## Contemporary Portraits First Series:

Written Lives Javier Marías, 2007-05-17 An affectionate and very funny gallery of twenty great world authors from the pen of the most subtle and gifted writer in contemporary Spanish literature The Boston Globe In addition to his own busy career as one of Europe's most intriguing contemporary writers TLS Javier Marías is also the translator into Spanish of works by Hardy Stevenson Conrad Faulkner Nabokov and Laurence Sterne His love for these authors is the touchstone of Written Lives Collected here are twenty pieces recounting great writers' lives or more precisely snippets of writers' lives Thomas Mann Rilke Arthur Conan Doyle Turgenev Djuna Barnes Emily Brontë Malcolm Lowry and Kipling appear all fairly disastrous individuals and almost nothing in his stories is invented Like Isak Dinesen who claimed to have poor sight yet could spot a four leaf clover in a field from a remarkable distance away Marías has a sharp eye Nabokov is here making the highly improbable assertion that he is as American as April in Arizona as is Oscar Wilde who in debt on his deathbed ordered up champagne remarking cheerfully I am dying beyond my means Faulkner we find when fired from his post office job explained that he was not prepared to be beholden to any son of a bitch who had two cents to buy a stamp Affection glows in the pages of Written Lives evidence as Marías remarks that although I have enjoyed writing all my books this was the one with which I had the most fun

*The Historical Jesus and the Literary Imagination, 1860-1920* Jennifer Stevens, 2010-01-01 A PDF version of this book is available for free in open access via the OAPEN Library platform [www.oapen.org](http://www.oapen.org) Fictional reconstructions of the Gospels continue to find a place in contemporary literature and in the popular imagination Present day writers of New Testament fiction and drama are usually considered as part of a tradition formed by mid to late twentieth century authors such as Robert Graves Nikos Kazantzakis and Anthony Burgess This book looks back further to the late nineteenth and early twentieth centuries when the templates of the majority of today's Gospel fictions and dramas were set down In doing so it examines the extent to which significant works of biblical scholarship both influenced and inspired literary works Focusing on writers such as Oscar Wilde George Moore and Marie Corelli this timely new addition to the English Association Monographs series will be essential reading for scholars working at the intersection of literature and theology

Faces of Power & Piety Erik Inglis, 2008 Faces of Power and Piety is the second in the Medieval Imagination series of small affordable books that draw on manuscript illuminations in the collections of the J Paul Getty

Museum and the British Library Each volume focuses on a particular theme to provide an accessible and delightful introduction to the imagination of the medieval world The vivid and charming faces featured in this volume include portraits of both illustrious historical figures and celebrated contemporaries They reveal that medieval artists often disregarded physical appearance in favor of emphasizing qualities such as power and piety capturing how their subjects wished to be remembered for the ages Faces of Power and Piety also looks at the development of portraiture in the modern sense during the Renaissance when likeness became an important component of portrait painting An exhibition of the same name will be on view at the J Paul Getty Museum from August 12 through October 26 2008      **The Progress of a Biographer** Hugh Kingsmill, 2022-02-13 First published in 1949 The Progress of a Biographer follows a general principle that there are absolute truths which an individual can in some degree apprehend and live by but which churches and institutions can only obscure and pervert This principle is followed for the sketches in this book most of which were written between the end of World War II and the spring of 1948 The subjects range from P G Wodehouse to Karl Marx from W B Yeats to Thackeray and from Rainer Maria Rilke to Lloyd George Believing that to understand a man's work one must form a coherent impression of the man the author has tried to suggest the leading characteristics and governing impulses of his subjects His intention has been to clarify rather than to criticise though doubtless the affect may sometimes be one of criticism falling short of clarification The book will be of interest to students across disciplines but will particularly appeal to students of English literature

First Series** Frank Harris, 1915      **A Contemporary Portrait of Life in Korea** Jibum Kim, 2023-10-20 This book delves into the values attitudes and behaviours of Koreans over the course of the past twenty years Compiled by leading Korean scholars the book uses the Korean General Social Survey KGSS the most comprehensive source of information detailing recent continuity and change in Korea and addresses a diverse wide range of topics such as nationalism familism social inequality politics religion welfare trust attitudes towards North Korea and attitudes towards sex These issues in continuously shaping and influencing the lives of Koreans deserve further examination so as to fully grasp a deeper understanding of Korean contemporary culture Each chapter covers an overview of background information about the chapter subject and then compares Korean attitudes to those of other countries drawing on cross national data derived from sources such as the International Social Survey Programme ISSP and the East Asian Social Survey EASS It collates this data and then unpacks it to demonstrate trends and how they are impacted by stability or change Despite the rapid economic development and democratization in Korea it remains difficult to pinpoint common denominators regarding recent social trends in Korea and there are surprisingly few books that present a current nuanced and empirically substantiated scholarly

depiction of Koreans and their social issues This book fills this gap in serving as an indispensable reference for students and scholars interested in the diverse issues in Korean society

**Translation and the Manipulation of Difference** Tarek Shamma,2014-06-03 Translation and the Manipulation of Difference explores the question of difference in translation and offers an extended critique of the advocacy of foreignizing translation as a practice that does not minimize the alterity of the foreign text and could therefore serve as an antidote to ethnocentrism and cultural insularity Shamma examines the reception of Arabic literature especially the Arabian Nights in nineteenth century England and offers a detailed analysis of the period s major translations from Arabic by Edward Lane Richard Burton and Wilfred Blunt He demonstrates that the long complicated history of interaction often confrontation between Europe and the Arab World where mis representations of the Other were intricately embroiled with political struggles provides a critical position from which to examine the crucial role of context above and beyond the textual elements of the translation in shaping the political effects of translation Examining translation techniques and decisions in the context of the translators own goals as well as the conditions that surrounded the reception of their work the study shows how each translator manipulated his original in line with political positions that ranged from implicit acquiescence to steadfast resistance to colonialism In a carefully elaborated critique of totalizing positions the author argues that the foreignizing domesticating model is too limited to describe the social and political function of translation and calls for a more complex understanding of the sociopolitical dimensions of translation strategies
