concerns and desires that permeate the twentieth and twenty first centuries How does poetry concerned with the past memory loss and death carry futurity How does it haunt and how is it haunted by future presents Specters of Cavafy broaches these questions by proposing spectral poetics as a novel approach to Cavafy s work Drawing from theorizations of specters and haunting it develops spectrality as a lens for revisiting Cavafy s poetry and prose fiction and nonfiction as well as his poetry s bearing on our present By examining Cavafy s spectral poetics the book s first part shows how conjurations work in his writings and how the spectral permeates the entanglement of modernity and haunting and of irony and affect The second part traces the afterlives of specific poems in the Western imagination since the 1990s in Egypt s history of debt and colonization and in Greece during the country s recent debt crisis Beyond its original contribution to Cavafy studies the book proposes tools and modes of reading that are broadly applicable in literary and cultural studies

### **Tragic Resistance**

Megan Shea,2024-12-30 Tragic Resistance analyzes playwrights directors and performers who shatter gender norms to gain agency within the patriarchal institutions restricting them The artists in this book work against the tragic narratives that would otherwise constrict them the tragedy of Antigone unmade by Judith Malina the history of The Venus Hottentot pulled into the present in Suzan Lori Parks s Venus the narrative of the rape victim eschewed in Emma Sulkowicz s performances the story of brides jilted by the homophobic state government in the case of Annie Sprinkle and Beth Stephens the tragedy of Anna Nicole as told by Margaret Cho and the reclamation of the female body from traditional hip hop by Nicki Minaj All these performers and performances subvert traditional notions of gendered roles that people should or could hold This book examines the nature of these performances to interrogate how theatrical and performative resistance works and why performance might be a vehicle for altering patriarchal structures that withhold agency from women and trans genderqueer people

**Being and Neonness** Luis De Miranda,2024-05-21 A cultural and philosophical history of neon from Paris in the twentieth century to the perpetually switched on present day For most of us the word neon conjures images of lights colors nightlife and streets It evokes the poetry of city nights For Luis de Miranda neon is a subject of philosophical curiosity Being and Neonness is a cultural and philosophical history of neon from early twentieth century Paris to the electric perpetually switched on present day Manhattan It is an inspired journey through a century of night deciphering the halos of the past and the reflections of the present to shed light on the future Invented in Paris in 1912 neon first appeared on a modest but arresting sign outside a small barbershop the sign lit up number 14 Boulevard Montmartre attracting so many passersby that the barber's revenues soon doubled A century later neon is no longer just a sign it is a mythic object a metonymy of contemporary identity and a metaphor for the present signifying the ubiquity of commerce and the tautology of hypermodernity But perhaps the noble gas of neon whispers something more something deeper In ten short poetic yet precise chapters de Miranda explores the neon lights of the twentieth century He considers among other historical curiosities the neon compulsions of the Italian Futurists the Soviet program of neonization the Nazi's deployment of neon for propaganda purposes Baudelaire's halo and Benjamin's aura neon as a gas and crystallized chaos neon and power neon and capitalism all of this backlit by an original reading of Sartre's Being and Nothingness This English edition has been thoroughly revised and adapted from the French edition *Le tre et le neon*
