The Book of Jubilees Michael Segal, 2007-05-31 Almost all scholars have viewed the book of Jubilees as the work of a single author applying to the book methods of analysis determined primarily by its literary genre Rewritten Bible This study suggests a new approach in light of numerous contradictions between the rewritten stories on the one hand and the juxtaposed legal passages and chronological framework on the other It is suggested here that the editor of Jubilees adopted extant reworked sources and added his own legal and chronological framework This proposed literary critical method is highly significant for the study of the book's worldview as is demonstrated by the analysis of passages in Jubilees that relate to the origins of evil and of law in the world

decade or so With this expanded text base now available the time is ripe for a comprehensive re assessment of these legal formularies This book endeavors to show that these disparate Aramaic documents whose chronological scope spans several centuries form a discrete and coherent tradition It isolates and identifies the distinctive elements that form the core of this tradition and traces the histories of these elements back through the cuneiform record

The Torah in 1 Maccabees Francis Borchardt, 2014-08-22 This volume addresses two pivotal questions surrounding the composition of 1 Maccabees It sets out to discern the place and function of the Torah within the community described by the book However before addressing the main problem the author must first determine the composition history

of the text Given that the former orthodoxy of a unitary authorship seems to be breaking down and no consensus has taken its place a literary critical investigation occupies a necessary and lengthy portion of the work Once a recommendation for the book's composition history is reached attitudes toward the inherited Judean tradition are described in each of the strata discovered The resulting study reveals a wide variety of opinions on the Judean traditions and their function in society This contributes to the current trend in scholarship of the Hellenistic period questioning the dichotomy between Judaism and Hellenism by demonstrating the different attitudes within even one text

Jesus as Mirrored in John James H. Charlesworth, 2018-12-13 James H Charlesworth begins from a burgeoning point of scholarly consensus More and more scholars are coming to recognize that the Fourth Gospel is more historically complex than previously thought Charlesworth outlines two historical horizons within John On the one hand there is the Jewish background to the text complete with the evangelist's knowledge of Palestinian geography and Jewish customs which Charlesworth perceives as offering a window into pre 70 Palestinian Judaism On the other hand the gospel also reflects a post 70 world in which non believing Jews with more unity begin to part definitely with those who identified Jesus as the Messiah Split into four sections this volume first examines the origins of the Fourth Gospel its evolution in several editions and its setting in Judea and Galilee Charlesworth then looks specifically at the figure of Jesus and issues of history He proceeds to consider this Gospel alongside earlier and contemporaneous Jewish literature most notably the Dead Sea Scrolls Finally the volume engages with John's symbolism and language looking closely at key aspects in which John differs from the Synoptic Gospels and raising such provocative questions as whether or not it is possible that Jesus married Mary Magdalene From one of the New Testament's most noted scholars this book allows deeper understanding of the ways in which the Gospel of John is a vital resource for understanding both the origin of Christianity and Jesus position in history
