**100 Greatest Songs in Christian Music** CCM,2006-02-27 100 great songs 100 great stories Listen to the soundtrack of your life What do you hear Which songs and artists have impacted your spirit and inspired your faith This ultimate guide chronicles such songs the top 100 songs of contemporary Christian music that have not only achieved commercial success but have forever changed the lives of those who have listened Selected by votes of thousands of CCM Magazine readers with the input of a top panel of Christian music insiders including artists executives producers and songwriters this list represents the best of the best Become part of the moment where divine inspiration meets sheer musical talent From Rich Mullins Amy Grand dc talk Steven Curtis Chapman and MercyMe to pioneers like Larry Norman Keith Green and the Gaithers watch how the musical expression of these artists own lives resulted in the songs that forever changed yours **The Message in the Music** ,2010-12-01 The definitive guide to the meaning of today s most popular praise and worship songs Few things influence Christians understanding of the faith more than the songs they sing in worship The explosion of praise and worship music in the last fifteen years has profoundly affected our experience of God So what are those songs telling us about who God is In what ways have they made us more faithful disciples of Jesus Christ In what ways have they failed to embody the full message of the gospel Working with the lists of the most frequently sung praise and worship songs from recent years the authors of this book offer an objective but supportive assessment of the meaning and contribution of the Christian music that has been so important in the lives of contemporary believers **Christianity in the Modern World** Afe Adogame,Elizabeth Olson,2016-05-23 What is the state of Christianity today and what might it look like in the future In the West the story for a long time has revolved around decline and the loss of monopoly status but how are these shifts changing the practice of Christianity or individual belief Similarly the rapid growth of Christianities in the Global South has been well reported but the continuing complex intersections of mission Christianity with indigenous religions are less well known Large scale flows of people across increasingly fluid borders mean that not only does immigration sometimes significantly boost Christian numbers in a given country but that different forms of Christianity shift traditional religious landscapes How will emerging trends such as reverse mission from the Global South affect Christianities in areas more used to sending rather than receiving missions As the majority of believers shifts from the West to the Global South how will issues such as homosexuality be played out theologically politically and individually Will new virtual churches manage to create viable long term communities How does new festival Christianity function in the religious life of an individual The divergent and oftentimes contradictory state of Christianity in the modern world fuels questions about its place and future in the world in politics education and healthcare This book brings together cutting edge research on the most recent changes and trends in Christianity worldwide Contributors drawn from the USA UK and Europe Africa and East Asia offer an invaluable breadth of coverage expertise and disciplinary perspective at the intersections between sociology of religion theology politics education
