Authentic Tuscany Touring club italiano,2005 Stream System Gerald Murnane,2018-04-03 Stories from a mind bending Australian master a genius on the level of Beckett Teju Cole Never before available to readers in this hemisphere these stories originally published from 1985 to 2012 offer an irresistible compendium of the work of one of contemporary fiction s greatest magicians While the Australian master Gerald Murnane s reputation rests largely on his longer works of fiction his short stories stand among the most brilliant and idiosyncratic uses of the form since Borges Beckett and Nabokov Brutal comic obscene and crystalline Stream System runs from the haunting Land Deal which imagines the colonization of Australia and the ultimate vengeance of its indigenous people as a series of nested dreams to Finger Web which tells a quietly terrifying fractal tale of the scars of war and the roots of misogyny to The Interior of Gaaldine which finds its anxious protagonist stranded beyond the limits of fiction itself No one else writes like Murnane and there are few other authors alive still capable of changing how and why we read **The Making of Sheffield** Melvyn Jones,2004-09-30 Covering thousands of years and a multitude of topics the book tells the story of the development from a group of small agricultural settlements into a town and then a modern city It covers success disappointments miserable periods and glorious episodes that have marked the city s evolution **A Country Pillow Book** David Kavanagh,2006-09 A unique six year compilation of British rural news interspersed with the author s own observations on birds mammals fish and aspects of Britain s countryside today Most rural subjects are covered in a comprehensive snapshot of country life at the start of the new Millennium From December 1999 to February 2006 scores of different issues are compressed into hundreds of bite sized easily digested articles From angling to animal rights campaigns foxhunting to farming game shooting to wildlife conservation a diverse collection of views comment and advice is presented The batty and the bizarre also get a look in as do the controversial and the downright crazy With its packed pages A Country Pillow Book could become a bedside companion for the rural researcher or a useful tool for the country loving insomniac *Country Living* ,2005 *Catalog of Copyright Entries* Library of Congress. never declared as much openly One of the consequences was that he began to manifest an impressive range of possibilities that are generally referred to as paranormal clairvoyance telepathy precognition bilocation levitation telekinesis and many more This anthology collects all of the anecdotes recounted over more than 60 years from numerous witnesses including famous personalities from the Italian and international cultural scene According to Rol in the future science will be capable of explaining these phenomena

Documenting Individual Identity Jane Caplan, John Torpey, 2018-06-05 This book addresses one of the least studied yet most pervasive aspects of modern life the techniques and mechanisms by which official agencies certify individual identity From passports and identity cards to labor registration and alien documentation from fingerprinting to much debated contemporary issues such as DNA typing body surveillance and the catastrophic results of colonial era identity documentation in postcolonial Rwanda Documenting Individual Identity offers the most comprehensive historical overview of this fascinating topic ever published The nineteen essays in this volume represent the collaborative effort of historians sociologists historians of science political scientists economists and specialists in international relations Together they cover a period from the emergence of systematic practices of written identification in early modern Europe through to the present day and a geographic range that includes Europe the Soviet Union North and South America and Africa While the book is attuned to the nefarious possibilities of states increasing capacity to identify individuals it recognizes that these same techniques also certify citizens eligibility for significant positive rights such as welfare benefits and voting Unprecedented in subject and scope Documenting Individual Identity promises to shape a whole new field of research that crosses disciplinary boundaries and is of broad public and academic significance In addition to the editors the contributors are Valentin Groebner G rard Noiriel Charles Steinwedel Marc Garcelon Jon Agar Martine Kaluszynski Peter Becker Anne Joseph Kristin Ruggiero Andrea Geselle Andreas Fahrmeier Leo Lucassen Pamela Sankar David Lyon Gary Marx Dita Vogel and Timothy Longman
