Contemporary Judaic Fellowship In Theory And In Practice:

Contemporary Judaic Fellowship in Theory and in Practice Jacob Neusner, 1973 **Beyond Yiddishkeit** Frida K. Furman, 2012-02-01 Beyond Yiddishkeit deals in an intelligent and perceptive way with the issue of Jewish identity in an affluent and highly educated suburban community Particularly significant is that it relies upon participant observation as well as ethnographic interview techniques and data on the part of the author In this way the work constitutes the first major study of this type conducted within the liberal Jewish American community As such it is a pioneering work Equally impressive is the author's command of the sociological literature on issues of identity and her ability to apply it to the data gathered in this study She makes sociological jargon intelligible and presents an easily read and well constructed book Her ability throughout the work to focus on issues of modernity is insightful and brilliant I found myself racing through the book and indeed read it in one sitting This really is an unparalleled work in this field David Ellenson Hebrew Union College Jewish Institute of Religion **Prayer & Community** Riv-Ellen Prell, 2018-02-05 Combining history and ethnography Prell uses current theories about ritual and prayer to understand men's and women's struggles with their religious tradition and their desire to create community Riv Ellen Prell spent eighteen months of participant observation field research studying a countercultural havurah to determine why these groups emerged in the United States during the 1970s In her book she explores the central questions posed by the early havurot and their founders She also examines the havurah as a development of American Judaism continuing rather than rejecting many of the previous generations ideas about religion Combining history and ethnography Prell uses current theories about ritual and prayer to understand men's and women's struggles with their religious tradition and their desire to create community *Wealth in the Dead Sea Scrolls and in the Qumran Community* Catherine Murphy, 2018-12-24 This volume is concerned with exploring sectarian attitudes toward wealth and the economic practices that gave rise to and issued from those attitudes An introductory chapter establishes the state of the question Three subsequent chapters focus on major sectarian texts the Damascus Document the Rule of the Community and 4QInstruction A Other sectarian and non sectarian texts that mention wealth are discussed in a fifth chapter while archaeological evidence from the Qumran region and contemporary documentary texts are introduced in chapters seven and eight Finally ancient secondary testimony on Essene economic practices is discussed The book breaks new ground in arguing for several biblical rationales for the practice of shared wealth Its integration of archaeological and documentary evidence sheds surprising new light on the economic organization of the Qumran community **Feast, Fast or Famine** Wendy Mayer, Silke Trzcionka, 2005-01-01 In recent decades there has been an increasing interest in the study of food and drink in the ancient Mediaeval and Byzantine worlds and of their supply and consumption This volume presents selected papers from the biennial conference of the Australian Association for Byzantine Studies which was held at the University of Adelaide 11-12 July 2003 The theme was food and drink in Byzantium Published selectively in the present volume the papers of the conference are

augmented by contributions from international scholars While some papers address the use of food directly children s diet fasting or tangentially in love spells or discuss philosophical approaches towards food vegetarianism other papers in this volume examine the topic from another perspective the role and perception of food and drink and their consumption in society Yet others examine issues of supply military logistics and the role it played in shaping Byzantium This volume will appeal to readers interested in the history of food in late antique and Byzantine society in Byzantine rhetoric in magic in late antiquity and in the Jews in early Byzantium New Testament Hospitality John Koenig,2001-12-03 A New Hasidism Arthur Green,Ariel Evan Mayse,2019-01-01 Neo Hasidism applies the Hasidic masters spiritual insights of God s presence everywhere of seeking the magnificent within the everyday in doing all things with love and joy uplifting all of life to become a vehicle of God s service to contemporary Judaism as practiced by men and women who do not live within the strictly bounded world of the Hasidic community This first ever anthology of Neo Hasidic philosophy brings together the writings of its progenitors five great twentieth century European and American Jewish thinkers Hillel Zeitlin Martin Buber Abraham Joshua Heschel Shlomo Carlebach and Zalman Schachter Shalomi plus a young Arthur Green The thinkers reflect on the inner life of the individual and their dreams of creating a Neo Hasidic spiritual community The editors introductions and notes analyze each thinker s contributions to Neo Hasidic thought and influence on the movement Zeitlin and Buber initiated a renewal of Hasidism for the modern world Heschel s work is quietly infused with Neo Hasidic thought Carlebach and Schachter Shalomi re created Neo Hasidism for American Jews in the 1960s and Green is the first American born Jewish thinker fully identified with the movement Previously unpublished materials by Carlebach and Schachter Shalomi include an interview with Schachter Shalomi about his decision to leave Chabad Lubavitch and embark on his own Neo Hasidic path

The 60s Communes Timothy Miller,2015-02-01 The greatest wave of communal living in American history crested in the tumultuous 1960s era including the early 1970s To the fascination and amusement of more decorous citizens hundreds of thousands of mostly young dreamers set out to build a new culture apart from the established society Widely believed by the larger public to be sinks of drug ridden sexual immorality the communes both intrigued and repelled the American people The intentional communities of the 1960s era were far more diverse than the stereotype of the hippie commune would suggest A great many of them were religious in basis stressing spiritual seeking and disciplined lifestyles Others were founded on secular visions of a better society Hundreds of them became so stable that they survive today This book surveys the broad sweep of this great social yearning from the first portents of a new type of communitarianism in the early 1960s through the waning of the movement in the mid 1970s Based on more than five hundred interviews conducted for the 60s Communes Project among other sources it preserves a colorful and vigorous episode in American history The book includes an extensive directory of active and non active communes complete with dates of origin and dissolution Nomination of John Agresto United States. its beginnings in 1654 through the early 1980s Waxman reviews earlier studies and offers a fresh analysis from a survivalist rather than assimilationist perspective He argues that while American Jews have been successful in their quest to integrate into the American social system recent developments show that this ethno religious group is confronting challenges to its continuity and is manifesting survivalist strengths not apparent earlier Topics covered include educational occupational income and political patterns of American Jews the American Jewish family anti semitism the relation between American Jews and Israel and the immigration of Soviet Israeli and Iranian Jews to the United States ISBN 0 87722 321 1 24 95 ISBN 0 87722 329 7 pbk 9 95 The Life of Judaism Harvey E.
