Contemporary Poetry And Postmodernism:

Contemporary Poetry and Postmodernism I. Gregson, 1996-11-01 Contemporary Poetry and Postmodernism explores the fraught relationship between the poetry of the mainstream and kinds of modernist poetry that have had to make their way outside it Mainstream poets like Paul Muldoon James Fenton and Carol Ann Duffy multiply voices and so draw on resources from the novel Bakhtin's concept of the dialogic is therefore used to explain their techniques By contrast Shklovsky's concept of estrangement is shown to be more useful in accounting for the radical experimentation of poets like Edwin Morgan Christopher Middleton and Denise Riley However the book concludes by suggesting that partly because of the influence of surrealism in women poets like Selima Hill and Jo Shapcott the mainstream has recently been infiltrated by modernist and postmodernist estrangement effects

Contemporary Poetry and Postmodernism Ian Gregson, 1996 *Forces in Modern & Postmodern Poetry* Albert Cook, 2008 *Forces in Modern and Postmodern Poetry* examines the works of classic authors in the modern and postmodern literary tradition including Stéphane Mallarmé Wallace Stevens Samuel Beckett Gertrude Stein Charles Olson Paul Celan Ezra Pound William Carlos Williams Louis Zukofsky and John Ashbery all from a comparative perspective The concepts modern and postmodern are not used to provide definitive answers but to raise questions concerning the status of representation issues of the self and the use of imagery and musical invention The wide range of the study is matched by the richly detailed analysis of specific poetic texts from an author noted for the scope and acuity of his attention to modern poetry in all its varied forms

Modern Poetry after Modernism James Longenbach, 1997-11-27 In this book James Longenbach develops a fresh approach to major American poetry after modernism Rethinking the influential breakthrough narrative the oft told story of postmodern poets throwing off their modernist shackles in the 1950s Longenbach offers a more nuanced perspective Reading a diverse range of poets John Ashbery Elizabeth Bishop Amy Clampitt Jorie Graham Richard Howard Randall Jarrell Robert Lowell Robert Pinsky and Richard Wilbur Longenbach reveals that American poets since mid century have not so much disowned their modernist past as extended elements of modernism that other readers have suppressed or neglected to see In the process Longenbach allows readers to experience the wide variety of poetries written in our time without asking us to choose between them

Contemporary British Poetry and the City Peter Barry, 2000 Peter Barry explores a range of poets who visit and celebrate the mean streets of the contemporary urban scene Poets discussed include Ken Smith Iain Sinclair Roy Fisher Edwin Morgan Sean O'Brien Ciaran Carson Peter Reading Matt Simpson Douglas Houston Deryn Rees Jones Denise Riley Ken Edwards Levi Tafari Aidan Hun and Robert Hampson writing on Hull Liverpool London Birmingham Belfast Glasgow and Dundee

twentieth century American poetry Jennifer Ashton examines the relationship between modernist and postmodernist American poetics Ashton moves between the iconic figures of American modernism Stein Williams Pound and developments in contemporary American poetry to show how contemporary poetics specially the school known as language poetry have attempted to redefine the modernist legacy She explores the complex currents of poetic and intellectual interest that connect contemporary poets with their modernist forebears The works of poets such as Gertrude Stein and John Ashbery are explained and analysed in detail This major account of the key themes in twentieth century poetry and poetics develops important ways to read both modernist and postmodernist poetry through their similarities as well as their differences It will be of interest to all working in American literature to modernists and to scholars of twentieth century poetry [A History of Modern Poetry](#) David Perkins,1987 This study of British and American poetry from the mid 1920s to the recent past clarifies the complex interrelations of individuals groups and movements and the contexts in which the poets worked
