Contesting Politics Women In Ireland North And South:

Contesting Politics Yvonne Galligan, Eilis Ward, Rick Wilford, 1999 This book gathers the expertise of those researching women and politics in Ireland both North and South into a single comprehensive and accessible textbook on the topic Contributors are drawn from both academic and activist arenas to bring a multidisciplinary approach to the subject Contesting Politics examines the central issues of women and the political parties and representation the relationship between the women's movement and community based women's groups in Ireland and women's participation in public bodies and the Northern Ireland Women's Coalition The text will be invaluable in women's studies and Irish studies courses as well as within political science The Field Day Anthology of Irish Writing Seamus Deane, Andrew Carpenter, Angela Bourke, Jonathan Williams, 1991 Ireland and the Politics of Change William J. Crotty, David A. Schmitt, 2014-06-17 Ireland and the Politics of Change provides a timely assessment of the fundamental changes that have occurred in Irish society over the last several decades from the standpoint of their political significance There is a particular concern with the leadership role of government and other political institutions in stimulating managing and responding to the changes taking place that are of fundamental importance to understanding contemporary politics and today's Ireland in the world community Considerable social economic demographic and international change has taken place within Ireland and Northern Ireland and without in relation to the rest of the world and particularly in response to the association with the European Union Ireland and the Politics of Change examines institutional developments economic forces demographic and attitudinal profiles and group based religious gender class concerns as they have evolved and assesses their significance for policy enactment and political representation *Consensus Decision Making, Northern Ireland and Indigenous Movements* Patrick G. Coy, 2003 Presents a study of social movement decision making through seven case studies This book focuses on Northern Ireland where frustration with inter community conflict resolution spawned a movement promoting intra community or single tradition programs Women and Political Violence Miranda Alison, 2009-01-21 This book directly challenges the stereotype that women are inherently peaceable by examining female combatants involvement in ethno national conflicts Drawing upon empirical case studies of Sri Lanka and Northern Ireland this study explores the ways in which women have traditionally been depicted Whereas women have predominantly been seen as victims of conflict this book acknowledges the reality of women as active combatants Indeed female soldiers irregulars are features of most modern conflicts and particularly in ethno nationalist violence until now largely ignored by mainstream scholarship Original interview material from the author's extensive fieldwork addresses why and how some women choose to become violently engaged in nationalist conflicts It also highlights the personal political costs and benefits incurred by such women This book provides a valuable insight into female combatants and is a significant contribution to the literature This book will be of great interest to students of political violence ethnic conflict gender studies and international relations in general Politics in the Republic of Ireland John

Coakley, Michael Gallagher, 2004-08-02 Building on the success of the first two editions *Politics in the Republic of Ireland* continues to provide an authoritative introduction to all aspects of politics in the Irish Republic **The Routledge Handbook of the Northern Ireland Conflict and Peace** Laura McAtackney, Máirtín Ó Catháin, 2023-11-13 The Routledge Handbook of the Northern Ireland Conflict and Peace is the first multi authored volume to specifically address the many facets of the 30 year Northern Ireland conflict colloquially known as the Troubles and its subsequent peace process This volume is rooted in opening space to address controversial subjects answer key questions and move beyond reductive analysis that reproduces a simplistic two community theses The temporal span of individual chapters can reach back to the formation of the state of Northern Ireland with many starting in the late 1960s to include a range of individuals collectives organisations understandings and events at least up to the Good Friday Belfast Agreement in 1998 This volume has forefronted creative approaches in understanding conflict and allows for analysis and reflection on conflict and peace to continue through to the present day With an extensive introduction preface and 45 individual chapters this volume represents an ambitious expansive interdisciplinary engagement with the North of Ireland through society conflict and peace from a wide range of disciplinary perspectives theoretical frameworks and methodological approaches While allowing for rich historical explorations of high level politics rooted in state documents and archives this volume also allows for the intermingling of different sources that highlight the role of personal papers memory space materials and experience in understanding the complexities of both Northern Ireland as a people place and political entity **Political Issues in Ireland Today** Neil Collins, Terry Cradden, 2004-11-27 The third edition of *Political Issues in Ireland Today* addresses the most important current topics in Irish politics It fills a major gap in the academic literature on Irish politics providing students with a comprehensive introduction to the issues dominating debates in both parts of Ireland The recent emergence of emigration environmental risk and technological changes to the political agenda is examined along with Ireland's economic performance the peace process and the policy areas of health housing and industrial relations Readers will find this book a valuable resource for keeping up to date with the important policy debates in Ireland and for evaluating the impact of major social changes **Globalization, Religion and Gender** J. Bayes, N. Tohidi, 2016-09-23 In the early 1970s accompanying the current wave of globalization conservative nationalist religious movements began using religion to oppose non democratic and often western oriented regimes Reasserting patriarchal gender relations presumably authorized by religion has been central to these movements At the Fourth United Nations Congress on Women in Beijing in 1995 Muslim and Catholic delegations from diverse countries united to oppose provisions on sexuality reproductive rights women's health and women's rights as human rights In this book scholars from eight different Muslim and Catholic communities analyze the political strategies that women are employing in these contexts ranging from acceptance of traditional doctrines to various forms of resistance religious reinterpretation innovation and political action toward change and equal rights **Cultural Politics and Irish Education Since the 1950s**

Denis O'Sullivan, 2005 **Women's Movements Facing the Reconfigured State** Lee Ann Banaszak, Karen Beckwith, Dieter Rucht, 2003-03-03 Examines the changing relationship between women's movements and states in Western Europe and North America **A Just Society for Ireland? 1964-1987** C. Meehan, 2013-10-15 Drawing on interviews with key players and previously unused archival sources this book offers a fascinating account of a critical period in Fine Gael's history when the party was challenged to define its place in Irish politics State Feminism, Women's Movements, and Job Training Amy Mazur, 2013-01-11 Drawing from the work of internationally renowned scholars from the Research Network on Gender Politics and the State RINGS this study offers in depth analysis of the relationship between state feminism women's movements and public policy and places them within a comparative theoretical framework Spain France Italy Germany Finland Austria Belgium Canada and the U S are all discussed individually **The institutionalisation of anti-poverty and social exclusion policy in Irish social partnership** Eileen Connolly, 2008 **Abortion Law and Political Institutions** Jennifer Thomson, 2018-11-11 This book provides a comprehensive study of abortion politics and policy in Northern Ireland Whilst there is a substantial amount of literature on abortion in Ireland and the rest of the United Kingdom there has been scant academic attention paid to the situation in Northern Ireland Adopting a feminist institutionalist framework the book illustrates the ways in which abortion has been addressed at both the national institution at Westminster and the devolved institution at Stormont Covering the period from early peace process in the 1980s to the present day the text will be of interest to politics scholars but also sociologists historians and students of Irish studies **Theorizing Feminist Policy** Amy G. Mazur, 2002-02-07 Theorizing Feminist Policy avoids the usual clash between feminist analysis and non feminist social science in mapping out the new field of feminist comparative policy Instead it intersects empirical feminist policy analysis with non feminist policy studies to define and contribute to this new and emerging field of study Consulting a wide sweep of empirical and theoretical work the book first defines Feminist Comparative Policy showing how it dialogues with the adjacent non feminist areas of Comparative Public Policy Comparative Politics and Public Policy Studies Theorizing Feminist Policy seeks then to strengthen one of the weakest links of this new area the study of explicitly feminist government action In the remaining chapters the book defines feminist policy as a separate sector with eight sub sectors blueprint political representation equal employment reconciliation family law reproductive rights sexuality and violence and public service delivery It develops a qualitative and comparative framework for analysing the profiles and styles of feminist policy in post industrial democracies and uses the framework to examine twenty seven different cases of feminist policy formation across thirteen different countries The initial empirical study makes a case for feminist policy as a new sector of state action concluding tentatively that successful feminist policy formation is a subtle combination of feminist strategic partnerships non feminist support institutions culture and international influences These tentative findings also shed new light on the perennial questions of comparative politics and policy do politics institutions national policy style sector

institutions or culture matter the most in determining policy processes and outcomes The books finishes by suggesting the next steps in developing comparative theories of feminist policy formation Theorising Feminist Policy therefore goes beyond just describing the dimensions of feminist policy from existing literature it seeks to systematically contribute to comparative theories of how the contemporary post industrial state has taken on social change at the beginning of the 21st century

New Labour's Women MPs Sarah Childs, 2004-07-31 Drawing on interviews with over half of new Labour women MPs Sarah Childs reveals how the women experienced being MPs and explores whether they acted for and like women in constituencies in Parliament and in government

Dynamics of Political Change in Ireland Niall Ó Dochartaigh, Katy Hayward, Elizabeth Meehan, 2016-12-19 This book examines the interrelated dynamics of political action ideology and state structures in Northern Ireland and the Republic of Ireland emphasising the wider UK and European contexts in which they are nested It makes a significant and unique contribution to wider European and international debates over state and nation and contested borders looking at the dialectic between political action and institutions examining party politics ideological struggle and institutional change It goes beyond the binary approaches to Irish politics and looks at the deep shifts associated with major socio political changes such as immigration gender equality and civil society activism Interdisciplinary in approach it includes contributions from across history law sociology and political science and draws on a rich body of knowledge and original research data This text will be of key interest to students and scholars of Irish Politics Society and History British Politics Peace and Conflict studies Nationalism and more broadly to European Politics

Contesting Politics Yvonne Galligan, Eilis Ward, Rick Wilford, 1999 This book gathers the expertise of those researching women and politics in Ireland both North and South into a single comprehensive and accessible textbook on the topic Contributors are drawn from both academic and activist arenas to bring a multidisciplinary approach to the subject Contesting Politics examines the central issues of women and the political parties and representation the relationship between the women s movement and community based women s groups in Ireland and women s participation in public bodies and the Northern Ireland Women s Coalition The text will be invaluable in women s studies and Irish studies courses as well as within political science

Devolution and Identity John Wilson, 2016-12-05 The identity implications have been overlooked from discussions on devolution which have tended to focus on constitutional legal and financial issues In this volume contributors from the communities under discussion explore the ways in which devolution is experienced and understood by citizens from the devolved regions of the UK The additional inclusion of a US perspective allows parallels with American federalism to be drawn out Informed by a discursive textual communication approach to identity Devolution and Identity offers a range of theoretical and empirical perspectives including both macro and micro level analyses of devolution and identity processes Themes covered include discourse and interaction national identity flags and emblems gender representation newspaper letters regional marketing language ideology history and culture artistic practice minority identities and political ideology In

exploring the impact of the devolution process on both individual and group identities this book provides a richer understanding of the devolution process itself as well as a new understanding of the relationship between socio political structures and identity
