The Social Evolution of Indonesia F. Tichelman,2012-12-06 At a fairly early stage of socialism s penetration into the Afro Asian world a handful of European social democrats established an Indian Social Democratic Association ISDV They did so in a country Indonesia that was economically little developed and far away from any of the centres of European socialism and Asiatic radical national ism The ISDV was soon able to bring its influence to bear on sec tions of the urban proletariat and to build up an Indonesian revol utionary movement This occurred in sharp competition with a nascent nationalist leadership and then without the usual inter mediary role played by radicalizing groups of native intelligentsia In this way Dutch social democrats laid the foundations for one of the first communist parties in Asia and Africa a party which was des tined to become one of the few communist mass parties of the Third World However in contrast to the major communist movements of China Vietnam this Indonesian party was to demonstrate a basic weakness successive and catastrophic defeats If we leave out Japan the only non Western country where a capi talist industrial revolution occurred we see that foreign and particu larly Western minorities frequently did play a dominant role in the initial and formative phases of the socialist and workers movements of the Afro Asiatic world *Excerpta Indonesica* ,1976 **Periodicals for South-East Asian Studies** South-East Asia Library Group,1979 **Divine Passions** Owen M. Lynch,2023-07-28 Naked holy men denying sexuality and feeling elderly people basking in the warmth and security provided by devoted and attentive family members fastidious priests concerned solely with rules of purity and the minutiae of ritual practice puritanical moralists concealing women and sexuality behind purdah s veils these are familiar Western stereotypes of India The essays in Divine Passions however paint other more colorful and emotionally alive pictures of India ecstatic religious devotees rolling in temple dust gray haired elders worrying about neglect and mistreatment by family members priests pursuing a lusty carefree ideal of the good life and jokers reviling one another with bawdy sexual insults at marriages Drawing on rich ethnographic data from emotion charged scenarios these essays question Western academic theories of emotion particularly those that reduce emotions to physiological sensations or to an individual s private feelings Presenting an alternative view of emotions as culturally constructed and morally evaluative concepts grounded in the bodily self the contributors to Divine Passions help dispel some

of the West's persistent misconceptions of Indian emotional experience Moreover the edition as a whole argues for a new and different understanding of India based on field research and an understanding of the devotional bhakti tradition This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **Aryan and Non-Aryan in India** Madhav Deshpande, Peter Hook, Peter Edwin

Hook, 1979-01-01 The history and mechanisms of the convergence of ancient Aryan and non Aryan cultures has been a subject of continuing fascination in many fields of Indology The contributions to Aryan and Non Aryan in India are the fruit of a conference on that topic held in December 1976 at the University of Michigan Ann Arbor under the auspices of the Center for South and Southeast Asian Studies The express object of the conference was to examine the latest findings from a variety of disciplines as they relate to the formation and integration of a unified Indian culture from many disparate cultural and ethnic elements Contributions to Southeast Asian Ethnography , 1987 **Bodhisattva Doctrine in Buddhism** Leslie

Kawamura, 2010-10-30 Har Dayal's The Bodhisattva Doctrine in Buddhist Sanskrit Literature published in 1931 was the first extensive study in English of the Bodhisattva doctrine Dayal discussed the Bodhisattva doctrine as it was expounded in the Buddhist Sanskrit texts and it remains a question whether anything more can be added to his excellent study However no other book on the doctrine has appeared in English subsequent to Dayal's study and Buddhist scholarship having expanded beyond the boundaries of the Sanskrit language must now take into account information found not only in the Sanskrit language but also in other languages fundamental to Buddhist studies In order to investigate what current research in Sanskrit Tibetan Chinese and Japanese materials could contribute to the study of the Bodhisattva doctrine the Department of Religious Studies at the University of Calgary planned a conference around the theme of the Bodhisattva The papers presented in this volume were first read and discussed at the conference **Foreign Affairs Research Papers Available**
