Contes Et Entretiens:

Contes et entretiens Denis Diderot, 1977 Quel est le statut de l'individu dans le Diderot couple Ceci n'est pas un conte Le sage doit-il toujours respecter la loi Entretien d'un père avec ses enfants La morale peut-elle se passer de fondement religieux Entretien d'un philosophe avec Madame la Marchale de Dans les récits brefs et piquants qu'il rédige entre 1768 et 1774 Diderot s'inspire d'anecdotes et de personnages réels pour interroger les mœurs de son temps et mettre mal à l'aise le lecteur verrouillé des conventions sociales Faisant du conte un laboratoire de morale expérimentale il aborde les questions du mariage de l'infidélité de la condition féminine de la vertu ou encore de l'athéisme et invite le lecteur à rassembler ces fragments d'histoires et de dialogues pour tenter de saisir la vérité toujours mouvante de l'humain *Love, Power, and Gender in Seventeenth-Century French Fairy Tales* Bronwyn Reddan, 2020-12 Love is a key ingredient in the stereotypical fairy tale ending in which everyone lives happily ever after This romantic formula continues to influence contemporary ideas about love and marriage but it ignores the history of love as an emotion that shapes and is shaped by hierarchies of power including gender class education and social status This interdisciplinary study questions the idealization of love as the ultimate happy ending by showing how the conteuses the women writers who dominated the first French fairy tale vogue in the 1690s used the fairy tale genre to critique the power dynamics of courtship and marriage Their tales do not sit comfortably in the fairy tale canon as they explore the good the bad and the ugly effects of love and marriage on the lives of their heroines Bronwyn Reddan argues that the conteuses scripts for love emphasize the importance of gender in determining the right way to love in seventeenth century France Their version of fairy tale love is historical and contingent rather than universal and timeless This conversation about love compels revision of the happily ever after narrative and offers incisive commentary on the gendered scripts for the performance of love in courtship and marriage in seventeenth century France **Frontières Du Conte** François Marotin, 1982 **Ses souvenirs, ses entretiens** Jean Louis Ernest Meissonier, O. Pushkin and Romantic Fashion is about the interpenetration of culture and personality specifically Alexander I s Russian Empire a latecomer in post Napoleonic European history and Aleksandr Pushkin virtuoso improvisor yet prisoner of the Golden Age discourses that now bear his name It focuses on Pushkin s use of the Romantic fragment especially the link between the fragment and Romantic irony s fundamental and modern questioning of the sources and intentionality of language In the view of such irony s most eloquent formulator Friedrich Schlegel identity does not precede speech but is forged in each improvisational interaction with interlocutor or reader One finds out who one is by speaking and all utterances and texts stand in a fragmentary contingent relation to an accumulating life text Pushkin may actually come closest of all major European poets to realizing what Schlegel prescribed or diagnosed as the poetics of modernity not because of any direct links but because as common latecomers on the European cultural scene Russian and German writers shared a fascination with European fashions and an ironic talent for conflating or stepping outside them Thus Pushkin s kaleidoscopic explorations of fashionable European genres from Augustan erotic elegy to the archaic Greek lyric fragment from the Byronic Oriental poetic tale to Shakespearean chronicle drama from the modern society tale to the Walter Scott historical novel can be seen as ever more dramatic rewritings of and meditations on a previous life text This fragmentary and ironic self presentation has ensured that every generation of Pushkin readers no matter how gilded with cultural authority the poet became talked back The author is deeply concerned to embed Pushkin in a larger European context in a way critically consonant with the best in Western Romantic studies She locates Pushkin s penchant for fragmentary structures in a European discourse of fragmentation reveal
