CAMBRIDGE

Contexts Of Drydens Thought

Jack M. Armistead

Contexts Of Drydens Thought:

Dryden's Classical Theory of Literature Edward Pechter, 1975-03-20 Professor Pechter's book attempts to describe the consistent structure of both style and method within which Dryden examines orders and evaluates literary experience. This mode permits Dryden to recognise the real differences between French and English drama. Virgilian and Ovidian style judgement and fancy to take some of the more familiar from among Dryden's typical conjunctive pairs without either merging their differences into some grand synthesis or transforming them into mutually exclusive antitheses. Dryden's is above all a comprehensive theory of literature which aims at responding to a broad range of various literary styles, genres, faculties and effects. Dryden's balance is classical, the poise of the golden mean, and Professor Pechter endeavours to give fresh life to classical as an epithet often previously applied to Dryden. Ranging among writers in ancient Greece and Rome and among Dryden's contemporaries in England and France, the author outlines a rich literary tradition within which Dryden's criticism is more easily appreciated and better understood.

Contexts of Dryden's thought Phillip Harth, **Reconstructing Contexts** Robert D. Hume, 1999. This book attempts to justify and theorize old historicism, defining archaeo historicism as a method by which scholars can reconstruct past context in order to apply it to the interpretation of works and events of that time. If such reconstruction is to be more than wildly impressionistic, it must be grounded in hard evidence handled according to clear rules. In this intriguing and rigorous analysis, Robert Hume identifies legitimate objects for reconstruction and proposes procedures and principles by which such interpretation may be pursued. He then examines the failures of the same method which works only when adequate evidence can be found. In particular, Hume flatly denies the intellectual legitimacy of literary history as it is commonly practised and attempts to disentangle such history from the practice of historicism. The final chapter is devoted to a cogent discussion of how archaeo historicism relates to various forms of contemporary theory. Hume offers a profusion of examples of good and bad historicist reconstruction and interpretation, drawing largely on English literature but also on American and other world literatures, theatre history and music theory. Although addressed primarily to literary critics, this wide-ranging and bold work will be of interest to historians and cultural critics as well.

Eighteenth-century Contexts Howard D. Weinbrot, Peter J. Schakel, Stephen E. Karian, 2001. This text offers an array of essays that consider literary, intellectual, political, theological and cultural aspects of the years 1650-1800 in the British Isles and Europe. At the centre of the book is Jonathan Swift; other essays discuss Alexander Pope, 18th century music and poetry, William Congreve, James Boswell, Samuel Richardson and women's novels of the 18th century. *The Faith of John Dryden* George Douglas Atkins, 2021-12-14. John Dryden's celebrated conversion to Roman Catholicism is revealed in this provocative study as the culmination of a lifelong search that began with his youth in an actively Puritan family. Atkins's familiarity with the religious thought of the times allows him to range widely among Dryden's contemporaries and predecessors and to bring a fresh perspective to those key poems in Dryden's religious development: *Religio Laici* and *The Hind and the Panther*.

Through a sensitive reappraisal of all Dryden's texts including those less widely known Atkins shows that Dryden had a lifelong antipathy for all priests of whatever sect whether pagan or Christian by concentrating on the theme of Dryden's opposition to the clergy and his efforts toward articulating a faith for the layman Atkins provides an important new way of tracing and evaluating the changes in Dryden's religious position and with this perspective offers a new interpretation of Dryden's conversion

The Cambridge Companion to English Restoration Theatre Deborah Payne Fisk, 2000-05-11 Fourteen specially commissioned essays provide essential information about staging playwrights' themes and genres in the drama of the Restoration

The Ethos of Drama Robert L. King, 2010-04-26 A groundbreaking approach to drama criticism

John Dryden Helen and Kinsley Kinsley, 2013-06-17 The Critical Heritage gathers together a large body of critical sources on major figures in literature Each volume presents contemporary responses to a writer's work enabling students and researchers to read for themselves for example comments on early performances of Shakespeare's plays or reactions to the first publication of Jane Austen's novels The carefully selected sources range from landmark essays in the history of criticism to journalism and contemporary opinion and little published documentary material such as letters and diaries Significant pieces of criticism from later periods are also included in order to demonstrate the fluctuations in an author's reputation Each volume contains an introduction to the writer's published works a selected bibliography and an index of works authors and subjects The Collected Critical Heritage set will be available as a set of 68 volumes and the series will also be available in mini sets selected by period in slipcase boxes and as individual volumes

The Cambridge Companion to John Dryden Steven N. Zwicker, 2004-05-20 John Dryden Poet Laureate to Charles II and James II was one of the great literary figures of the late seventeenth century This Companion provides a fresh look at Dryden's tactics and triumphs in negotiating the extraordinary political and cultural revolutions of his time The newly commissioned essays introduce readers to the full range of his work as a poet as a writer of innovative plays and operas as a purveyor of contemporary notions of empire and most of all as a man intimate with the opportunities of aristocratic patronage as well as the emerging market for literary gossip slander and polemic Dryden's works are examined in the context of seventeenth century politics publishing and ideas of authorship A valuable resource for students and scholars the Companion includes a full chronology of Dryden's life and times and a detailed guide to further reading

John Dryden David Hopkins, 2004 This book is a concise introduction drawing on the latest research to the life and work of the most celebrated English poet of the late seventeenth century It is unusual in stressing not only the poet's responses to events personalities and ideas of his day but also the way in which his work engages in a far more speculative and pluralistic way than is often supposed with human issues and dilemmas of permanent concern the relation of human to animal and inanimate nature the forces internal and external which serve to ennoble enrich and confound human endeavour the capacities and limits of human reason the relations between the sexes Dryden emerges from this study as simultaneously a man of his times and a writer with important things to say to us all

Science and the

Shape of Orthodoxy Michael Hunter, Michael Cyril William Hunter, 1995 In his introduction Michael Hunter draws on these studies to propound a new theory of intellectual change in this key period Traditionally it has been seen in terms of simple polarisations modernity against obfuscation orthodoxy against subversion Here it is argued that such polarisations represent influential but idealised extremes to which thinkers individually responded scholars must in future have due regard to the balance between ideal types and individual complexities thus revealed

Reader's Guide to Literature in English Mark Hawkins-Dady, 2012-12-06 Reader's Guide Literature in English provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study

Democratizing Sir Thomas Browne Daniela Havenstein, 1999 This study looks anew at one of the most popular books of the seventeenth century Sir Thomas Brown's *Religio Medici* Daniela Havenstein considers neglected seventeenth and early eighteenth century responses to this central work Browne's style is reassessed in a fresh approach that combines traditional analysis with carefully developed quantitative methods

John Dryden David J. Latt, Samuel Holt Monk, 1976-04-12 John Dryden was first published in 1976 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions This annotated bibliography represents a comprehensive updating of Samuel Holt Monk's earlier work also published by the University of Minnesota Press John Dryden A List of Critical Studies Published from 1895 to 1948 out of print Since the publication of that earlier bibliography the number of studies devoted to Dryden has more than tripled and thus this new bibliography is essential for scholars of Dryden or related aspects of seventeenth and eighteenth century English literature This volume contains four times as many entries as the earlier volume and there is an extensive introduction by Professor Latt which surveys the historical shifts in critical opinion of Dryden The new volume incorporates all of the listings contained in the first one The entries include works that focus directly on Dryden those that discuss Dryden's works in the context of other writers and those that investigate material of general importance to Dryden studies Dissertations from American German English and French universities are included Complete bibliographic information is provided for virtually every entry The listings are grouped in nine categories and there is an additional section which covers festschriften and other collections of essays Works of exceptional value and those which develop new points of view are so designated The publishing history of each item is included along with the standard bibliographic information The index includes topical as well as author entries

Critics of the Bible, 1724-1873 John Drury, 1989-09-29 This is the only available collection of biblical criticism from this period The process whereby the Holy Scriptures became the object of human critique independent of church control is illustrated in the present volume with excerpts from such famous critics as Coleridge Keats and Matthew Arnold as well as Collins and Deist and Bishop Sherlock

Everything Connects Richard Henry Popkin, James E. Force, David S. Katz, 1999

Richard H Popkin has already been celebrated in two Festschriften as one of the century's greatest historians of philosophy. This latest book whose editors were among those who prepared the first two volumes centers on Popkin's crucial role in bringing together scholars from around the world in a long series of academic conferences and learned meetings which helped transform the field from one of solitary endeavour into a Republic of Letters. Publications by Richard H Popkin: Isaac la Peyrre 1596-1676: His Life, Work and Influence ISBN 978 90 04 08157 4 Edited by Y Kaplan, H M Choulan and R H Popkin; Menasseh ben Israel and his World ISBN 978 90 04 09114 6; Third Force in Seventeenth Century Thought ISBN 978 90 04 09324 9; Martin I J Griffin Jr Annotated by Richard H Popkin Edited by Lila Freedman; Latitudinarianism in the Seventeenth Century Church of England ISBN 978 90 04 09653 0 Edited by Richard H Popkin and Arjo Vanderjagt; Scepticism and Irreligion in the Seventeenth and Eighteenth Centuries ISBN 978 90 04 09596 0 Edited by Martin Mulsow and Richard H Popkin; Latitudinarianism in the Seventeenth Century Church of England ISBN 978 90 04 12883 5 Edited by R H Popkin; Millenarianism and Messianism in English Literature and Thought 1650-1800 ISBN 978 90 04 08513 8 Out of print.

The Works of John Dryden, Volume XVII John Dryden, 1972-01-01 This collection of prose writing from the pen of Dryden dates from 1668 to 1691 and contains work that the editors describe as a sampler of Dryden as biographer, historian, political commentator, religious controversialist, literary polemicist, literary theorist and practical critic. Among the works contained here is his Essay of Dramatick Poesie.

Otherworldly John Dryden Jack M. Armistead, 2016-05-13 Reminding readers of John Dryden's persistent use of occult rhetoric, Jack M. Armistead argues that Dryden's otherworldliness involves more than Christian apologetics, biblical typology or intermittent borrowings from the supernatural materials in classical literature. Rather, it manifests throughout his career in occult materials drawn from many traditions, including but going well beyond the standard classical and Christian ones. As Armistead shows, Dryden's practice of juxtaposing pre and post scientific treatments of such occult topics as alchemy, astrology and demonology pervades many of his poems and plays. In its engagement with works such as *The Indian Queen*, *Annus Mirabilis*, *All for Love* and *Absalom and Achitophel* among many others, *Otherworldly John Dryden* not only enhances our understanding of Dryden's works but also tracks the writer's attitudes about Providence and the ability of the poet to perceive a hidden design in earthly events.

Secular Chains Philip Connell, 2016 *Secular Chains* offers an original and richly contextualized account of the relationship between poetry and religious controversy between 1649 and 1745. This was a period of political conflict and intellectual upheaval in which traditional sources of spiritual authority were variously challenged and transformed. This study reveals the importance of English literary culture for our understanding of this process and sheds new light on the dynamics of change and continuity between the puritan revolution and the early Enlightenment. Based on extensive research in both printed and manuscript sources, the book combines detailed case studies of major literary figures with a sustained historical narrative linking the republican moment of the 1650s, the conflicts and crises of the Restoration and the ecclesiastical politics of the early eighteenth century. Milton

and Dryden provide the principal focus of the first three chapters which explore the divisive issue of church settlement in the work of both writers together with the increasingly prominent rhetoric of anti clericalism and irreligion in the poetry and polemics of the later seventeenth century Subsequent chapters extend the book s argument to the embattled condition of the Church of England in the decades after 1688 and the significant contribution of contemporary literary culture to a range of religious and philosophical argument from heterodox free thinking to Newtonian natural theology *Secular Chains* demonstrates the close and continued relationship between poetry and religious politics in the age of Milton and Pope and provides a new framework for understanding this complex and turbulent period in English literary history *The Works of John Dryden* John Dryden, 1956

Getting the books **Contexts Of Drydens Thought** now is not type of inspiring means. You could not on your own going afterward book accretion or library or borrowing from your connections to way in them. This is an enormously simple means to specifically get lead by on-line. This online notice Contexts Of Drydens Thought can be one of the options to accompany you considering having supplementary time.

It will not waste your time. recognize me, the e-book will definitely express you extra matter to read. Just invest little period to admission this on-line publication **Contexts Of Drydens Thought** as well as review them wherever you are now.
