Country Of Old Men The Last Dave Brandstetter Mystery:

A Country of Old Men Joseph Hansen, 1991 For the sake of a frightened child Dave Brandstetter takes on his very last case In his decades as an insurance investigator Dave Brandstetter has never shied away from violence and he's had more than his share of close calls Time is catching up with him his body is slowing down and his wit is not as sharp as it used to be But he will forego retirement once more for the sake of a puzzle no detective could resist Walking on the beach a friend finds a bedraggled child who claims he has witnessed a murder The victim is a drug addicted pop star and the obvious suspect is the dead man's ex girlfriend a junkie whom the child saw standing over the body gun in hand In the final installment of Joseph Hansen's groundbreaking series Dave looks for justice once more hoping that he will also find a lasting measure of peace A Country of Old Men is book twelve in the Dave Brandstetter Mystery series which also includes Troublemaker and The Man Everybody Was Afraid Of *Whodunit?* Rosemary Herbert, 2003 A mystery expert investigates how the giants of the genre pull off all those crimes and keep the twists coming page after page then shows readers how they can do it too

AIDS Narratives Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it A Country of Old Men Joseph Hansen, 2014-11-20 After forty years Hammett has a worthy successor The Times Dave Brandstetter stands alongside Philip Marlowe Sam Spade and Lew Archer as one of the best fictional PIs in the business Like them he was tough determined and ruthless when the case demanded it Unlike them he was gay Joseph Hansen's groundbreaking novels follow Brandstetter as he investigates cases in which motives are murky passions run high and nothing is ever as simple as it looks Set in 1970s and 80s California the series is a fascinating portrait of a time and a place with mysteries to match Chandler and Macdonald After twenty one years as an investigator Dave is finally planning to retire But first he is drawn into one final case a tale of kidnapping and murder told by an abandoned boy With the police unconvinced by the child's testimony Dave must unravel a sordid story of drugs jealousy and fraud before he can rest at last Sequels Janet G.
