Continuum History Of Apocalypticism:

The Continuum History of Apocalypticism Bernard McGinn, John J. Collins, John James Collins, Stephen Stein, 2003-10-01 Apocalypticism has been the source of hope and courage for the oppressed but has also given rise on many occasions to fanaticism and intolerance The essays in this volume seek neither to apologize for the extravagance of apocalyptic thinkers nor to excuse the perverse actions of some of their followers Rather they strive to understand a powerful perhaps even indispensable element in the history of Western religions that has been the source of both good and evil and still is yet today The Editors The Continuum History of Apocalypticism is a 1 volume select edition of the 3 vol Encyclopedia of Apocalypticism first published in 1998 The main historical surveys that provided the spine of the Encyclopedia have been retained while essays of a thematic nature and a few whose subject matter is not central to the historical development have been omitted The work begins with 8 articles on The Origins of Apocalypticism in the Ancient World extending from ancient Near Eastern myth through the Old Testament to the Dead Sea Scrolls Jesus Paul and the Book of Revelation Next are 7 articles on Apocalyptic Traditions from Late Antiquity to ca 1800 C E including early Christian theology radical movements in the Middle Ages and both Jewish and Islamic apocalypticism in the classic period The final section Apocalypticism in the Modern Age includes 10 articles on apocalypticism in the Americas in Western and Eastern Europe and finally in modern Judaism and modern Islam

Christ, History and Apocalyptic Nathan R. Kerr, 2008-10-13 This book offers a comprehensive reflection on what it means that Christians claim that Jesus is Lord by engaging in a defense of Christian apocalyptic as the criterion for evaluating the truth of history and of history's relation to the transcendent political reality that theology calls the Kingdom of God The heart of this work comprises an original genealogical analysis of twentieth century theological encounters with the modern historicist problematic through a series of critical engagements with the work of Ernst Troeltsch Karl Barth Stanley Hauerwas and John Howard Yoder Bringing these thinkers into conversation at key points with the work of Walter Benjamin Carl Schmitt John Milbank and Michel de Certeau among others this genealogy analyzes and exposes the ideologically Constantinian assumptions shared by both modern liberal and contemporary post liberal accounts of Christian politics and mission On the basis of a rereading of John Howard Yoder's place within this genealogy the author outlines an alternative apocalyptic historicism which conceives the work of Christian politics as a mode of subversive missionary encounter between church and world The result is a profoundly original vision of history that at once calls for and is empowered by a Christian apocalyptic politics in which the ideologically reductionist concerns for political effectiveness and productivity are surpassed by way of a missionary praxis of subversion and liberation rooted in liturgy and doxology

A Companion to the Premodern Apocalypse Michael A. Ryan, 2016-02-15 The final book of the New Testament the Apocalypse has been controversial since its initial appearance during the first century A D For centuries after theologians exegetes scholars and preachers have grappled with the imagery and symbolism behind this fascinating and terrifying book Their thoughts and ideas regarding the apocalypse and its trials and tribulations were received within both elite and popular culture in the medieval and early modern eras Therefore one may rightly call the Apocalypse and its accompanying hopes and fears a foundational pillar of Western Civilization The interest in the Apocalypse and apocalyptic movements continues apace in modern scholarship and society alike This present volume A Companion to the Premodern Apocalypse collates essays from specialists in the study of premodern apocalyptic subjects It is designed to orient undergraduate and graduate students as well as more established scholars to the state of the field of premodern apocalyptic studies as well as to point them in future directions for their scholarship and or pedagogy Contributors are Roland Betancourt Robert Boenig Richard K Emmerson Ernst Hintz L szl Hubbes Hiram K mper Natalie Latteri Thomas Long Katherine Olson Kevin Poole Matthias Riedl Michael A Ryan

Apocalyptic Fever Richard G. Kyle, 2012-08-01 How will the world end Doomsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In Apocalyptic Fever Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more

Interpreting Apocalyptic Literature Richard A. Taylor, 2016-07-27 An appreciation for the rich diversity of literary genres in Scripture is one of the positive features of evangelical scholarship in recent decades David M Howard Jr series editor At one time Old Testament apocalyptic literature was relegated to the more obscure reaches of biblical scholarship acceptable to occasionally refer to but too thorny to delve into deeply However in recent decades it has moved to the forefront of research The rich veins of insight to be mined in the book of Daniel and other apocalyptic texts are being rediscovered Richard A Taylor has crafted a handbook to explore those

riches and uncover a way to understand apocalyptic literature more fully Taylor begins with a helpful introduction to the genre surveys the purpose message and primary themes of Old Testament apocalyptic literature and then discusses critical questions and key works for further study He also provides guidelines for interpreting apocalyptic texts followed by Old Testament passages that serve to illustrate those guidelines While primarily written for pastors and graduate students *Interpreting Apocalyptic Literature* is nonetheless accessible to those who simply want to study the texts more deeply than previously possible

Political Realism in Apocalyptic Times Alison McQueen, 2018 From climate change to nuclear war to the rise of demagogic populists our world is shaped by doomsday expectations In this path breaking book Alison McQueen shows why three of history's greatest political realists feared apocalyptic politics Niccol Machiavelli in the midst of Italy's vicious power struggles Thomas Hobbes during England's bloody civil war and Hans Morgenthau at the dawn of the thermonuclear age all saw the temptation to prophesy the end of days Each engaged in subtle and surprising strategies to oppose apocalypticism from using its own rhetoric to neutralize its worst effects to insisting on a clear eyed tragic acceptance of the human condition Scholarly yet accessible this book is at once an ambitious contribution to the history of political thought and a work that speaks to our times

Apocalyptic Cartography Chet Van Duzer, Ilya Dines, 2015-11-24 In *Apocalyptic Cartography* Thematic Maps and the End of the World in a Fifteenth Century Manuscript Chet Van Duzer and Ilya Dines analyse Huntington Library HM 83 an unstudied manuscript produced in L Beck Germany The manuscript contains a rich collection of world maps produced by an anonymous but strikingly original cartographer These include one of the earliest programs of thematic maps and a remarkable series of maps that illustrate the transformations that the world was supposed to undergo during the Apocalypse The authors supply detailed discussion of the maps and transcriptions and translations of the Latin texts that explain the maps Copies of the maps in a fifteenth century manuscript in Wolfenbützel prove that this unusual work did circulate A brief article about this book on the website of National Geographic can be found [here](#)

Byron-Davies, 2020-02-01 The book will equip the reader with a stronger understanding of the religious and historical background to these late medieval texts It will provide insight into the influence of the biblical Apocalypse upon the literature of the period in a systematic way Importantly by treating the writings of Julian of Norwich and William Langland as contemporaneous the book balances the female and male approaches to and engagement with the biblical Apocalypse

Galatians Martinus C. de Boer, 2011-01-01 This new commentary in the New Testament Library series is not a

systematic study of Pauline theology rather the aim of this study is to trace Paul s theology as it unfolds in his letter to the church at Galatia and to attempt to illuminate as far as possible how the Galatians likely comprehended it at the time they received it The author asks readers to imagine themselves as silent witnesses to Paul s dictation of the letter and to observe through a historical perspective how the Galatian Christians might have understood Paul s words

Prophetic Rivalry, Gender, and Economics Olivia Stewart Lester,2018-07-16 Olivia Stewart Lester examines true and false prophecy at the intersections of interpretation gender and economics in Revelation Sibylline Oracles 4 5 and contemporary ancient Mediterranean texts With respect to gender these texts construct a discourse of divine violence against prophets in which masculine divine domination of both male and female prophets reinforces the authenticity of the prophetic message Regarding economics John and the Jewish sibyllists resist the economic actions of political groups around them especially Rome by imagining an alternate universe with a new prophetic economy In this economy God requires restitution from human beings whose evil behavior incurs debt The ongoing appeal of prophecy as a rhetorical strategy in Revelation and Sibylline Oracles 4 5 and the ongoing rivalries in which these texts engage argue for prophecy s continuing significance in a larger ancient Mediterranean religious context

The Man of Sin Kim Riddlebarger,2006-06-01 The doctrine of the Antichrist is one of the most interesting doctrines found in Scripture says author Kim Riddlebarger Unfortunately it s also one which has been subject to far more speculation than sound biblical exegesis Until now Unlike other resources available on the Antichrist The Man of Sin focuses on Scripture not contemporary events to uncover the truth about this mysterious entity With skilled exegesis Riddlebarger asserts that contrary to popular speculation the Antichrist is not a singular individual but a series of beings that will arise to challenge Christ throughout the inter advental age before culminating in an end times Antichrist Backing this claim first in Scripture Riddlebarger also draws from historical teachings including those of the church fathers the Reformation and historic Protestantism before contrasting this evidence to the sensational interpretations of many contemporary writers Pastors teachers and study groups wanting to understand the doctrine of the Antichrist will find The Man of Sin to be a unique and comprehensive study

Picturing the Apocalypse Natasha O'Hear,Anthony O'Hear,2015 An original introduction to the book of Revelation through the use of art history with attention also given to the reception of the text in music literature and popular culture

A Kingdom of the Truth or Deception? David K. Hebert Th.D.,2024-12-18 This book has been the culmination of over forty years of study on the concept of defending the Christian faith against false religions and cults that oppose that faith by exposing them Since 2007 the study took on a more academic researched scholarly tone while writing one chapter in the doctoral work It was during that time frame that studying the false religions and cults took on a more focused biblical historical and Christian orthodox direction So the foundation of this book uses the Parable of the Wheat and the Weeds Tares in Matthew 13 24 30 36 43 and a clear understanding of the core orthodox Christian beliefs as the standard for Christians to compare the kingdom of God versus the

kingdom of darkness and God's truth versus Satan's lies error throughout biblical history from the Garden of Eden to the present day especially as the day of Jesus Christ's return so rapidly approaches Resurrection James H. Charlesworth, 2008-10-01 A fresh look at the concept of resurrection in Hebrew Bible New Testament and non canonical texts
