Neo-Feminist Cinema Hilary Radner,2010-11-01 What lies behind current feminist discontent with contemporary cinema Through a combination of cultural and industry analysis Hilary Radner s Neo Feminist Cinema Girly Films Chick Flicks and Consumer Culture shows how the needs of conglomerate Hollywood have encouraged an emphasis on consumer culture within films made for women By exploring a number of representative girly films including Pretty Woman Legally Blonde Maid in Manhattan The Devil Wears Prada and Sex and the City The Movie Radner proposes that rather than being post feminist as is usually assumed such films are better described as neo feminist Examining their narrative format as it revolves around the story of an ambitious unmarried woman who defines herself through consumer culture as much as through work or romance Radner argues that these films exemplify neo liberalist values rather than those of feminism As such Neo Feminist Cinema offers a new explanation as to why feminist oriented scholars and audiences who are seeking more than labels and love from their film experience have viewed recent girly films as a betrayal of second wave feminism and why on the other hand such films have proven to be so successful at the box office **Unhappy Beginnings** Isabel

abstract The influence of Quentin Tarantino s Pulp Fiction on contemporary American cinema has been profound in the last two decades It was actually Tarantino s second film after his already groundbreaking debut Reservoir Dogs both of which he wrote and directed though it was Pulp Fiction that ultimately established its creator as an influential filmmaker and made him legendary around the world Tarantino s affection for different film genres can be noticed throughout all of his films He usually pays tribute to them by using his distinct knowledge of their conventions and blending them into his own films It is not that he just replicates them in fact he adds refreshing stylistic elements and recreates them into completely new shapes His films also are full of references to a variety of different movies as well as diverse pop cultural minutiae The assembly of numerous generic influences in one single movie which Tarantino consciously practices can be identified as characteristic of his distinctive style These features as well as the filmmaker s novelistic approach to narrative construction have become his own artistic signature As in Pulp Fiction conventions of classical gangster films are incorporated and reworked so that it becomes something fresh and innovative On the basis of Tarantino s standing in the film industry due to Pulp Fiction I wish to analyze his most significant film toward its representation of violence redemption and morality through the generic codes

of a fictional crime world While Tarantino s aptitude to construct original and manifold storylines in an unconventional mode is undeniable the aesthetics of violence and articulations of values behind his style have been constantly controversial Since his latest film Inglourious Basterds 2009 this issue seem *Movies and Meaning* Stephen Prince,2004 This comprehensive introduction to film focuses on three topics how movies express meanings how viewers understand those meanings and how cinema functions globally as both an art and a business Using clear accessible and jargon free writing this is the only introductory film text to examine the elements of film style and the viewer s contribution to the cinema experience How do viewers interpret the effects filmmakers create How do filmmakers anticipate and build on the likely ways viewers will react to certain kinds of stories and audio visual designs The text examines both how filmmakers create images and sounds and the mechanisms and processes by which viewers make sense of images and stories on screen This approach helps students understand not only the basic concepts but also how their own reactions and opinions impact the overall film experience
