We Are What We Mourn Priscila Uppal, 2009 The first book on the Canadian poetic elegy challenges all previous ideas about the purpose of mourning

Beautiful Chaos Gordon E. Slethaug, 2012-02-01 Beautiful Chaos is the first book to examine contemporary American fiction through the lens of chaos theory The book focuses on recent works of fiction by John Barth Michael Crichton Don DeLillo Michael Dorris Cormac McCarthy Toni Morrison Thomas Pynchon Carol Shields and Robert Stone all of whom incorporate aspects of chaos theory in one or more of their novels They accomplish this through their disruption of conventional linear narrative forms and their use of strategic tropes of chaos and order but also and more significantly for an understanding of the interaction of science and fiction through their self conscious embrace of the current rhetoric of chaos theory Since the publication of James Gleick's Chaos Making a New Science in 1987 chaos theory has been taken up by a wide variety of literary critics and other scholars of the arts While considering the relationship between chaos theory and recent American fiction Beautiful Chaos details basic assumptions about orderly and dynamic systems and the various manifestations of chaos theory in literature including mimesis metaphor model and metachaotics It also explains particular features of orderly and dynamic systems including entropy bifurcation and turbulence noise and information scaling and fractals iteration and strange attractors

Kristjana Gunnars Monique Tschofen, 2004 The writings collected here all testify to the complexity of Gunnars's literary vision as much as they testify to the sheer pleasures of reading her work In her interview Gunnars speaks both as a reader and a writer describing the form and modes of address of her work as well as the philosophical and literary traditions she draws from The nine essays and two poems that follow organized chronologically according to the publication dates of the primary texts they treat represent a broad range of approaches to Kristjana Gunnars's work The contributors are M Travis Lane Judith Owens Janice Kulyk Keefer Deidre Lynch Stephen Scobie Anne Malena Siobhan O Flynn K I Press and Christl Verduyn It is my hope that readers will find in this critical community some productive points of entry into Gunnars's corpus that will stimulate their own thinking about her words and ideas from the Introduction by Monique Tschofen

Writing Lovers Méira Cook, 2005-04-22 In writings by the French post structuralists rhetorical tropes such as speechlessness fragmentation and deflection testify to the writer's difficulty in broaching the subject of love Similarly Cook shows that love poetry proceeds out of a profound failure of language resulting from the opacity of discourse its lack of neutrality or the fugitive transparency of reference Writing Lovers also explores race ethnicity age and sexual identity within the context of the passionate excesses of amatory discourse

The Home Place Dennis Cooley, 2016-03-18 He wants to sit and visit at the kitchen table and he can hardly wait to get on the road again From Chapter 1 Robert Kroetsch one of Canada's most important writers was a fierce regionalist with a porous yet resilient sense of home Although his criticism and fiction have received extensive attention his poetry remains underexplored This exuberantly polyvocal text insightfully written by Dennis Cooley who knew Kroetsch and worked with him for decades seeks

to correct that imbalance The Home Place offers a dazzling playful and intellectually complex conversation drawing together personal recollections Kroetsch s archival materials and the international body of Kroetsch scholarship For literary scholars and anyone who appreciates Canadian literature The Home Place will represent the standard critical evaluation of Kroetsch s poetry for years to come *Icelandic Voice in Canadian Letters* Daisy L.
