Contested Adoptions Research Law Policy And Practice:

Contested Adoptions Murray Ryburn,1994 This work considers adoption made after court proceedings which have been contested by birth families or guardians Such adoptions are growing as a percentage of all adoption orders Key recommendations of the White Paper on adoption are included and considered in the context of adoption practice **Child Protection Assessment Following Serious Injuries to Infants** Peter Dale,Richard Green,Ron Fellows,2005-12-13 This book is especially welcome because of the scholarship and thoughtfulness evident throughout Dr Peter Reder Child Psychiatrist London How do child protection professionals and courts make judgments on whether serious injuries to infants are due to abuse If injuries are considered to be the result of abuse in what circumstances can it be considered safe for the infant to return home Child Protection Assessment Following Serious Injuries to Infants is concerned with helping child protection professionals and courts make the right decisions and avoid errors that can have disastrous consequences for children and families Drawing upon the extensive clinical and research experience of the authors this authoritative text Reviews research on the causes of child abuse and problems in diagnosing abuse Examines the views of parents who consider that they have been wrongly accused of child abuse Draws specific attention to the need to assess potential for change in families and considers in detail how this can be achieved Highlights skills issues that are necessary for undertaking appropriate assessments Identifies key factors that are indicative of reunification in some cases and factors that contraindicate reunification in others With its evidence based approach this book will be a valuable resource for all child protection professionals It will also be of use to health professionals legal professionals researchers lecturers and students of social work **After Adoption** Janette Logan,Carole Smith,2013-01-11 Few children nowadays are placed for adoption with no form of contact planned with birth relatives and it has become common professional practice to advocate direct rather than indirect contact Practice has outstripped evidence in this respect and not enough is known about how contact arrangements actually work out particularly for older children adopted from state care Such children have often experienced neglect and sometimes abuse and have frequently been adopted without parental agreement Based on research with a large number of adoptive parents children and birth relatives After Adoption considers the impact of direct post adoption contact on all concerned in such cases It also discusses the development of adoption policy and law particularly with regard to the legal and social consequences reviews the research evidence on adopted children s contact with their birth families explores through interviews participants feelings about adoption and direct contact their relationships with each other what hinders and what helps After Adoption challenges readers to re think the relationship between adoption and the possibility of direct post adoption contact and at the same time provides a comprehensive understanding of adoption issues It is a timely and valuable addition to the literature on adoption making a substantial contribution to policy and practice **Child Welfare Services** Malcolm Hill,Jane Aldgate,1996-01-01 The contributors to this book provide a comprehensive review of child care

policy and practice They present evaluations and critiques of new or impending legislation and policies and describe innovative services for children and young people who are deemed to be in need of protection care or control as a result of abandonment neglect ill treatment offending or other difficulties They also examine changes in adoption law where such issues as placement policies in relation to children from ethnic minorities intercountry adoption and the trend towards greater openness have become prominent and controversial in recent years

Children and Their Families Andrew Bainham,2003-09 This book examines the regulation of family relationships in particular the issue of openness and contact

Empowering Practice? Lupton, Carol,Nixon, Paul,1999-07-28 The nature and meaning of empowerment in the child welfare context are examined in this book It evaluates the process which enables children and their families to have effective participation in decision making

Social Policy John Baldock,Lavinia Mitton,2011-09-22 Designed for use by undergraduates on social policy social work and sociology courses and by students on vocational training courses including postgraduate this textbook covers all the main topics of social policy

'Race', Ethnicity and Adoption Derek Kirton,2000 This important study provides a unique and comprehensive analysis of research into the development of adoption policy and practice regarding black and minority ethnic children in the care of local authorities I found this book intellectually stimulating and often provocative it does not make comfortable reading but in the final analysis the case for retaining a commitment to placing children in families which reflect their ethnicity is strongly made Felicity Collier the Director of British Agencies for Adoption and Fostering What are the needs of adopted minority ethnic children To what extent can white families meet these needs Should the emphasis on ethnic matching of children and families in adoption be relaxed This book reviews the long running and often fierce controversy surrounding the adoption of black and minority ethnic children either transracially into white families or into matched same race placements Through analysis of research and the writings of protagonists the core concepts namely the nature and salience of racial ethnic identity cultural heritage and dealing with racism are explored and located within broader debates on race and the family The history of the controversy is set out in terms of the competing paradigms offered by liberalism and black radicalism and more recent post structuralist influences The author argues the need to see adoption and especially that of black children as inherently political and contested While broadly supporting the case for same race adoption it is suggested that this must rest on acknowledgement of and engagement with social and psychological complexities rather than their suppression beneath doctrinaire formulae **Race Ethnicity and Adoption** sets the issues in the wider context of a multiracial society and its politics and will be of particular interest to social workers and child care professionals but will also appeal more widely to students of sociology and social and public policy

Research Handbook on Adoption Law Nigel Lowe,Claire Fenton-Glynn,2023-01-20 Bringing together scholars from a wide range of disciplines this captivating and judicious Research Handbook provides diverse perspectives on the law and practice of adoption It examines how adoption laws differ between countries and cultures and the ongoing

effects of adoption on the child the birth parent s and the adoptive parent s **Child Social Work Policy & Practice** Derek Kirton,2009 This book offers an authoritative overview of child care policy and practice in the UK The book reflects the complexity and contested nature of children s needs rights and interests and relationships between family and state It analyzes relevant debates and research and highlights practice issues and dilemmas Readers are also directed to sources of further information on topics they may wish to explore in more depth At the end of each chapter there is guidance for further reading resources for practice and questions for discussion *Motherhood* Andrea O'Reilly,Marie Porter,Patricia Short,2005-08-25 In feminism the institution of mothering motherhood has been a highly contested area in how it relates to the oppression of women As Adrienne Rich articulated in her classic 1976 book *Of Woman Born* Motherhood as Experience and Institution although motherhood as an institution is a male defined site of oppression women s own experiences of mothering can nonetheless be a source of power This volume examines four locations wherein motherhood is simultaneously experienced as a site of oppression and of power embodiment representation practice and separation Motherhood Power and Oppression includes psychological historical sociological literary and cultural approaches to inquiry and a wide range of disciplinary perspectives qualitative quantitative corporeal legal religious fictional mythological dramatic and action research This rich collection not only covers a wide range of subject matter but also illustrates ways of doing feminist research and practice **Adoption, Family and the Paradox of Origins** S. Sales,2012-01-25 It is now over 20 years since open adoption was first introduced but it remains a controversial and contested part of social work practice This innovative and far ranging book sets out to understand why the practice of keeping adopted children in touch with their kinship origins is still so questioned in contemporary adoption work Written by an experienced practitioner in the field this book applies for the first time Foucauldian methodology to analyze and understand adoption social work making it essential reading for a wide audience in the social sciences **Research Handbook on Surrogacy and the Law** Katarina Trimmings,Sharon Shakargy,Claire Achmad,2024-03-14 This essential Research Handbook provides a multifaceted exploration of surrogacy and the law examining a variety of critical yet under researched perspectives including globalisation power gender sexual orientation genetics human rights and family relations It covers four distinct topics surrogacy and rights the interplay between surrogacy and different areas of the law cross border aspects and regional perspectives **Die Adoption minderjähriger Kinder durch den Stiefelternteil** Christine Wilke,2014-06-06 Stiefkindadoptionen die heutzutage mehr als die Hälfte aller jährlich beschlossenen Minderjährigenadoptionen in Deutschland ausmachen stehen in einem Spannungsverhältnis zum Leitbild des Adoptionsrechts und sind nach sozialwissenschaftlichen Untersuchungen nicht selten problembelastet Christine Wilke untersucht die Rechtsposition und Interessenlage der an einer solchen Adoption primär Beteiligten Stiefelternteil Stiefkind und au entstehender leiblicher Elternteil unter Berücksichtigung psychosozialwissenschaftlicher Erkenntnisse und gesellschaftspolitischer Erwägungen Vergleichend zieht sie hierbei die

Rechtslage und Praxis in England heran wo die intensive rechtspolitische Diskussion dieser Problematik bereits in den 70er Jahren gesetzgeberische Reaktionen nach sich gezogen hat Basierend auf den aus dem Rechtsvergleich gewonnenen Erkenntnissen nimmt sie Stellung zu Leistungen im Recht der Stieffamilie sowie im Adoptionsrecht *Social Work Ideals and Practice Realities* Mark Lymbery, Sandra Butler, 2018-06-26 Social work practice is becoming increasingly complex with social workers struggling to hold onto their ideals and values in a pressurized and challenging social political and organizational environment This book provides an analytically coherent approach to the impact of macro mezzo and micro factors upon practitioners daily experiences In taking a positive view of social work's potential and capacity to deliver beneficial services detailed guidance is offered of cutting edge creative practice with a variety of user groups

Grandparents and the Law Samantha M Davey, Jaime Lindsey, 2023-05-18 Should grandparents have rights in relation to their grandchildren If so what should the content of those rights be both procedurally and substantively And what is the appropriate role of the law in providing solutions to problems arising in the context of grandparents rights This book considers these questions from both a public and a private law perspective and analyses the human rights implications for parties such as children parents and grandparents It also explores the topic of grandparents rights in the context of the European Convention on Human Rights and the United Nations Convention on the Rights of the Child as well as in other jurisdictions such as Iran France and Nepal The book argues that grandparents rights have so far received insufficient acknowledgement and consequently that relationships between grandparents and grandchildren have received insufficient protection However it is crucial that the protection of grandparents rights is balanced with the rights of parents and the rights and welfare of children the book considers how best to achieve this for example in disputes on child arrangements in residence and contact child protection matters and in adoption cases The book is of particular interest to all academics seeking a clear framework for the protection of grandparents rights in private and public law proceedings **Studies in**

Law, Politics, and Society Austin Sarat, 2017-05-11 Studies in Law Politics and Society provides a vehicle for the publication of scholarly articles within the broad parameters of interdisciplinary legal scholarship In this latest edition of this highly successful research series articles examine a diverse range of legal issues and their impact on and intersections with society **Social Work Now**, 1995 **Parents and Children** Andrew Bainham, 2017-03-02 This volume brings together

some of the best journal articles of the last twenty years which deal with various aspects of the relationship between parents and children Adopting an interdisciplinary and comparative approach the book reproduces articles from a variety of journals in law and the social sciences The book is divided into eight parts dealing respectively with becoming a parent the status and obligations of parenthood issues of upbringing adolescence child support parental separation divorce and children child abuse and state intervention social parenthood and adoption The volume includes a substantial introduction by the editor

A Failure of Proportion Samantha M Davey, 2020-06-11 This book explores non consensual adoption an area of law which

has sparked considerable debate amongst academics practitioners and the judiciary nationally and internationally The emphasis of this book is on the circumstances in which non consensual adoption may be regarded as a proportionate measure and when less severe forms of intervention such as long term foster care or kinship care may also meet children s needs while providing protection to children s rights under the European Convention on Human Rights The book builds on existing literature on adoption law but takes the discussion in new directions placing an emphasis on the need to closely scrutinise children s and parents rights at all stages of the adoption process not simply when parents appeal against the making of an adoption order A unique feature of this book is its emphasis on routinely incorporating key provisions from the United Nations Convention on the Rights of the Child into analysis when determining whether an adoption order is a proportionate measure
