Contemporary Options In Eschatology:

Contemporary Options in Eschatology Millard J. Erickson, 1994 *Towards a Pentecostal Eschatology* Larry R. McQueen, 2019-05-21 Growing out of the need to articulate an eschatology that is consistent with the theological beliefs spiritual experience and hermeneutical insights of the Pentecostal movement this volume applies an interdisciplinary approach to the subject integrating historical biblical and theological studies After providing a comprehensive review of the current state of Pentecostal eschatology the study explores the periodical literature of the earliest years of the movement understanding this period to be the heart or originating source of the tradition Drawing upon insights gained from this exploration the boundaries for discerning a contemporary Pentecostal eschatology are established and a constructive biblical theological contribution to this subject is offered focused upon a fresh reading of Revelation 21 22 and framed around the narrative testimony of the fivefold gospel that emerges from the heart of the tradition **Contemporary options in eschatology** Millard John Erickson, 1977 **The Millennial Maze** Stanley J. Grenz, 1992-09-25 Stanley J Grenz describes four major views on the millennium held by evangelicals and assesses their strengths and weaknesses **Eschatology and Ecology** Paul Hang-Sik Cho, 2010 This book raises the question of why Korean people and Korean Protestant Christians in particular pay so little attention in theory or practice to ecological issues The author argues that there is an important connection or elective affinity between this lack of attention and the other worldly eschatology that is so dominant within Korean Protestant Christianity Dispensational premillennialism originally imported by American missionaries resonated with traditional religious beliefs in Korea and soon came to dominate much of Korean Protestantism This book argues that this of all forms of millennialism is the most damaging to ecological concerns It also suggests how Korean churches may effectively respond to the ecological challenge *African Pentecostalism and Eschatological Expectations* Marius Nel, 2019-09-16 The Pentecostalisation of African Christianity has been called the African Reformation of the past thirty years African Pentecostalism is a diverse movement characterised by its emphases on Spirit baptism divine healing charismatic worship and eschatological expectations This work investigates its eschatological systems in terms of its unrealised expectation of the second coming of Christ and suggestions are presented for the movement to keep its eschatology at the heart of its impetus This is accomplished through a hermeneutical awareness of the distinctiveness of Pentecostalism as a restorationist movement Written for pastors church leaders and believers this book discusses the literalistic way of reading the Bible in most of the classical Pentecostal components of African Pentecostalism supporting their premillennialist and even dispensational eschatological views It suggests a new Pentecostal hermeneutics developed by scholarship in the past forty years in line with significant elements of the way in which early Pentecostals read the Bible This new hermeneutical awareness implies new and exciting ways of thinking about eschatology that will enrich and enlighten African Pentecostalism in its hope for the second coming of Christ Biblical Eschatology, Second Edition Jonathan Menn, 2018-03-07 Biblical

Eschatology provides what is not found in any other single volume on eschatology it analyzes all the major eschatological passages including the Olivet Discourse and the book of Revelation issues including the second coming of Christ the millennium the rapture and Antichrist and positions including all the major views of the millennium in a clear but not superficial way The book concludes with a chapter showing how eschatology is relevant for our lives Biblical Eschatology makes understanding eschatology easier by including chapters on how to interpret prophecy and apocalyptic literature by showing the history of eschatological thought and by placing eschatology in the context of the Bible s overall story line and structure Clarity and understanding are enhanced by the use of comparative tables and appendices Subject and Scripture indexes are included The book interacts with the best of Evangelical and Reformed scholarship and the extensive bibliography which includes the web addresses of many online resources provides an excellent source for the reader s further study This is a perfect resource for intelligent Christians including pastors students and teachers who desire to understand eschatology and to see how it fits together with the rest of the Bible *Eschatology* D. Jeffrey Bingham, Glenn R.

A Mosaic of Believers Gerardo Marti, 2009-10-26 Mosaic in southern California is one of the largest and most innovative multiethnic congregations in America Gerardo Marti shows us how this unusual church has achieved multiethnicity not by targeting specific groups but by providing multiple havens of inclusion that play down ethnic differences He reveals a congregation aiming to reconstruct evangelical theology personal identity member involvement and church governance to create an institution with greater relevance to the social reality of a new generation

Perspectives on the Extent of the Atonement John S. Hammett, Grant R. Osborne, Carl R. Trueman, 2015-02 Perspectives on the Extent of the Atonement presents a point counterpoint exchange concerning God's intention in sending Christ to die on the cross All three contributors recognize a substitutionary element in the atoning work of Christ but disagree over the nature and objects of that substitution Carl Trueman Westminster Theological Seminary argues that Christ's atoning work secured the redemption of his elect alone While infinite in value Christ's death was intended for and applied strictly to those whom the Father had elected unconditionally in eternity past John Hammett Southeastern Baptist Theological Seminary argues that Christ's atoning work had multiple intentions Of these intentions two rise to the fore 1 the intention to accomplish atonement for God's elect and 2 the intention to provide atonement for all mankind Grant Osborne Trinity Evangelical Divinity School argues that Christ's atoning work provided atonement generally for all mankind The application of that atoning work is conditioned however on each person's willingness to receive it

Christian Millenarianism Stephen Hunt, 2001 This volume examines the impact of Christian millenarian ideas from a comparative and historical perspective with a special emphasis

upon contemporary religious movements inspired by such ideas It covers the areas of theology new religious movements and fundamentalism Millennialism in the Korean Protestant Church Ŭng-gyu Pak, Ung Kyu Pak, 2005 This book explains the origin and development of premillennial eschatology in the evangelical Korean church from 1884 to 1945 It examines the eschatological implications of Korean religious thought the eschatology of American missionaries the horrific experience of Japanese occupation 1910 1945 and the enforcement of Shinto shrine worship in light of Korean Christians tenacious hold on dispensational premillennialism This book explains the place of premillennialism in the Christian life and it deals with the cultural underpinnings of Christianity in Korean history by bringing to bear the complex social political and religious elements of Korean culture **Renewal Theology** J. Rodman Williams, 2011-05-03 Renewal Theology deals with the full

range of Christian truth from within the charismatic tradition Previously published as three separate volumes Renewal Theology represents the first exhaustive balanced articulation of charismatic theology Renewal Theology discusses Book One God the World and Redemption Book Two Salvation the Holy Spirit and Christian Living Book Three The Church the Kingdom and Last Things As theology this work is an intellectual achievement But it is much more than that The author urges the church to undertake its task of theology in the proper spirit an attitude of prayer a deepening sense of reverence an ever increasing purity of heart a spirit of growing love a theological approach rooted in the glory of God Done in such a spirit theology becomes a faithful and powerful witness to the living God The Pith of the Apocalypse Paul A.

Rainbow, 2008-10-15 To serve God and Christ faithfully in the midst of a pagan society that exalts power wealth and pleasure is the tenor of the prophetic summons to the church in the book of Revelation Unfortunately this simple message as potent today as it was at the end of the first century is often obscured by misguided if sincere interpreters The present book explores the background issues and lays out the principles that inform a sound approach to this enigmatic writing its historical and cultural setting its literary structure its symbolic code its core theological concepts its scheme of last things and its preachable and teachable points In dialogue with dispensationalism on the one hand and with the skeptical criticism of it on the other The Pith of the Apocalypse derives clues for cracking the Apocalypse from the book itself viewed against the sweep of the biblical prophetic tradition that flowed into it through the lens of methods widely accepted in mainstream New Testament scholarship Readers will return to the book of Revelation itself with enhanced confidence penetration and understanding **Visions of the Lamb of God** Andrew Scott Brake, 2019-09-17 This commentary on Revelation is for those

who are looking for an easy to read biblically central and Christologically focused commentary on one of the most intriguing books of the Bible It is a shame that pastors and followers of Jesus avoid the book of Revelation because of the confusing theories they heard about in the past or just too many movies This commentary attempts to get away from the needless debate though different views are presented and focus the reader's attention on the primary focus of the book the Lamb of God The Lamb holds history in his hand by virtue of his eternal authority and his invested authority because of the blood that

he spilled and his testimony Therein lies his victory and therein lies the victory for those who follow him *When Time Shall Be No More* Paul Boyer,1994-01-01 As influential as prophecy is in the worldview of so many the belief in the phenomenon remains a popular mystery largely unstudied and little understood *When Time Shall Be No More* offers for the first time an in depth look at the subtle pervasive ways in which prophecy belief shapes contemporary American thought and culture

Piety and Profession Glenn Miller,2007-06-11 From the urbanization of the Gilded Age to the upheavals of the Haight Ashbury era this encyclopedic work by Glenn Miller takes readers on a sweeping journey through the landscape of American theological education highlighting such landmarks as Princeton Andover and Chicago and such fault lines as denominationalism science and dispensationalism The first such exhaustive treatment of this time period in religious education *Piety and Profession* is a valuable tool for unearthing the key trends from the Civil War well into the twentieth century All those involved in theological education will be well served by this study of how the changing world changed educational patterns *International Development and Public Religion* Haemin Lee,2016-02-23 Over the past few decades Christianity in the global South has grown exponentially in size and influence with many centers emerging around the globe such as Brazil South Korea and Nigeria One remarkable phenomenon in this process is the rise of faith based humanitarian international and nongovernmental organizations NGOs While traveling to about seventy different countries in Africa Asia and Latin America Haemin Lee has witnessed the surge of faith based NGOs all around the world This book explores the role that religion plays in encountering secular society from various angles by drawing upon discourses in mission studies sociology of religion and anthropology of development Specifically it probes the development practices of two major Korean organizations Korea Food for the Hungry International and Good Neighbors This book investigates the following hypothesis humanitarian care through international development NGOs appears to be the growing interest of Korean Christian mission and this shows a new direction of Korean Christianity as public religion However on closer examination a more complex reality emerges in which diverse theological and developmental ideals motivate the Korean NGOs humanitarian efforts
