**Cousins of a Kind** Sheila Walsh, 1985      **Ethnic Literatures and Transnationalism** Aparajita Nanda, 2014-11-13 As new comparative perspectives on race and ethnicity open up scholars are identifying and exploring fresh topics and questions in an effort to reconceptualize ethnic studies and draw attention to nation based approaches that may have previously been ignored This volume by recognizing the complexity of cultural production in both its diasporic and national contexts seeks a nuanced critical approach in order to look ahead to the future of transnational literary studies The majority of the chapters written by literary and ethnic studies scholars analyze ethnic literatures of the United States which given the nation s history of slavery and immigration form an integral part of mainstream American literature today While the primary focus is literary the chapters analyze their specific topics from perspectives drawn from several disciplines including cultural studies and history This book is an exciting and insightful resource for scholars with interests in transnationalism American literature and ethnic studies      **Matrices and Society** Ian Bradley, Ronald L. Meek, 2014-07-14 Matrices offer some of the most powerful techniques in modern mathematics In the social sciences they provide fresh insights into an astonishing variety of topics Dominance matrices can show how power struggles in offices or committees develop Markov chains predict how fast news or gossip will spread in a village permutation matrices illuminate kinship structures in tribal societies All these invaluable techniques and many more are explained clearly and simply in this wide ranging book Originally published in 1986 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      **Landscape Traveled by Coyote and Crane** Rodney Frey, Ernie Stensgar, 2012-03-15 Anthropologist Rodney Frey culminates a decade of work with the Schitsu umsh the Coeur d Alene Indians of Idaho in this portrait of the unique bonds between a people and the landscape of their traditional homeland The result of an intensive collaboration between investigator and Native people the book includes many traditional stories that invite the reader s participation in the world of the Schitsu umsh The Schitsu umsh landscape of lake and mountains is described with a richness that emphasizes its essential material and spiritual qualities The historical trauma of the Schitsu umsh stemming from their nineteenth century contacts with Euro American culture is given dramatic weight Nonetheless examples of adaptation and continuity in traditional cultural expression rather than destruction and discontinuity are the most conspicuous features of this vivid ethnographic portrait Drawing on pivotal oral traditions Frey mirrors the Schitsu umsh world view in his organization and presentation of ethnographic material He uses first person accounts by his Native consultants to convey crucial cultural perspectives and practices Because of its unusual methodology Landscape Traveled by

Coyote and Crane is likely to become a model for future work with Native American peoples within the Plateau region and beyond

Edward Bouverie Pusey,1849      *Carving Nature at Its Joints* Joseph Keim Campbell,Michael O'Rourke,Matthew H. Slater,2011

Reflections on the metaphysics and epistemology of classification from a distinguished group of philosophers Contemporary discussions of the success of science often invoke an ancient metaphor from Plato's Phaedrus successful theories should carve nature at its joints But is nature really jointed Are there natural kinds of things around which our theories cut The essays in this volume offer reflections by a distinguished group of philosophers on a series of intertwined issues in the metaphysics and epistemology of classification The contributors consider such topics as the relevance of natural kinds in inductive inference the role of natural kinds in natural laws the nature of fundamental properties the naturalness of boundaries the metaphysics and epistemology of biological kinds and the relevance of biological kinds to certain questions in ethics *Carving Nature at Its Joints* offers both breadth and thematic unity providing a sampling of state of the art work in contemporary analytic philosophy that will be of interest to a wide audience of scholars and students concerned with classification

*Marriage with a Deceased Wife's Sister prohibited by Holy Scripture, as understood by the Church for 1500 years.
