**Contours of a World View** Arthur Frank Holmes,1983      **Worldview** David K. Naugle,2002-07-16 Conceiving of Christianity as a worldview has been one of the most significant events in the church in the last 150 years In this new book David Naugle provides the best discussion yet of the history and contemporary use of worldview as a totalizing approach to faith and life This informative volume first locates the origin of worldview in the writings of Immanuel Kant and surveys the rapid proliferation of its use throughout the English speaking world Naugle then provides the first study ever undertaken of the insights of major Western philosophers on the subject of worldview and offers an original examination of the role this concept has played in the natural and social sciences Finally Naugle gives the concept biblical and theological grounding exploring the unique ways that worldview has been used in the Evangelical Orthodox and Catholic traditions This clear presentation of the concept of worldview will be valuable to a wide range of readers      **Christian Worldview and the**

**Academic Disciplines** Deane E. D. Downey, Stanley E. Porter,2009-04-15 This book an edited compilation of twenty nine essays focuses on the difference s that a Christian worldview makes for the disciplines or subject areas normally taught in liberal arts colleges and universities Three initial chapters of introductory material are followed by twenty six essays each dealing with the essential elements or issues in the academic discipline involved These individual essays on each discipline are a unique element of this book These essays also treat some of the specific differences in perspective or procedure that a biblically informed Christian perspective brings to each discipline Christian Worldview and the Academic Disciplines is intended principally as an introductory textbook in Christian worldview courses for Christian college or university students This volume will also be of interest to Christian students in secular post secondary institutions who may be encountering challenges to their faith both implicit and explicit from peers or professors who assume that holding a strong Christian faith and pursuing a rigorous college or university education are essentially incompatible This book should also be helpful for college and university professors who embrace the Christian faith but whose post secondary academic background because of its secular orientation has left them inadequately prepared to intelligently apply the implications of their faith to their particular academic specialty Such specialists be they professors or upper level graduate students will find the extensive bibliographies of recent scholarship at the end of the individual chapters particularly helpful      *The New Age Movement*

*and the Biblical Worldview* John P. Newport,1998 John Newport delivers a comprehensive study of the impact of New Age beliefs on contemporary culture and on Christianity itself while also offering an effective biblical antidote to today s worldview crisis After first surveying the historical development of the New Age worldview from ancient times through important tendencies in nineteenth century America to recent Far Eastern influences Newport explores in depth eleven key areas of the New Age worldview and contrasts each area of belief with the traditional biblical worldview      **An**

**Introduction to Christian Worldview** Tawa J. Anderson,W. Michael Clark a,David K. Naugle,2017-10-19 Everyone has a

worldview A worldview is the lens through which we interpret the cosmos and our lives in it A worldview answers the big questions of life What is our nature What is our world What is our problem What is our end As Anderson Clark and Naugle point out our worldview cannot simply be reduced to a series of rational beliefs We are creatures of story and the kinds of story we tell reveal important things about our worldview Part of being a thoughtful Christian is to understand and express the Christian worldview It also means developing an awareness of the variety of worldviews An Introduction to Christian Worldview explores answers to questions such as Why do worldviews matter What characterizes a Christian worldview How can we analyse and describe a worldview What are the most common secular and religious worldviews Well organized clearly written and featuring aids for learning An Introduction to Christian Worldview is the essential text for either the classroom or personal study Readily accessible a valuable resource for all Christians who desire a deeper understanding of the conceptual foundations of our faith Steve Wilkens Professor of Philosophy and Ethics Azusa Pacific University

**Biblical Counsel**,1993 [Living at the Crossroads](#) Michael W. Goheen,Craig G. Bartholomew,2008-11-01 How can Christians live faithfully at the crossroads of the story of Scripture and postmodern culture In Living at the Crossroads authors Michael Goheen and Craig Bartholomew explore this question as they provide a general introduction to Christian worldview Ideal for both students and lay readers Living at the Crossroads lays out a brief summary of the biblical story and the most fundamental beliefs of Scripture The book tells the story of Western culture from the classical period to postmodernity The authors then provide an analysis of how Christians live in the tension that exists at the intersection of the biblical and cultural stories exploring the important implications in key areas of life such as education scholarship economics politics and church

**Understanding Cults and New Age Religions** Irving Hexham,Karla Poewe,1998-05 **Claiming the Center** Jack Bartlett Rogers,1995-01-01 Mainline Protestant churches have been seriously impacted by the conflict in belief systems embodied in the opposing worldviews of conservatives and liberals In this book Jack Rogers contends that for mainline churches to remain relevant in today s world they must make an active effort to claim the center an authentic and balanced Christian worldview

**Redemption That Liberates** Wonho Jung,2018-02-08 This book is for both evangelicals and ecumenicals interested in a holistic approach to the Christian vision of social transformation The author compares Richard Mouw s Reformed political theology and Nam dong Suh s Minjung theology to suggest a vision of transformation that is theologically more cogent and politically more engaged In general Minjung theology understands transformation in terms of political liberation and Reformed theology in terms of spiritual redemption and theologians of the two theologies have criticized the other s approach as theologically inadequate However Suh s formulation of Minjung theology and Mouw s Reformed political theology based on the neo Calvinist worldview show significant affinities with each other in their understanding of transformation in Christ Both Suh and Mouw show a broad understanding of liberation and redemption They develop their theologies in an inclusive both and way of thinking and their holistic approach is contrasted with the

exclusive either or way of thinking in the Minjung theology of Byung mu Ahn and the Reformed theology of David VanDrunen The book concludes that redemption in Christ aims at an all encompassing transformation that includes not only spiritual renewal but also liberation from social alienation economic inequality and political oppression **Pursuing Excellence for the Glory of God**

situation The collected papers touch topics such as education ecumenism and history Most of the participants are students of the Regensburg systematic theologian Hans Schwarz whose special fields of interest are mirrored in these topics

Scorgie, 2004 Glen Scorgie's pioneer study of Orr as a theologian is a work long overdue Scorgie's fascinating narrative makes plain the real distinction of Orr's mind The present day resurgence of the convictions that Orr championed suggests that in calling for continuity and combating theological novelty Orr had found the way of wisdom This book rehabilitates the doughty Glasgow professor as a thinker still to be reckoned with by those who care for Christian truth J I Packer Regent College The Living Church, 1983 *Head, Heart & Hands* Dennis P. Hollinger, 2009-09-20 As Christians we are to love God with all of our being heart mind soul and strength But many of us tend to overemphasize one aspect or another and as a result our faith becomes imbalanced Some of us have an intellectual faith but lack compassion or spiritual discipline Others of us have a vibrant heartfelt relationship with God but lack commitment to truth or doctrine And many of us overlook translating our faith into service and ministry In this book ethicist Dennis P Hollinger presents a holistic integrative vision for reuniting Christian thought passion and action He shows how individuals churches and movements throughout history have focused on either the head or the heart or the hands often to the exclusion of other expressions But by linking our intellect emotions and actions Hollinger points us toward a whole faith for the whole person where each dimension feeds nurtures and sustains the others
