Literature Gena E. Chandler-Smith, 2024-01-12 The Wanderer in African American Literature highlights an enduring feature of African American letters From the slave narrative to Afrofuturism the literature is populated driven and emboldened by wanderers who know no bounds Gena E Chandler argues that wanderers and the theme of wandering push the limits of narrative forms and challenge assumptions about the African American experience The slave narratives of Olaudah Equiano and Harriet Jacobs echo eighteenth and nineteenth century literary traditions and chronicle journeys toward freedom and faith Equiano traces his changing identity integrating his native African culture with his adopted European one Jacobs addresses the gender restrictions she faces as a slave and then a free woman whose progress in life remains uncertain and ongoing La ngston Hughes and Nella Larsen chronicle real and imagined journeys during the Harlem Renaissance and the Great Migration Hughes's autobiography I Wonder as I Wander 1956 traces his global travels in the 1930s highlighting his unique identity as a black American Larsen's novel Quicksand 1928 follows its biracial heroine as she travels throughout the United States and to Denmark while navigating matters of race and gender The protagonist of Richard Wright's The Outsider

1953 seeks individual freedom and a new identity but is constrained within the boundaries of an American nation and a Western ideal that continuously views the black subject as outside and distinct from the modern project of advancement and freedom In James Baldwin s Giovanni s Room 1956 the white protagonist flees America for France yet cannot escape difficult questions about sexuality and race Finally John Edgar Wideman s The Cattle Killing 1996 tells the story of two wanderers an itinerant preacher spreading God s word during the Great Awakening and a twentieth century writer on a journey of self discovery about his identity and vocation The former experiences a crisis of his Christian faith and the latter endures a crisis of faith in his literary abilities Tying these diverse threads together Chandler demonstrates the power of the black narrative to assimilate and redeploy the literary trope of wanderlust exchanging its premise of rootless drifting for something altogether more mobilizing

Enforcement of Regulations on Commercial Vehicles Great Britain. National Audit Office,2010 The Vehicle and Operator Services Agency VOSA has increased the number of dangerous commercial vehicles that it removes from the roads from 28 900 in 2007 08 to 36 500 in 2008 09 but the Agency could make better use of its resources and the effectiveness of its roadside checks is constrained VOSA relies heavily on roadside checks to enforce regulations carrying out around 252 000 checks in 2008 9 VOSA s approach is more effective in targeting vehicles which do not comply with roadworthiness regulations but most accidents are caused by driver performance and driver behaviour The police are responsible for enforcing road traffic laws and dealing with breaches but the Agency could use roadside checks and operator visits to educate drivers and operators about road safety It does not have a comprehensive education programme for operators or drivers The effectiveness of VOSA s roadside checks is constrained Some stopping sites are no longer at strategically important locations owing to changes in the road network over time Sites can also be rendered inoperable by local roadworks or diversions The Agency s delegated powers to stop vehicles are provided inconsistently across Britain The Agency s ability to target risky commercial vehicles entering the UK is limited by a lack of access to ship manifest and other information held by Government and because VOSA cannot always inspect incoming vehicles at ports Not all sanctions can be deployed effectively against foreign drivers and the Agency has no direct power to impose sanctions on foreign operators
