Dave Cornell,2018-08-27 Courage is a word that is often reserved for soldiers or police officers or firefighters Yet nearly every day in both our personal and professional lives we have the opportunity to face our fears and do something courageous Whether it be standing up as the lone voice of dissent in a meeting or talking with your neighbor about the deposits his dog leaves on your lawn the opportunity for courage is often there Cultivate Courage is an inspirational look at how fear and courage impact us in our lives more often than we realize or care to admit Often we default to fear because it is the easy way out Acknowledging our fear is the first step to leading a life of courage Acknowledging our fear is the first step in reaching our goals and dreams Acknowledging our fear is the first step to becoming courageous Steps 2 and 3 to leading your life with more courage are also outlined in the book Each step is simple and actionable immediately This isn't a book about becoming fearless Rather it's a book about facing your fears head on It's about you being in control of your fears rather than your fears being in control of you If you're tired of being a spectator in the game of life then this book will help you to cultivate the courage you need to be your best self Lao Tzu the Chinese philosopher said many years ago The journey of a thousand miles begins with a single step Are you ready to step out of your fear and into your courage **An American Bible** Alice Hubbard,1946
