House Document, 2014. [Digestive Dictionary of Phrasal Verbs](#) Isaac Livingstone Asamoah, 2016-06-23. Digestive Dictionary of Phrasal Verbs contains the real or actual definition of a phrasal verb in relation or comparison to idiomatic expressions. It has some examples of support as far as the meanings are concerned with the three principles of their formation as well as their respective meanings in a very compiled and alphabetical form which would to a large extent help readers for easier identification and the search for their meanings likewise. Ideally these compilations have been the first of its kind in the whole wide world as far as the field of English is concerned which to a larger extent would inarguably attract buyers' attention for reading not only for leisure but also as reference for academic purposes.
