

CONTEMPORARY MORMONISM

LATTER-DAY SAINTS IN MODERN AMERICA

CLAUDIA L. BUSHMAN

Contemporary Mormonism

**Joanna Brooks, Rachel Hunt
Steenblik, Hannah Wheelwright**

Contemporary Mormonism:

Contemporary Mormonism Marie Cornwall, Tim B. Heaton, Lawrence Alfred Young, 2001 Contemporary Mormonism is the first collection of sociological essays to focus exclusively on Mormons Featuring the work of the major scholars conducting social science research on Mormons today this volume offers refreshing new perspectives not only on Mormonism but also on the nature of successful religious movements secularization and assimilation church growth patriarchy and gender roles and other topics This first paperback edition includes a new introduction assessing the current state of Mormon scholarship and the effect of the globalization of the LDS Church on scholarly research about Mormonism Contemporary Mormonism Claudia L. Bushman, 2006-01-30 Much misunderstood Mormonism had a colorful beginning in the 19th century as a visionary named Joseph Smith founded and built a community of believers with their own unique faith In the late 20th century the church had to come to terms with its own growth and organization as well as with the increasing pervasiveness of globalization secularization and cultural changes Today Mormonism is one of the major religions in America and continues to grow internationally However though the church itself remains strong it is elusive to those of other faiths Here a seasoned author and third generation Mormon sheds light on the everyday lives and practices of faithful Mormons Bushman's readers will come away with a more thorough appreciation of what it means to be Mormon in the modern world Much misunderstood Mormonism had a colorful beginning in the 19th century as a visionary named Joseph Smith founded and built a community of believers with their own unique faith In the late 20th century the church had to come to terms with its own growth and organization as well as with the increasing pervasiveness of globalization secularization and cultural changes Today Mormonism is one of the major religions in America and one that continues to grow internationally However though the church itself remains strong it is elusive to those of other faiths Here a seasoned author and third generation Mormon sheds light on the everyday lives and practices of faithful Mormons Bushman's readers will come away with a more thorough appreciation of what it means to be Mormon in the modern world Following Brigham Young into the Great Basin and founding communities that have endured for over 100 years Mormons have forged a rich history in this country even as they built communities around the world But the origins of this faith and those who adhere to it remain mysterious to many in the United States Bushman allows readers a vivid glimpse into the lives of Mormons their beliefs rituals and practices as well as their views on race ethnicity social class gender and sexual orientation The voices of actual Mormons reveal much about their inspiration devotion patriotism individualism and conservatism With its mythical history and unlikely success many wonder what has made this religion endure through the years Here readers will find answers to their questions about what it means to be Mormon in contemporary America The Triple Package Jed Rubenfeld, Amy Chua, 2014-02-05 Why do Jews win so many Nobel Prizes and Pulitzer Prizes Why are Mormons running the business and finance sectors Why do the children of even impoverished and poorly educated Chinese immigrants excel so remarkably at school It may be taboo to say it but some

cultural groups starkly outperform others The bestselling husband and wife team Amy Chua author of *Battle Hymn of the Tiger Mother* and Jed Rubenfeld author of *The Interpretation of Murder* reveal the three essential components of success its hidden spurs inner dynamics and its potentially damaging costs showing how ultimately when properly understood and harnessed the Triple Package can put anyone on their chosen path to success

The Palgrave Handbook of Global Mormonism R. Gordon Shepherd, A. Gary Shepherd, Ryan T. Cragun, 2020-11-12 This handbook explores contemporary Mormonism within a global context The authors provide a nuanced picture of a historically American religion in the throes of the same kinds of global change that virtually every conservative faith tradition faces today They explain where and how the Church of Jesus Christ of Latter day Saints has penetrated national and cultural boundaries in Latin America Oceania Europe Asia and Africa as well as in North America beyond the borders of Mormon Utah They also address numerous concerns within a multinational multicultural church What does it mean to be a Latter day Saint in different world regions What is the faith s appeal to converts in these places What are the peculiar problems for members who must manage Mormon identities in conjunction with their different national cultural and ethnic identities How are leaders dealing with such issues as the status of women in a patriarchal church the treatment of LGBTQ members increasing disaffiliation of young people and decreasing growth rates in North and Latin America while sustaining increasing growth in parts of Asia and Africa

Irish Mormons Hazel O'Brien, 2023-06-06 The Church of Jesus Christ of Latter day Saints is one of the international religions that have arrived from abroad to find adherents in Ireland Drawing on fieldwork in two LDS communities Hazel O'Brien explores how these adherents experience the Church in Ireland against the backdrop of the country s increasingly complex religious identity Irish Latter day Saints live on the margins of the nation s religious life and the worldwide LDS movement Nonetheless they create a sense of belonging for themselves by drawing on collective memories of both their Irishness and their faith As O'Brien shows Irish Latter day Saints work to shift the understanding of Ireland s religious landscape away from a predominant focus on Roman Catholicism They also challenge Utah based constructions of Mormonism in order to ensure their place in the Church s powerful religious and cultural lineage Examining the Latter day Saint experience against one nation s rapid social and religious changes Irish Mormons blends participant observation and interviews with analysis to offer a rare view of the Latter day Saints in contemporary Ireland

The Latter-Day Saints in the Modern Day World William Joseph Whalen, 1964

Mitt Romney, Mormonism, and the 2012 Election L. Perry, 2014-08-07 This book seeks to address the question of how we should understand the impact of Mitt Romney s faith in the 2012 election As the first Mormon to earn a presidential nomination from a major party the book provides a comprehensive study of Romney s historic candidacy

Excavating Mormon Pasts Newell C. Bringhurst, Lavina Fielding Anderson, 2004-08-31 Winner of the Special Book Award from the John Whitmer Historical Association *Excavating Mormon Pasts* assembles sixteen knowledgeable scholars from both LDS and the Community of Christ traditions who have long participated skillfully in this dialogue It

presents their insightful and sometimes incisive surveys of where the New Mormon History has come from and which fields remain unexplored It is both a vital reference work and a stimulating picture of the New Mormon History in the early twenty first century *Handbook of Religion and Mental Health* David H. Rosmarin, Harold G. Koenig, 1998-09-18 The Handbook of Religion and Mental Health is a useful resource for mental health professionals religious professionals and counselors The book describes how religious beliefs and practices relate to mental health and influence mental health care It presents research on the association between religion and personality coping behavior anxiety depression psychoses and successes in psychotherapy and includes discussions on specific religions and their perspectives on mental health Provides a useful resource for religious and mental health professionals Describes the connections between spirituality religion and physical and mental health Discusses specific religions and their perspectives on mental health Presents research on the association between religion and personality coping behavior anxiety depression psychoses and successes in psychotherapy

Mormons and the Bible Philip L. Barlow, 1997-02-27 The Mormons have been one of the most studied American religious groups still no consensus exists about the essential nature of the movement or its place in American religion In this study Barlow analyzes the approaches taken to the Bible by key Mormon leaders from founder Joseph Smith up to the present day He shows that Mormon attitudes toward the Bible comprise an extraordinary mix of conservative liberal and radical ingredients an almost fundamentalist adherence to the King James Version of the Bible coexists with belief in the possibility of new revelation and surprising ideas on the limits of human language Exploring this unique Mormon stance on scripture Barlow takes important steps toward unraveling the mystery of this quintessential American religious phenomenon

Roots of Modern Mormonism Mark P. Leone, 1979 Religious Tolerance in World Religions Jacob Neusner, Bruce Chilton, 2008-05 Today and historically religions often seem to be intolerant narrow minded and zealous But the record is not so one sided In Religious Tolerance in World Religions numerous scholars offer perspectives on the what and why traditions of tolerance in world religions beginning with the pre Christian West Greco Roman paganism and ancient Israelite Monotheism and moving into modern religions such as Christianity Judaism Islam Buddhism and Hinduism By tolerance the authors mean the capacity to live with religious difference and by toleration the theory that permits a majority religion to accommodate the presence of a minority religion The volume is introduced with a summary of a recent survey that sought to identify the capacity of religions to tolerate one another in theory and in practice Eleven religious communities in seven nations were polled on questions that ranged from equality of religious practitioners to consequences of disobedience The essays frame the provocative analysis of how a religious system in its political statement produces categories of tolerance that can be explained in that system's logical context Past and present beliefs practices and definitions of social order are examined in terms of how they support tolerance for other religious groups as a matter of public policy Religious Tolerance in World Religions focuses attention on the attitude that the infidel or non believer may be accorded an honorable position

within the social order defined by Islam or Christianity or Judaism or Buddhism or Hinduism and so on It is a timely reference for colleges and universities and for makers of public policy **The Forging of Races** Colin Kidd,2006-09-07 This book revolutionises our understanding of race Building upon the insight that races are products of culture rather than biology Colin Kidd demonstrates that the Bible the key text in Western culture has left a vivid imprint on modern racial theories and prejudices Fixing his attention on the changing relationship between race and theology in the Protestant Atlantic world between 1600 and 2000 Kidd shows that while the Bible itself is colour blind its interpreters have imported racial significance into the scriptures Kidd s study probes the theological anxieties which lurked behind the confident facade of white racial supremacy in the age of empire and race slavery as well as the ways in which racist ideas left their mark upon new forms of religiosity This is essential reading for anyone interested in the histories of race or religion **Modern**

Mormonism Robert L. Millet,2010-10-21 What answer may a Latter day Saint make to accusations from those of other faiths that Mormons aren t Christians or You think God is a man and You worship a different Jesus Not only are these charges disconcerting but the hostility with which they are frequently hurled is equally likely to catch Latter day Saints off guard Now Robert L Millet veteran of hundreds of such verbal battles cogently helpfully and scripturally provides important clarifications for Latter day Saints about eleven of the most frequent myths used to discredit the Church Along the way he models how to conduct such a Bible based discussion respectfully weaving in enlightenment from LDS scriptures and quotations from religious figures in other faiths ranging from the early church fathers to the archbishop of Canterbury Millet enlivens this book with personal experiences as a boy growing up in an area where Mormons were a minuscule and not particularly welcome minority in one on one conversations with men of faith who believed differently and with his own BYU students who also had lessons to learn about interfaith dialogue He pleads for greater cooperation in dealing with the genuine moral and social evils afflicting the world and concludes with his own ardent and reverent testimony of the Savior

“This Is My Doctrine”: The Development of Mormon Theology Charles R. Harrell,2011-08-05 The principal doctrines defining Mormonism today often bear little resemblance to those it started out with in the early 1830s This book shows that these doctrines did not originate in a vacuum but were rather prompted and informed by the religious culture from which Mormonism arose Early Mormons like their early Christian and even earlier Israelite predecessors brought with them their own varied culturally conditioned theological presuppositions a process of convergence and only later acquired a more distinctive theological outlook a process of differentiation In this first of its kind comprehensive treatment of the development of Mormon theology Charles Harrell traces the history of Latter day Saint doctrines from the times of the Old Testament to the present He describes how Mormonism has carried on the tradition of the biblical authors early Christians and later Protestants in reinterpreting scripture to accommodate new theological ideas while attempting to uphold the integrity and authority of the scriptures In the process he probes three questions How did Mormon doctrines develop What are the

scriptural underpinnings of these doctrines And what do critical scholars make of these same scriptures In this enlightening study Harrell systematically peels back the doctrinal accretions of time to provide a fresh new look at Mormon theology This Is My Doctrine will provide those already versed in Mormonism s theological tradition with a new and richer perspective of Mormon theology Those unacquainted with Mormonism will gain an appreciation for how Mormon theology fits into the larger Jewish and Christian theological traditions Religion and the Creation of Race and Ethnicity Craig R Prentiss,2003-06-01 The original essays in this collection shed light on the role religion and myth have played in the creation of race and ethnic categories When scholars approach religion and race they tend to focus on such issues as how African Americans have expressed Christianity or how Japanese or Mexicans have lived religiously This volume meant specifically for those new to the field offers a different perspective Prominent scholars illuminate the role religious myths have played in shaping those very social boundaries that we call races and ethnicities It asks what part did Christianity play in creating Blackness To what extent was Japanese or Mexican identity itself the product of religious life The text comprised of all original material introduces readers to the social construction of race and ethnicity and the ways in which these concepts are shaped by religious narratives It offers examples from both the U S and around the world exploring these themes in the context of places as diverse as Bosnia India Japan Mexico Zimbabwe and the Middle East The volume helps make the case that any account of the social construction of race and ethnicity will be incomplete if it fails to consider the influence of religious traditions and myths **Mormon Feminism** Joanna Brooks,Rachel Hunt Steenblik,Hannah Wheelwright,2016 This is the first ever collection of classic writings and speeches from four decades of the modern Mormon feminist movement A definitive and essential guide for anyone who wants to understand the unique and often controversial history of gender in Mormonism Mormon Feminism makes available in one place for the first time the groundbreaking essays speeches and poems of the Mormon feminist movement David O. McKay and the Rise of Modern Mormonism Gregory A. Prince,William Robert Wright,2005 Focuses primarily on the years of McKay s presidency of the Church of Jesus Christ of Latter day Saints during some of the most turbulent times in American and world history **American Sociology of Religion** ,2007-08-31 This is a collection of histories of various aspects of American sociology of religion The contributions range from descriptions of early dissertations accounts of changes in theoretical conceptualization the evolution of studies of particular denominations to the rise of new areas of inquiry such as globalization feminism new religions and the study of the religious traditions of Latino a Americans Taken as a whole the volume complements rather than duplicates commemorative issues of the relevant journals which focused on the scholarly organizations in the field It represents a first effort to develop an organized treatment of the fascinating history of the specialty in the U S A Mormon Women at the Crossroads Caroline Kline,2022-06-28 Winner of the Mormon History Association Best International Book Award The Church of Jesus Christ of Latter day Saints continues to contend with longstanding tensions surrounding gender and race Yet women of color in the

United States and across the Global South adopt and adapt the faith to their contexts many sharing the high level of satisfaction expressed by Latter day Saints in general Caroline Kline explores the ways Latter day Saint women of color in Mexico Botswana and the United States navigate gender norms but also how their moral priorities and actions challenge Western feminist assumptions Kline analyzes these traditional religious women through non oppressive connectedness a worldview that blends elements of female empowerment and liberation with a broader focus on fostering positive and productive relationships in different realms Even as members of a patriarchal institution the women feel a sense of liberation that empowers them to work against oppression and against alienation from both God and other human beings Vivid and groundbreaking Mormon Women at the Crossroads merges interviews with theory to offer a rare discussion of Latter day Saint women from a global perspective
