Contested Governance In Japan Sites And Issues:

Contested Governance in Japan Glenn D. Hook, 2005-08-11 *Contested Governance in Japan* extends the analysis of governance in contemporary Japan by exploring both the sites and issues of governance above and below the state as well as within it. This volume discusses the contested nature of governance in Japan and the ways in which a range of actors are involved in different sites and issues of governance at home in the region and the globe. It includes chapters on global governance, local policy making, democracy, environmental governance, the Japanese financial system, corruption, the family, and corporate governance.

Contested Governance in Japan Glenn D. Hook, 2005-08-11 *Contested Governance in Japan* extends the analysis of governance in contemporary Japan by exploring both the sites and issues of governance above and below the state as well as within it. This volume discusses the contested nature of governance in Japan and the ways in which a range of actors are involved in different sites and issues of governance at home in the region and the globe. It includes chapters on global governance, local policy making, democracy, environmental governance, the Japanese financial system, corruption, the family, and corporate governance.

Japan's Relations With China Peng Er Lam, 2006-04-18 The essays in this collection examine Sino-Japanese political relations given the phenomenon of a rising China and a stagnating Japan. Questioning whether their relationship is one of cooperation or conflict, the book reviews China and Japan's bilateral ties to see whether they have deepened and broadened despite differences in outlook, national interest, and political systems. Adding a new perspective to the Sino-Japanese political relations discussion, the book looks beyond the interactions of central governments to examine the role of NGOs, local governments, and sub-regional linkages. The contributors adopt a range of analytical approaches and explore case studies including the Taiwan issue, Japanese Official Development Policy towards China, and joint fishery management in the East China Sea. With perspectives from the US, Russia, and Malaysia, the book yields new insights into this complex and multifaceted relationship and is a welcome addition to the current literature.

Proletarian and Gendered Mass Migrations, 2013-05-02 *Proletarian and Gendered Mass Migrations* connects the 19th and 20th century labor migrations and migration systems in global transcultural perspective. It emphasizes macro-regional internal continuities or discontinuities and interactions between and within macro-regions. The essays look at migrant workers' experiences in constraining frames and the options they seize or constraints they circumvent. It traces the development from 19th century proletarian migrations to industries and plantations across the globe to 20th and 21st century domestics and caregiver migrations. It integrates male and female migration and shows how women have always been present in mass migrations. Studies on historical development over time are supplemented by case studies on present migrations in Asia and from Asia. A systems approach is combined with human agency perspectives. Contributors include Rochelle Ball, Shelly Chan, Dennis D. Cordell, Michael Douglass, Christiane Harzig, Dirk Hoerder, Muhamad Nadratuzzaman, Hosen Hassaneh, Kassir Kamel, Kateb Amarjit Kaur, Kiranjit Kaur, Gijs Kessler, Akram Khater, Elizabeth A. Kuznesof, Vera Mackie.

Gender, Nation and State in Modern Japan Andrea Germer, Vera Mackie, Ulrike Wöhr, 2014-07-25 Gender Nation and State in Modern Japan makes a unique contribution to the international literature on the formation of modern nation states in its focus on the gendering of the modern Japanese nation state from the late nineteenth century to the present References to gender relations are deeply embedded in the historical concepts of nation and nationalism and in the related symbols metaphors and arguments Moreover the development of the binary opposition between masculinity and femininity and the development of the modern nation state are processes which occurred simultaneously They were the product of a shift from a stratified hereditary class society to a functionally differentiated social body This volume includes the work of an international group of scholars from Japan the United States Australia and Germany which in many cases appears in English for the first time It provides an interdisciplinary perspective on the formation of the modern Japanese nation state including comparative perspectives from research on the formation of the modern nation state in Europe thus bringing research on Japan into a transnational dialogue This volume will be of interest in the fields of modern Japanese history gender studies political science and comparative studies of nationalism *The Politics of War Memory in Japan* Kamila Szczepanska, 2014-05-09 Since the 1990s questions of Japanese wartime conduct apologies for aggression and compensation to former victims of the country's imperial policies have been brought to the fore of national and regional politics The state is undoubtedly the most important actor in the process of memory production and along with conservative legislators and the grass root revisionist movement there has been a consistent trend towards denying or undermining the existing acknowledgments of responsibility for Japan's wartime past However to fully comprehend war memory in Japan due attention must be paid to competing discourses that demand an alternative view and only then can the complexity of Japanese war memory and attitudes towards the legacies of the Asia Pacific war be understood The Politics of War Memory in Japan examines the involvement of five civil society actors in the struggle over remembering and addressing the wartime past in Japan today In studying progressive war memory activists it quickly becomes clear that the apologia by conservative politicians cannot be treated as representative of the opinion of the majority of the Japanese public Indeed this book seeks to remedy the disparity between studies devoted to the official level of addressing the history issue and the grass root historical revisionist movement on the one side and progressive activism on the other Furthermore it contributes to scholarly debates on the state of civil society in Japan challenging the characterisation of Japanese civil society as a depoliticised space by demonstrating a more contentious side of civil society activism Drawing important new empirical research this book will be of huge interest to students and scholars of Japanese civil society Japanese politics Japanese history and memory in Japan **Nationalism and Power Politics in Japan's Relations with China** Yew Meng Lai, 2013-08-22 Despite flourishing economic interactions and deepening interdependence the current political and diplomatic relationship between Japan and

China remains lukewarm at best. Indeed bilateral relations reached an unprecedented nadir during the spring of 2005 and again more recently in autumn 2012 as massive anti Japanese demonstrations across Chinese cities elicited corresponding incidents of popular anti Chinese reprisal in Japan. This book systematically explores the complex dynamics that shape contemporary Japanese Chinese relations. In particular it analyses the so called revival of nationalism in post Cold War Japan its causality in redefining Japan's external policy orientations and its impact on the atmosphere of the bilateral relationship. Further by adopting a neoclassical realist model of state behaviour and preferences Lai Yew Meng examines two highly visible bilateral case studies: the Japanese Chinese debacle over prime ministerial visits to Yasukuni Shrine and the multi dimensional dispute in the East China Sea which comprises the Senkaku Diaoyudao territorial row, alleged Chinese maritime incursions and bilateral competition for energy resources. Through these examples this book explores whether nationalism really matters when and under what circumstances nationalism becomes most salient and the extent to which the emotional dimensions of nationalism manifest most profoundly in Japanese state elites policy decision making. This timely book will be of great interest to students and scholars of both Japanese and Chinese politics as well as those interested in international relations, nationalism, foreign policy and security studies more broadly.

Narrative Management in Corporate Japan

Chie Yorozu, 2015-11-19. Scandals and failures in some of the best known international Japanese owned companies have shown that there is sometimes a considerable difference between the public and internal narratives of Japanese firms. This book explores the extent to which Japanese firms public claims reflect wider reality. Exploring how and why corporate narrative management is accepted or rejected by external and internal audiences in Japan, the book clarifies what narrative management means for Japanese organizations. It argues that the role of narrative management has become much more prevalent in Japan in recent years but that it does not serve quite the same role as it does in the Western environments where the theory and practice first emerged. The author presents interview based case studies within four very different large Japanese organisations, all of which have deployed and loudly announced new restructuring plans based largely on Western models of corporate best practice. The book aims to describe and account for these Japanese corporate narratives and asks what they are, why they are deployed and who believes in them. As the first narrative related work in the Japanese context, this volume provides an insight into the development of Japanese narrative management. It will appeal to students and scholars of Japanese Business, International Business and Organizational Studies.

Governing Insecurity in Japan Wilhelm

Vosse, Reinhard Drifte, Verena Blechinger-Talcott, 2014-06-27. Since the end of the Cold War Japan's security environment has changed significantly. While on the global level the United States is still Japan's most important security partner, the nature of the partnership has changed as a result of shifting demands from the United States, new international challenges such as the North Korean nuclear programme and the rapid rise of China. At the same time Japan has been confronted with new non traditional security threats such as international terrorism, the spread of infectious diseases and global environmental

problems On the domestic level demographic change labour migration economic decline workplace insecurity and a weakening impact of policy initiatives challenge the sustainability of the lifestyle of many Japanese and have led to a heightened sense of insecurity among the Japanese public This book focuses on the domestic discourse on insecurity in Japan and goes beyond military security The chapters cover issues such as Japan's growing perception of regional and global insecurity the changing role of military forces the perceived risk of Chinese foreign investment societal cultural and labour insecurity and how it is affected by demographic changes and migration as well as food insecurity and its challenges to health and public policy Each chapter asks how the Japanese public perceives these insecurities how these perceptions influence the public discourse the main stakeholders of this discourse and how this affects state society relations and government policies *Governing Insecurity in Japan* provides new insights into Japanese and international discourses on security and insecurity and the ways in which security is conceptualized in Japan As such it will be of interest to students and scholars working on Japanese politics security studies and international relations

Sacred High City, Sacred Low City Steven Heine, 2012 The author argues that lived religion in Japan functions as an integral part of daily life any apparent lack of interest masks a fundamental commitment to participating regularly in diverse though diffused religious practices The book uses case studies of religious sites at two representative but contrasting Tokyo neighborhoods as a basis for reflecting on this apparently contradictory quality

Networks and Mobilization Processes: The Case of the Japanese Anti-Nuclear Movement after Fukushima Anna Wiemann, 2018-05-14 Environmental disasters or other large scale disruptive events often trigger the emergence of social movements demanding social and or political change This study investigates mobilization processes at the meso level of the Japanese anti nuclear movement after the nuclear disaster at the Fukushima Daiichi nuclear power plant caused by the Great East Japan Earthquake and subsequent tsunami waves on March 11 2011 To capture such meso level movement dynamics which so far have played only a minor role in research on social movement mobilization the study presents an analytical model based on premises from political process theory network theory and relational sociology This model is then applied to the case of the Japanese anti nuclear movement after Fukushima by looking at the relational dynamics of two coalitional movement networks engaged in advocacy related activities in Tokyo The first case study is the shift a network coalition working for nuclear phase out and the promotion of renewable energy the other is SHSK Shienh Shimin Kaigi a coalition pushing for the rights of people affected by radioactive contamination and or evacuation from contaminated areas The study traces the mobilization processes of these two networks by analyzing data gathered in 2013 and 2014 in the form of participant observation of movement events semi structured interviews with movement organization representatives and documentary data

Japan's Politics and Economy Marie Söderberg, Patricia Nelson, 2009-12-16 For some time Japan has been under fire for adjusting too slowly to new realities While this criticism may be valid on some levels Japan has been transforming in tandem with both regional and global forces However these changes have been largely

overshadowed by the immense changes in Asia including the rise of China the 1997 Southeast Asian financial crisis and North Korea's development of nuclear weapons Has Japan the world's second largest economy only been muddling through In this volume the contributors show that although the challenges faced are great Japan is changing in areas ranging from political leadership education policy official development assistance peace building and security to defence production business associations and innovation policy The book analyses processes of change focusing on the dynamics of change rather than structural change or institutional change per se from four levels the individual domestic regional and global Forces from outside Japan such as a changing world order and changes in power relationships in Asia have driven change along with pressures emerging within Japan such as the increasing power of public opinion and competitiveness within markets This book will be of interest to scholars and students of Japanese and Asian Studies Politics International Relations Globalization Business and Economics

Curbing Corruption in Asian Countries Jon S. T. Quah, 2011-07-21 As corruption is a serious problem in many Asian countries their governments have introduced many anti corruption measures since the 1950s This book analyzes and evaluates the anti corruption strategies employed in Hong Kong SAR India Indonesia Japan Mongolia the Philippines Singapore South Korea Taiwan and Thailand

Decoding Boundaries in Contemporary Japan Glenn Hook, 2010-12-21 The purpose of this book is to illuminate the changing nature of contemporary Japan by decoding a range of political economic and social boundaries with a focus on the period following the inauguration of Prime Minister Koizumi Junichir's administration 2001-6 A rapid turnover of prime ministers followed Koizumi Abe Shinzō 2006-7 Fukuda Yasuo 2007-8 and Asō Tarō 2008 but the transformation set in motion through his promotion of a more proactive role for Japan internationally and the implementation of structural reforms domestically set the direction for future administrations The central argument of the book is that in order to achieve the twin goals of greater international proactivity and domestic reform the government and other actors supporting the new direction for Japan pushed forward by the Koizumi administration needed to take action in order to destabilize and reformulate a range of extant boundaries This task was achieved by deploying material as well as normative resources including the production of new discourses about the way these resources should be deployed

Globalization and Governance Jon Pierre, 2013 To put Pierre brings globalization down to earth After all the hype he serves as an experienced and trustworthy guide to the key question of how far nation states are forced to follow global trends His answers are nuanced well evidenced and thought provoking This should find a place on many reading lists Christopher Pollitt Katholieke Universiteit Leuven Belgium Jon Pierre's *Globalization and Governance* takes on perhaps the most significant question in international political economy to what extent have nations governance structures been determined and shaped by the recent great forces of globalization In an ingenious analytical tour de force he looks at how three very different democracies Japan Sweden and the U S have dealt with the economy intergovernmental relationships and administrative reform when confronted by globalization trends His conclusion is a

masterful elegant and convincing argument that boils down to somewhat but not as much as you or many other theorists might think This is an important sophisticated and ground breaking book about the interstices of international and domestic policymaking and political economy that challenges the conventional wisdom Is there any better kind in the study of governance Ellis Krauss University of California US Globalization and Governance makes a compelling case that domestic political economies can cope creatively distinctly and effectively with exogenous pressures for change However compelling and homogenizing global forces may appear to be the book shows that Sweden Japan and the United States continue to demonstrate an overwhelming resilience by entrenched domestic patterns plus powerful learning and adaptive capabilities This book is a welcome addition to the ongoing debates about globalization it is full of insights for specialists in both comparative politics and international relations T J Pempel University of California Berkeley US Globalization raises important questions about the governing capacity of domestic institutions In Globalization and Governance Jon Pierre studies the impact of international norms and prescriptions on domestic governance in Japan Sweden and the United States The empirical analysis is focused on economic governance administrative reform and intergovernmental relationships Drawing on survey data documents and interviews the analysis finds that domestic institutions still intrinsically shape domestic governance International norms towards deregulation and market based administrative reform confront domestic institutions with prescriptions for reform but the three countries provide only very few examples of unmitigated domestic implementation What Jon Pierre calls the microfoundations of globalization the assessment adoption or rejection of international norms and ideas in vogue is a complex process where domestic institutions and path dependencies remain at the helm The most important exception to this pattern is governance during financial crises where countries are dependent on conditioned support from transnational institutions This insightful and informative book will appeal to researchers academics post graduate as well as undergraduate students in governance political economy and international relations

Japan's Minorities Michael Weiner, 2009 Examining the ways in which the Japanese have manipulated historical memory the contributors reveal the presence of an underlying concept of Japaneseness that excludes members of the principal minority groups in Japan

Japan's International Relations Glenn D. Hook, Julie Gilson, Christopher W. Hughes, Hugo Dobson, 2011-09-01 The latest edition of this comprehensive and user friendly textbook provides a single volume resource for all those studying Japan's international relations It offers a clear and concise introduction to the most important aspects of Japan's role in the globalized economy of the twenty first century The book has been fully updated and revised to include comprehensive discussions of contemporary key issues for Japan's IR including the rise of China reaction to the global economic and financial crisis since 2008 Japan's proactive role after 9 11 and the war on terror responses to events on the Korean Peninsula relations with the USA and the Obama administration relations with Russia Central Asia and the Middle East changing responses to an expanding and deepening European Union Extensively illustrated the text includes statistics

maps photographs summaries and suggestions for further reading making it essential reading for those studying Japanese politics and the international relations of the Asia Pacific A note on the cover The cover illustration entitled Double Standard is a Japanese manga penned by satirical artist Ichihanahana in November 2010 regarding rising Japanese nationalism Japan China tensions over the disputed territory of the Senkaku islands and the US presence in Okinawa This manga demonstrates many of the key themes in Japan s ties with China and the US but also a number of other central features of Japan s international relations as explored throughout this text

Scandal in Japan Igor Prusa,2023-08-11 This book is an exploration of media scandals in contemporary Japanese society In shedding new light on the study of scandal in Japan the book offers a novel view of scandal as a specific mediatized ritual which follows moral disturbances throughout Japanese history Media and society are analyzed largely in terms of social performances while the focus is on how Japanese transgressors talk and act when explaining their scandals to the public A detailed analysis of three case studies is provided the drug scandal of the popular Japanese celebrity Sakai Noriko the donation scandal centering the heavyweight politician Ozawa Ichir and the Olympus accounting fraud revealed by the British CEO Michael Woodford This book will appeal to students and scholars of Japanese culture and society anthropology communication and media studies

Asian Regionalism and Japan Shintaro Hamanaka,2009-12-16 Explores the nature of regionalism by conducting a comprehensive analysis of over 30 regionalist proposals made by Japan and other Asian countries throughout the post war period The case studies go beyond an understanding of each regionalist project providing a deeper understanding of the behavior patterns of Japan and other countries

Japan's Security Identity Bhubhindar Singh,2013 Since the end of the Cold War there has been a significant change in Japanese security policy as Japan s security identity has shifted from a peace state to an international state In this book Bhubhindar Singh argues that from the 1990s onwards the Japanese security policymaking elite recognized that its earlier approach to security policy which was influenced by the peace state security identity was no longer appropriate Rather as a member of the international community Japan had to carve out a responsible role in regional and international security affairs which required greater emphasis on the role of the military in Japan s security policy To explore the change in Japan s security identity and its associated security behaviour this book contrasts the three areas that define and shape Japanese security policy Japan s conception or definition of national security the country s contribution in military terms to regional and international affairs and the changes to the security policy regime responsible for the security policy formulation Further it seeks to challenge the dominant realist interpretation of Japanese security policy by adopting an identity based approach and showing how whilst realist accounts correctly capture the trajectory of Japanese post Cold War security policy they fail to explain the underlying causes of the change in Japanese security behaviour in the post Cold War period This book is an important addition to the current literature on Japanese security policy and will be of great use to students and scholars interested in Japanese and Asian politics as well as security studies and international relations more

broadly

As recognized, adventure as with ease as experience nearly lesson, amusement, as competently as contract can be gotten by just checking out a ebook **Contested Governance In Japan Sites And Issues** in addition to it is not directly done, you could take on even more on this life, on the world.

Contested Governance In Japan Sites And Issues Introduction

In today's digital age, the availability of Contested Governance In Japan Sites And Issues books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Contested Governance In Japan Sites And Issues books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Contested Governance In Japan Sites And Issues books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Contested Governance In Japan Sites And Issues versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Contested Governance In Japan Sites And Issues books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Contested Governance In Japan Sites And Issues books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Contested Governance In Japan Sites And Issues books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It

also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Contested Governance In Japan Sites And Issues books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Contested Governance In Japan Sites And Issues books and manuals for download and embark on your journey of knowledge?

FAQs About Contested Governance In Japan Sites And Issues Books

What is a Contested Governance In Japan Sites And Issues PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Contested Governance In Japan Sites And Issues PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Contested Governance In Japan Sites And Issues PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Contested Governance In Japan Sites And Issues PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Contested Governance In Japan Sites And Issues PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties"

-> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
