The Sidney Kimmel Comprehensive Cancer Center at Johns Hopkins Manual of Cancer Nursing Brenda Kurtz Shelton,Constance R. Ziegfeld,MiKaela M. Olsen,2004 This handbook gives practicing nurses a comprehensive easily accessible reference on cancer pathophysiology treatment modalities types of cancer disease and treatment related complications and oncologic emergencies Written by nurses at one of the world's leading cancer centers the book presents state of the art practical information on patient management in an outline format that is quick and easy to use It offers advice on caring for patients with the full range of cancer diagnoses in medical surgical primary care and home care settings and addresses the nursing issues associated with all current treatment modalities including biological therapies and complementary and alternative therapies **American Cancer Society's Guide to Pain Control** American Cancer Society,2004 Offers cancer patients and their family members an overview of the many pain relief options they might have with tips for achieving optimal pain control while minimizing the possible side effects of pain medications **Cancer Nursing** Jessica Corner,Christopher D. Bailey,2009-03-16 The needs of cancer patients and their families are complex Yet still

more complex are the powerful social and cultural forces that shape the delivery of cancer care and the way in which it experienced Cancer Nursing Care in Context addresses this by adopting a unique approach that situates cancer care in the context of society's attitudes to the disease and the broader everyday needs of both patients and their carers. By combining evidenced based information a critical view of care and treatment and first hand accounts of having cancer and caring for people with cancer the book provides a new perspective how best to deliver the care that patients truly require. This second edition includes new chapters on prevention diagnosis symptoms self help and self management and living with cancer long term. It also addresses significant changes in cancer care including expansion of nursing roles the establishment of cancer networks and cancer collaborative projects. Considers NICE guidance on Supportive and Palliative care. Incorporates material on prevention and early detection. Includes evidence tables based on relevant literature. Cancer Nursing Care in Context is an invaluable resource for all those involved in the provision of cancer care and support to patients and their families.

After Breast Cancer Hester Hill Schnipper, LICSW, 2008-11-26 As women quickly discover their life when treatment ends is very different from what it was before their diagnosis. Often exhausted anxious and emotionally volatile they are beset by physical discomforts fearful of intimacy afraid for their children worried about recurrence.
