The Gospel in Christian Traditions Ted A. Campbell, 2008-12-11 Throughout the history of Christianity there have been theological disputes that caused fissures among the faithful There were the major ruptures of the Great Schism of 1054 and the Protestant Reformation Since the Reformation though there has been an eruption of new denominations The World Christian Database now lists over 9000 worldwide And new denominations are created every day often when a group splits off from an established church because of a dispute over doctrine or leadership With such a proliferation of denominations could there possibly be one core Christian message that all churches share That's the question that Ted Campbell sets out to answer in this book He begins his examination of Christian doctrine where it started in the gospels He then shows how the gospel has been received and professed by Christian communities through the centuries from the first proto-Orthodox Christian communities right through the modern evangelical Pentecostal and ecumenical movements Campbell shows that despite all the divisions there is indeed a single unifying core of the faith that all Christians share In the process he offers a brief well-written and acceptable history of Christian doctrine that will be ideal for courses in the history of Christian thought

Christ Mass Wynn Umbra, 2024-10-25 Christ Mass delves deep into the rich tapestry of Christmas's historical theological and sociological dimensions revealing it as far more than just a holiday celebration This comprehensive exploration traces the evolution of Christmas from its Latin origins through medieval times to contemporary practice emphasizing its fundamental role as a communal expression of Christian faith and worship The book's three main sections masterfully weave together historical evidence and theological insights beginning with the etymological roots of Christ Mass and progressing through its doctrinal foundations Drawing from ancient church documents liturgical texts and archaeological findings it illuminates fascinating aspects of early Christian gatherings and how they shaped modern Christmas celebrations Particularly intriguing is the book's examination of how communal worship practices evolved across different Christian

traditions while maintaining their essential spiritual significance Through its multidisciplinary approach the work challenges readers to reconsider their understanding of Christmas as primarily a historical Christ Mass a profound expression of collective faith and community The author skillfully addresses contemporary concerns about holiday secularization while providing practical guidance for religious leaders and families seeking to incorporate traditional elements into their celebrations This balanced perspective makes the book valuable for both scholarly readers and those simply seeking to deepen their appreciation of Christmas s spiritual dimensions

Walking the Stations Donald Heinz, 2025-02-17 In a time when Catholic piety is often fixed on the Good Friday stations of the cross and evangelical piety is associated with an imaginary what would Jesus do and much of Protestant religion has slimmed Jesus down from the fully dimensioned Christology of the Gospels and contemporary Christianity misses a Christ who has moved into the neighborhood John 1 14 and fully engaged the world and its peoples and touring liberals tout how little a Christian actually needs to believe this book chooses fourteen episodes from Jesus entire life and makes them way stations on a pilgrimage on which we gather to meet Jesus in person share him in community and follow him to a fully realized discipleship Such way stations may recall the medieval imitation of Christ or the notion of a Christian pilgrimage during which we make the way by walking Historically pilgrimage is meant to evoke I want to be in that number Yet identifying these stations is fully congruent with contemporary New Testament scholarship whether liberal or historically orthodox The significance of this book is that it sets forth a process of adult Christian education today that is rich with all the dimensions of Jesus life from birth to death and resurrection with all the happenings in between And most important it turns adult Christian education into a compelling Bible study in community and one that attracts participation like walking a labyrinth Through such engagement it recovers for lively practice today the mostly forgotten medieval imitatio Christi and inserts this into the nearly forgotten but once vividly realized practice of pilgrimage overdue today as a way of imprinting the Christian walk onto the culture and onto individual believers and their communities Finally it follows contemporary Gospel scholarship back to the historical Jesus through visionary Holy Land tours or a modern walking the way stations that constitute Jesus own life and our immersion in it that would constitute true discipleship
