Contextualizing Acts Lukan Narrative And GrecoRoman Discourse:

Contextualizing Acts Todd C. Penner, Caroline Vander Stichele, 2003 **Rhetoric and Reality in Early Christianities** Willi Braun, 2006-01-01 One of the most pressing issues for scholars of religion concerns the role of persuasion in early Christianities and other religions in Greco Roman antiquity The essays in *Rhetoric and Reality in Early Christianities* explore questions about persuasion and its relationship to early Christianities The contributors theorize about persuasion as the effect of verbal performances such as argumentation in accordance with rules of rhetoric or as a result of other types of performance ritual behavioural or imagistic They discuss the relationship between the verbal performance of rhetoric and other performative modes in generating sustaining and transmitting a persuasive form of religiosity The essays in this book cover a wide chronological range from the first century to late antiquity and diverse topical examples contribute to the collection s thematic centre the relations among formalized and technical verbal performances rhetoric texts and other forms of persuasive performances ritual practices the social agendas that early Christians pursued by means of verbal rhetorical performances and the larger social context in which Christians and other religious groups competitively jockeyed to attract the minds and bodies of audiences in the Greco Roman world **The Rhetoric of the New Testament** Duane F. Watson, 2019-05-21 A new comprehensive bibliography of books and articles on the rhetoric of the New Testament published since AD 1500 The bibliography is arranged by categories which include Jewish heritage invention arrangement style hermeneutics with specific listings for each book of the NT It is prefaced with a select bibliography of primary and secondary sources on classical and modern rhetoric An invaluable research tool *Christian Origins and Greco-Roman Culture* Stanley E. Porter, Andrew W. Pitts, 2013 In *Christian Origins and Greco Roman Culture* Stanley Porter and Andrew Pitts assemble an international team of scholars whose work has focused on reconstructing the social matrix for earliest Christianity through the use of Greco Roman materials and literary forms Each essay moves forward the current understanding of how primitive Christianity situated itself in relation to evolving Hellenistic culture Some essays focus on configuring the social context for the origins of the Jesus movement and beyond while others assess the literary relation between early Christian and Greco Roman texts *Mapping Gender in Ancient Religious Discourses* Todd C. Penner, Caroline Vander Stichele, 2007 A collection of essays on early Christian Jewish and Greco Roman religious discourses in antiquity focusing on the construction of gender in relationship to broader cultural and religious themes argumentation and identity formation in the early centuries of the common era **[Re]Gained in Translation, Volume 1-2** Sabine Dievenkorn, Shaul Levin, 2024-02-26 Volume 1 Translations of the Bible take place in the midst of tension between politics ideology and power With the theological authority of the book as God s Word not focusing on the process of translating is stating the obvious Inclinations fluency and zeitgeist play as serious a role as translators person faith and worldview as do their vocabulary poetics and linguistic capacity History has seen countless retranslations of the Bible What are the considerations according to which Biblical

retranslations are being produced in current 21st century contexts From retranslations of the Hebrew Bible to those of the Old and New Testaments to mutual influences of Christian and Jewish translational traditions the papers collected here all deal with the question of what is to be re gained with the production of a new translation where at times many a previous one has already existed Volume 2 Times are changing and with them the norms and notions of correctness Despite a wide spread belief that the Bible as a sacred original only allows one translation if any new translations are constantly produced and published for all kinds of audiences and purposes The various paradigms marked by the theological political and historical correctness of the time group and identity and bound to certain ethics and axiomatic norms are reflected in almost every current translation project Like its predecessor the current volume brings together scholars working at the intersection of Translation Studies Bible Studies and Theology all of which share a special point of interest concerning the status of the Scriptures as texts fundamentally based on the act of translation and its recurring character It aims to breathe new life into Bible translation studies unlock new perspectives and vistas of the field and present a bigger picture of how Bible re translation works in society today

[Re]Gained in Translation I Sabine Dievenkorn,Shaul Levin,2022-08-12 Translations of the Bible take place in the midst of tension between politics ideology and power With the theological authority of the book as God s Word not focusing on the process of translating is stating the obvious Inclinations fluency and zeitgeist play as serious a role as translators person faith and worldview as do their vocabulary poetics and linguistic capacity History has seen countless retranslations of the Bible What are the considerations according to which Biblical retranslations are being produced in current 21st century contexts From retranslations of the Hebrew Bible to those of the Old and New Testaments to mutual influences of Christian and Jewish translational traditions the papers collected here all deal with the question of what is to be re gained with the production of a new translation where at times many a previous one has already existed

The Biblical Tour of Hell Matthew Ryan Hauge,2013-08-15 It is difficult to underestimate the significance of the story of the Rich Man and Lazarus in Luke 16 19 31 within the biblical tradition Although hell occupies a prominent position in popular Christian rhetoric today it plays a relatively minor role in the Christian canon The most important biblical texts that explicitly describe the fate of the dead are in the Synoptic Gospels Yet among these passages only the Lukan tradition is intent on explicitly describing the abode of the dead it is the only biblical tour of hell Hauge examines the story of the Rich Man and Lazarus in Luke 16 19 31 uniquely the only parable that is set within a supernatural context The parables characteristically feature concrete realities of first century Mediterranean life but the majority of Luke 16 19 31 is narrated from the perspective of the tormented dead This volume demonstrates that the distinctive features of the story of the Rich Man and Lazarus are the result of a strategic imitation creative transformation and Christian transvaluation of the descent of Odysseus into the house of hades in Odyssey Book 11 the literary model par excellence of postmortem revelation in antiquity

The Historical Jesus of the Gospels Craig S. Keener,2012-04-13 The earliest substantive sources available for historical

Jesus research are in the Gospels themselves when interpreted in their early Jewish setting their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars So argues Craig Keener in *The Historical Jesus of the Gospels* In exploring the depth and riches of the material found in the Synoptic Gospels Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting Keener masterfully uses a broad range of evidence from the early Jesus traditions and early Judaism to reconstruct a fuller portrait of the Jesus who lived in history

Is Jesus Athene or Odysseus? Max Whitaker, 2019-09-27 In this study Max Whitaker investigates the intriguing accounts of Jesus resurrection appearances especially the hidden nature of Jesus through the lens of Greco Roman narratives This throws new light on how Jesus post resurrection stories would have been understood by their original audiences Back cover

Ancient Jewish and Christian Texts as Crisis Management Literature David C. Sim, Pauline Allen, 2012-07-05 This volume demonstrates how many religious texts are tailored to the specific requirements of an Ancient audience and may focus on specific events or crises

Perfect Martyr Shelly Matthews, 2012-07-12 This book analyzes the story of Stephen the first Christian martyr both in terms of rhetorical fittingness and Christian tradition concerning the significance of his dying forgiveness prayer It questions the historicity of the account of his death underscores Acts rhetorical violence and reads Acts against narratives of the martyrdom of James as a means to a richer history of early Jewish Christian relations

Luke the Theologian François Bovon, 2006 In this completely revised and updated edition François Bovon provides a critical assessment of the last fifty five years of scholarship on Luke Acts The study divides thematically with individual chapters covering the subjects of history and eschatology the role of the Old Testament Christology the Holy Spirit conversion and the church Each chapter begins with a consideration of the exegetical and theological problems unique to each theme in Luke Acts before providing a detailed survey and critique of contemporary English German French Spanish and Italian New Testament scholarship

From Bedroom to Courtroom Sandra Schwartz, 2017-01-23 *From Bedroom to Courtroom* argues that the fictional trial scenes in the Greek ideal romances reflect Roman legal institutions and ideas particularly relating to family and sexuality Given the genre's emphasis on love and chastity the specter of adultery looms over most of the scenarios that develop into elaborate trials Such scenes shed light on the Greek reception of the criminalization of adultery promulgated by the moral legislation during the reign of Augustus This book focuses on three major novels whose composition coincided with the extension of Roman citizenship when access to Roman courts was granted to increasing numbers of inhabitants of the eastern provinces of the Roman Empire Chariton's *Callirhoe* is interpreted as an artifact of the generation after the implementation of the Augustan moral legislation particularly its criminalization of adultery Achilles Tatius *Leucippe and Clitophon* was created in a legally pluralistic milieu where shrewd sophists learned to navigate and exploit the interstices between the overlapping jurisdictions of imperial and local law Finally Heliodorus *Aethiopica* widely

regarded as the masterpiece of the genre adapts the type scene of the trial to present a series of case studies of different types of government culminating in the utopian kingdom of Meroe Through the novels melodramatic trial scenes we can begin to see how the opening of Roman courtroom to Greek speaking citizens of the Roman Empire stimulated dreams of a world in which universal justice under Rome was wed to Hellenism *Luke among the Ancient Historians* John J.

Peters, 2022-05-24 For centuries scholars have analyzed the composition of Luke Acts presupposing that the reference to many accounts in Luke's Preface indicates the written texts which served as the author's primary sources of information To justify this portrait of Luke as a text based author scholars have appealed to analogies with the text based authors Dionysius of Halicarnassus Diodorus Siculus Plutarch and Arrian Luke among the Ancient Historians challenges this portrait of Luke's method through surveying the origins and development of ancient Greek historiography in chapters on Herodotus Thucydides Polybius Josephus and Luke By focusing on the values and practices of ancient historians Peters demonstrates not only that ancient authors following the model of Thucydides regarded the testimony of eyewitnesses as opposed to texts as the proper sources for historians but that Luke emulated the values practices and craft terminology of the contemporary historiographical tradition Taking seriously the self presentation of Luke as a reporter of contemporary events who claims to write on the basis of eyewitnesses from the beginning and personal investigation this book argues against analogies with text based historians who wrote about non contemporary events and instead situates Luke within a portrait of the values and practices of historians of contemporary events What Is Asian American Biblical Hermeneutics? Reading the New

Testament Tat-siong Benny Liew, 2007-12-31 Liew is one of the most articulate creative and sophisticated biblical scholars in North America What Is Asian American Biblical Hermeneutics has not caused me to question that judgment A set of provocative questions arguments issues and problems the book opens a window onto what it means for human beings to try to negotiate a rather complex contemporary world with evidence of increasingly blurred but also thick ideological and social cultural boundaries and overlapping but also recognizable and isolable identity formations That Liew does this by using and bringing together the category Asian American and the phenomenon of the reading of the Bible as sharp analytical wedge is all the more fascinating This impressive book represents the collapse of the center and a major shift in orientation to the peripheries It is a major achievement and a major challenge Vincent L Wimbush Claremont Graduate University A groundbreaking achievement Dr Liew uses his amazing breadth of scholarship to challenge Eurocentrism in biblical studies and secularism in Asian American studies at once Like Gender Trouble The Future of an Illusion and other original work this book will become a classic in Asian American biblical hermeneutics setting the terms of debate for years to come After Liew reading the New Testament will never be the same again Kwok Pui-lan Episcopal Divinity School Cambridge Massachusetts This is the first single authored book on Asian American biblical interpretation It covers all of the major genres within the New Testament and broadens biblical hermeneutics to cover not only the biblical texts but also Asian American literature and

current films and events like genome research and September 11 Despite its range the book is organized around three foci methodology the distinguishing characteristics or sensibilities of Asian American biblical hermeneutics community the politics of inclusion and exclusion and agency The work intentionally affirms Asian America as a panethnic coalition while acknowledging the differences within it In other words it attempts to balance Asian American panethnicity and heterogeneity or coalition building and identity politics

An Asian Introduction to the New Testament Johnson

Thomaskutty,2022-02-15 Understanding and assessing the New Testament writings from Asian viewpoints provides a unique and original outlook for interpretation of the Christian Scriptures To that end An Asian Introduction to the New Testament is the first book of its kind to take full account of the multireligious multiethnic multilingual multicultural and pluralistic contexts in which Asian Christians find themselves Into this already complex world issues of poverty casteism class structure honor and shame aspects colonial realities discrimination against women natural calamities and ecological crises and others add more layers of complexity Perceiving the New Testament in light of these realities enables the reader to see them in a fresh way while understanding that the Jesus Movement emerged from similar social situations Readers will find able guides in an impressive array of more than twenty scholars from across Asia Working with volume editor Johnson Thomaskutty the authors make a clear case the kernels of Christianity sprouted from Asian roots and we must read the New Testament considering those roots in order to understand it afresh today

Resurrection and Reception in Early Christianity Richard C. Miller,2014-12-17 This book offers an original interpretation of the origin and early reception of the most fundamental claim of Christianity Jesus resurrection Richard Miller contends that the earliest Christians would not have considered the New Testament accounts of Jesus resurrection to be literal or historical but instead would have recognized this narrative as an instance of the trope of divine translation common within the Hellenistic and Roman mythic traditions Given this framework Miller argues early Christians would have understood the resurrection story as fictitious rather than historical in nature By drawing connections between the Gospels and ancient Greek and Roman literature Miller makes the case that the narratives of the resurrection and ascension of Christ applied extensive and unmistakable structural and symbolic language common to Mediterranean translation fables stock story patterns derived particularly from the archetypal myths of Heracles and Romulus In the course of his argument the author applies a critical lens to the referential and mimetic nature of the Gospel stories and suggests that adapting the translation fable trope to accounts of Jesus resurrection functioned to exalt him to the level of the heroes demigods and emperors of the Hellenistic and Roman world Miller's contentions have significant implications for New Testament scholarship and will provoke discussion among scholars of early Christianity and Classical studies
