Luzac and co, 1891 **Oeuvres** Jean de La Fontaine, 1892 **Bachelors, Bastards, and Nomadic Masculinity** Robert
Fagley, 2014-11-19 Bachelors Bastards and Nomadic Masculinity is firstly a thematic exploration of bachelor figures and male
bastards in literary works by Guy de Maupassant and Andr Gide The coupling of Maupassant and Gide is appropriate for such
an analysis not only because of their mutual treatment of illegitimacy but also because each writer represents varieties of
bachelors and bastards from disparate social classes and subcultures each writing during contiguous moments of socio legal
changes particularly related to divorce law and women s rights which consequently have great influence on the legal destiny
of illegitimate or natural children Napoleon s Civil Code of 1804 provides the legal patriarchal framework for the period of
this study of illegitimacy from about 1870 to 1925 The Civil Code saw numerous changes during this period The Naquet Law
of 1884 which reestablished limited legal divorce represents the central socio legal event of the turn of the century in
matters of legitimacy whereas the Franco Prussian War of 1870 and the First World War furnish chronological bookends for
this book Besides through history law and sociology this book treats illegitimacy through the lens of various branches of
gender and sexual theory particularly the study of masculinities and a handful of other important critical theories most
importantly those of Michel Foucault Eve Sedgwick Todd Reeser Charles Stivale and Gilles Deleuze and F lix Guattari
Bachelors and bastards are two principal players in the representation of illegitimacy in Maupassant and Gide but this study
considers the theme of illegitimacy as extended beyond simple questions of legitimate versus illegitimate children The male
bastard is only one of the Counterfeit characters examined in these authors fictional texts This book is divided into three
parts which consider specific thematic elements of their bastard narratives Part One frames the representation in fiction of
bachelor figures and how they contribute to or the roles they play in instances of illegitimacy Part Two springs from and
develops the metaphor of the counterfeit coin whether represented by a bastard son an affected schoolboy a false priest or a
pretentious litt rateur Part Three explains the concept of nomadic masculine practices such practices include nomadic styles
of masculinity development as well as the bastard s nomadism *Oeuvres de Jean de la Fontaine* Jean de La Fontaine, 1892
