Laughing at the Darkness: Postmodernism and Optimism in American Humour Paul McDonald,2010-01-01 Paul McDonald s book is the second in our Contemporary American Literature series edited by Christopher Gair and Aliko Varvogli Given that postmodernism has been associated with doubt chaos relativism and the disappearance of reality it may appear difficult to reconcile with American optimism Laughing at the Darkness demonstrates that this is not always the case In examining the work of among others Sherman Alexie Woody Allen Douglas Coupland Jonathan Safran Foer Bill Hicks David Mamet and Philip Roth McDonald shows how American humorists bring their comedy to bear on some of the negative

West of 98 Lynn Stegner, Russell Rowland, 2012-07-25 What does it mean to be a westerner With all the mythology that has grown up about the American West is it even possible to describe how it was how it is here in the West just that in the words of Lynn Stegner Starting with that challenge Stegner and Russell Rowland invited several dozen members of the western literary tribe to write about living in the West and being a western writer in particular West of 98 gathers sixty six literary testimonies in essays and poetry from a stellar collection of writers who represent every state west of the 98th parallel a kind of Greek chorus of the most prominent voices in western literature today who seek to characterize the West as each of us grew to know it and equally important the West that is still becoming In West of 98 western writers speak to the ways in which the West imprints itself on the people who live there as well as how the people of the West create the personality of the region The writers explore the western landscape how it has been revered and abused across centuries and the inescapable limitations its aridity puts on all dreams of conquest and development They dismantle the boosterism of manifest destiny and the cowboy and mountain man ethos of every man for himself and show instead how we must create new narratives of cooperation if we are to survive in this spare and beautiful country The writers seek to define the essence of both actual and metaphoric wilderness as they journey toward a West that might honestly be called home A collective declaration not of our independence but of our interdependence with the land and with each other West of 98 opens up a whole new panorama of the western experience
