Cowboy The Man And The Myth:

Cowboy, the Man and the Myth Robin May, Joseph G. Rosa, 1980 *The American Cowboy Chronicles Old West Myths & Legends* Thomas Correa, 2019-12-14 This book is about the real Old West The research presented here comes from what I've found during my more than forty five years of researching American history but especially what I've learned in regards to the other side of the myths and legends of the Old West In 2010 I started a blog The American Cowboy Chronicles to share what I've learned and celebrate the virtues of America My articles on the Old West have never been meant to dispel the myths or attack legends but to simply explain what I've found after taking a hard look an honest look an objective look at the evidence that's available Since evidence proves or disproves what we've all been told about the Old West by Hollywood and writers who are not objective researchers this is my attempt at taking a fresh look at Wyatt Earp Tom Horn and others But mostly this book is about why the American Cowboy became America's quintessential role model This book looks at why the American Cowboy represents American toughness independence and resilience to the rest of the World **The Cowboy** Blake Allmendinger, 1992 The Cowboy uses literary historical folkloric and pop cultural sources to document the cowboy's role in the culture of the American West In doing so Allmendinger makes use of early oral poems recited by cowboys in the course of their work and later poems histories and autobiographies written by cowboys most of which have never before been studied by scholars *Myth of the Western* Matthew Carter, 2014-03-11 Myth of the Western reinvigorates the debate surrounding the relationship between the Western and frontier mythology arguing for the importance of the genre's socio cultural historical and political dimensions **The Cowboy** Charles W. Harris, Buck Rainey, 1976-07-15 One of America's unique contributions to world culture the cowboy has captured the imagination of people everywhere In The Cowboy Six Shooters Songs and Sex eight renowned western writers report on what the cowboys really were like and what they are like today Contributors detail how the cowboys lived loved and died how they fared when ranchers switched from running cattle to entertaining dudes and how the media have depicted the cowboy **Cowboy, the Enduring Myth of the Wild West** Russell Martin, 1983 *The Creation of the Cowboy Hero* Jeremy Agnew, 2014-11-19 As business interests have commercialized the American West and publishers and studios have created compelling imagery the expectations of readers and moviegoers have influenced perceptions of the cowboy as a hero This book describes the evolution of the cowboy hero as a mythic persona created by dime novels television and Hollywood Much of our concept of the cowboy comes to us from movies and the book's main focus is his changing image in cinema The development of the hero image and the fictional West is traced from early novels and films to the present along with shifting audience expectations and economic pressures **The Western Landscape in Cormac McCarthy and Wallace Stegner** Megan Riley McGilchrist, 2012-06-25 The western American landscape has always had great significance in American thinking requiring an unlikely union between frontier mythology and the reality of a fragile western environment Additionally it has borne the burden of being a gendered

space seen by some as the traditional virgin land of the explorers and pioneers subject to masculine desires and by others as a masculine space in which the feminine is neither desired nor appreciated Both Wallace Stegner and Cormac McCarthy focus on this landscape and environment its spiritual narrative symbolic imaginative and ideological force is central to their work In this study McGilchrist shows how their various treatments of these issues relate to the social climates pre and post Vietnam era in which they were written and how despite historical discontinuities both Stegner and McCarthy reveal a similar unease about the effects of the myth of the frontier on American thought and life The gendering of the landscape is revealed as indicative of the attempts to deny the failure of the myth and to force the often numinous western landscape into parameters which will never contain it Stegner s pre Vietnam sensibility allows the natural world to emerge tentatively triumphant from the ruins of frontier mythology whereas McCarthy s conclusions suggest a darker future for the West in particular and America in general However McGilchrist suggests that the conclusion of McCarthy s Border Trilogy upon which her arguments regarding McCarthy are largely based offers a gleam of hope in its final conclusion of acceptance of the feminine

No Place for Home Jay Ellis, 2013-11-05 This book was written to venture beyond interpretations of Cormac McCarthy s characters as simple antinomian and non psychological and of his landscapes as unrelated to the violent arcs of often orphaned and always emotionally isolated and socially detached characters As McCarthy usually eschews direct indications of psychology his landscapes allow us to infer much about their motivations The relationship of ambivalent nostalgia for domesticity to McCarthy s descriptions of space remains relatively unexamined at book length and through less theoretical application than close reading By including McCarthy s latest book this study offer the only complete study of all nine novels Within McCarthy studies this book extends and complicates a growing interest in space and domesticity in his work The author combines a high regard for McCarthy s stylistic prowess with a provocative reading of how his own psychological habits around gender issues and family relations power books that only appear to be stories of masculine heroics expressions of misogynistic fear or antinomian rejections of civilized life

American Mythology Don Nardo, 2012-12-28 This volume explores some of the popular myths of the modern United States and discusses their role in the culture and the values they reflect Readers are introduced to American frontier heroes both real and imaginary such as Davy Crockett and Paul Bunyon The book covers details about legendary ghost ships haunted houses pirate treasure monsters and lost cities and relates these stories to the experiences and values of American culture

The Western in the Global Literary Imagination , 2022-11-21 This groundbreaking collection of essays tells the surprising story of how the American Western has shaped world literature fueling provocative novels and reflections about national identity settler colonialism and violence Containing nineteen chapters spanning Asia Africa the Americas Australia Europe Israel and New Zealand as well as a guiding critical introduction this book opens an exciting new chapter in the study of popular culture literature and globalization Through this international lens the literary Western casts off the categories of juvenilia and

formula to come into focus as a vital and creative statement about identity power and history Contributors are Zbigniew Bia as Manuela Borzone Flavia Brizio Skov Alex Calder Neil Campbell Christopher Conway Samir Dayal Joel Deshayé Johannes Fehrle MaryEllen Higgins Emily Hind Shelly Jarenski Rachel Leket Mor Warren Motte Andrew Nette Marek Pary David Rio Steffen W ll and Sergei Zhuk

Organizations and Popular Culture Carl Rhodes, Simon Lilley, 2013-09-13 Throughout its history popular mass mediated culture has turned its attention to representing and interrogating organizational life As early as Charlie Chaplin s cinematic classic *Modern Times* and as recently as the primetime television hit *The Simpsons* we see cultural products that engage reflexively in coming to terms with the meaning of work technology and workplace relations It is only since the late 1990s however that those who research management and organizations have come to collectively dwell on the relationship between organizations and popular culture a relationship where the cultural meanings of work are articulated in popular culture and where popular culture challenges taken for granted knowledge about the structure and practice work Key to this development has been the journal *Culture and Organization* a journal that has been centre stage in creating new vistas through which the cultural studies of organization can be explored This book brings together the journal s best contributions which specifically address how popular culture represents informs and potentially transforms organizational practice Featuring contributors from the UK USA Europe and Australia this exciting anthology provides a comprehensive review of research in organization and popular culture

Donald Trump in the Frontier Mythology Olena Leipnik, 2023-06-15 This book explores the presidential image of Donald Trump as it is constructed by the media within American national mythology precisely the frontier myth By offering an account of three milestones in the development of the frontier mythology in its intersection with presidential imagery the book shows how the image of Donald Trump fits into the line of cowboy presidents together with Theodore Roosevelt and Ronald Reagan It also offers insights into the reasons for making Russian president Vladimir Putin a part of Trump s story and a routinely mentioned figure in American presidential politics Applying the means of philosophical anthropology to this topical issue at the intersection of politics and the media this volume will appeal to those working and studying in the areas of media studies political anthropology American studies and myth studies

Desegregating Comics Qiana Whitted, 2023-05-12 Some comics fans view the industry s Golden Age 1930s 1950s as a challenging time when it comes to representations of race an era when the few Black characters appeared as brutal savages devious witch doctors or unintelligible minstrels Yet the true portrait is more complex and reveals that even as caricatures predominated some Golden Age comics creators offered more progressive and nuanced depictions of Black people *Desegregating Comics* assembles a team of leading scholars to explore how debates about the representation of Blackness shaped both the production and reception of Golden Age comics Some essays showcase rare titles like *Negro Romance* and consider the formal innovations introduced by Black comics creators like Matt Baker and Alvin Hollingsworth while others examine the treatment of race in the work of such canonical cartoonists as George Herriman and Will Eisner

The collection also investigates how Black fans read and loved comics but implored publishers to stop including hurtful stereotypes As this book shows Golden Age comics artists writers editors distributors and readers engaged in heated negotiations over how Blackness should be portrayed and the outcomes of those debates continue to shape popular culture today

Facing the Crises Ljubica Matek, Jasna Poljak Rehlicki, 2014-06-26 Owing to the diverse research interests of the contributors this collection of essays offers a varied picture of the current approaches to Anglo American literature and culture and points to the need for a deeper understanding of current cultural economic and social processes in the globalizing and globalized culture of the West Because crisis seems to be the key word of contemporary Western culture the first part of the book titled In the Face of Crises explores the implicit or explicit idea of a crisis between the real and the simulated suggesting that one of the major issues for the contemporary man is how to deal with the virtual or with the absence of the real Our fast paced technology laden and materialist oriented existence brings about the need to rethink our human identity putting into perspective our relationship to technology the impact of capitalist economy and colonial past as well as consequences of constant warfare The second part of the book New Perspectives on Literary Genres analyzes forms topics and styles in literary texts belonging to specific sometimes marginalized genres Literary analyses in this section also touch upon the idea of crisis be it the crisis of understanding and redefining a particular genre or a crisis that is inherent in the controversial topic or form of the text As a reaction to recent allegations concerning the crisis of humanities as non profitable this book shows that humanist research is indispensable and crucial for understanding the human condition making this book a relevant addition to the contemporary discussion of literature and culture

Embers of the Western Sky Pasquale De Marco, 2025-05-08 Embers of the Western Sky by Pasquale De Marco is the definitive guide to the American West from its earliest days as a frontier to its modern day status as a region of vibrant cities and diverse cultures In this comprehensive and engaging book Pasquale De Marco takes readers on a journey through the history culture and environment of the West From the arrival of the first Native American tribes to the westward expansion of the United States from the rise of the cattle industry to the development of modern transportation and communication networks Embers of the Western Sky covers all aspects of the Western experience Through vivid descriptions and engaging anecdotes Pasquale De Marco brings to life the people and events that have shaped the West Readers will meet famous frontiersmen and women learn about the challenges and triumphs of pioneer life and explore the impact of the West on American history and culture But Embers of the Western Sky is more than just a history book It is also a celebration of the unique spirit of the West From the rugged individualism of the cowboys to the resilience of the Native American tribes the West has always been a place where people have come to reinvent themselves and to seek their fortune Today the West is still a land of opportunity and adventure From the towering peaks of the Rocky Mountains to the sun kissed beaches of California the West offers something for everyone Whether you are a history buff a nature lover or simply someone who dreams of living the Western
