breadth and or global access Both reflect the paradigm of monolingualism within which much literary scholarship on Indian literature takes place This handbook instead focuses on the multilingual pathways through which modern Indian literature gets constituted It features cutting edge literary criticism from at least seventeen languages and on traditional literary genres as well as more recent ones like graphic novels It shows the deep connections and collaborations across genres languages nations and regions that produce a literature of diverse contact zones generating innovations on form aesthetics and technique Foregrounding themes such as modernity and modernism gender caste diaspora and political resistance the book collects an array of perspectives on this vast topic **University of Michigan Official Publication** University of Michigan,1992 Each number is the catalogue of a specific school or college of the University **Decolonizing Literature** Anna Bernard,2023-08-15 Recent efforts to diversify and decentre the literary canon taught at universities have been moderately successful Yet this expansion of our reading lists is only the start of a broader decolonization of literary studies as a discipline there is much left to be done How can students and educators best participate in this urgent intellectual and political project Anna Bernard argues that the decolonization of literary studies requires a change to not only what but how we read In lively prose she explores work that has already been done both within and beyond the academy and challenges readers to think about where we go from here She suggests ways to recognize and respond to the political work that texts do considering questions of language and translation comparative reading ideological argument and genre in relation to the history of anticolonial struggle Above all Bernard shows that although we still have far to go the work of decolonizing literary studies is already under way *Decolonizing Literature* is a must have resource for all those concerned by the development and future of the field *International Who's Who of Authors and Writers 2004* Europa Publications,2003 Accurate and reliable biographical information essential to anyone interested in the world of literature TheInternational Who s Who of Authors and Writersoffers invaluable information on the personalities and organizations of the literary world including many up and coming writers as well as established names With over 8 000 entries this updated edition features Concise biographical information on novelists authors playwrights columnists journalists editors and critics Biographical details of established writers as well as those who have recently risen to prominence Entries detailing career works published literary awards and prizes membership and contact addresses where available An extensive listing of major international literary awards and prizes and winners of those prizes A directory of major literary organizations and literary agents A listing of members of the American Academy of Arts and Letters
