach will empower readers whether students or experienced researchers to communicate their findings clearly and effectively

[Piranesi and the Modern Age](#) Victor Plahte Tschudi, 2022-11-01 The complex appropriation of Piranesi by modern literature photography art film and architecture The etchings of the Italian printmaker architect and antiquarian Giovanni Battista Piranesi 1720-78 have long mesmerized viewers But as Victor Plahte Tschudi shows artists and writers of the modern era found in these works Piranesi's

visions of contradictory space endless vistas and self-perpetuating architecture a formulation of the modern In Piranesi and the Modern Age Tschudi explores the complex appropriation and continual rediscoveries of Piranesi by modern literature photography art film and architecture Tracing the ways that the modern age constructed itself and its origin through Piranesi across genres he shows for example how Piranesi's work formulates the ideas of contrast in photography abstraction in painting and montage in cinema Piranesi's modern-day comeback Tschudi argues relied on new dimensions found within his work that inspired attempts to inscribe within them a world that was very modern For more than a century these interpretations have helped legitimize new forms theories technologies and movements Tschudi examines among other things how Piranesi's disturbing prison interiors the Carceri became modern metaphors for the mind how Alfred H. Barr and the Museum of Modern Art made the case for Piranesi's alleged abstraction in the 1930s and how Sergei Eisenstein reinvented Piranesi as a progenitor of his own innovative filmmaking techniques Tschudi's exploration of Piranesi's influence on modern architectural discourse includes interviews with such distinguished architects as Peter Eisenman Bernard Tschumi Steven Holl and Rem Koolhaas Generously illustrated Piranesi and the Modern Age offers an entirely new reading of Piranesi's work Contrasting Communities Margaret Spufford, 1974 A study of three Cambridgeshire villages **Sixteen Modern American Authors** Jackson R.
