How is that experience different for those who are actively choosing to engage with spirituality and religion in a way that has marked differences from the organized religion that has faded in the West? This article outlines some of the narratives related to matters of identity and self-understanding used by contemporary Pagans that operate in a context generally perceived to be ‘secular’, though the definition of such a term is contentious at best. The case of the Netherlands, on which this article is based, has shown the complexities surrounding the
