Contours of Christian Philosophy, 19?? *Contours of a Christian Philosophy* L. Kalsbeek, 1975 *Contours of a Christian Philosophy* L. Kalsbeek, 1975 **Christian Philosophy A-Z** Daniel Hill, 2006-07-21 A handy guide to the major figures and issues in Christian philosophy from Augustine to the present This volume covers a broad historical sweep and takes into account those non Christian philosophers that have had a great impact on the Christian tradition However it concentrates on the issues that perplex Christian philosophers as they seek to think through their faith in a philosophical way and their philosophical beliefs in the light of their faith Examples of the topics discussed are the question of whether and how God knows the future whether we actually know that God exists and what Athens has to do with Jerusalem The leaders of the recent revival of Christian analytic philosophy especially Alvin Plantinga Nicholas Wolterstorff William Alston and Robert Adams are also included *Contours of a Christian Philosophy* L. Kalsbeek, 2002 Kalsbeek clearly a true believer but otherwise not identified introduces general readers interested in Christian philosophy to Dooyeweerd's law Free U Philosophy of the Cosmonomic Idea He begins by perusing the nature of philosophy itself then discusses such topics as sphere sovereignty the faith aspect in restrictive and expansive functions the experience of identity structures of human society the problem of the Christian state types of enkaptic interlacements and the elements of philosophical anthropology The translation into English passed through several hands no Dutch publication is cited Annotation copyrighted by Book News Inc Portland OR **Philosophy of Religion** C. Stephen Evans, 1985-01-01 C Stephen Evans examines the central themes of philosophy of religion including the arguments for God's existence the meaning of revelation and miracles and the problem of religious language **Philosophy of Religion** C. Stephen Evans, R. Zachary Manis, 2009 With over 40 000 copies in print since its original publication in 1982 Steve Evans's *Philosophy of Religion* has served many generations of students as a classic introduction to the philosophy of religion from a Christian perspective Over the years the philosophical landscape has changed and in this new edition Zach Manis joins Evans in a thorough revamping of arguments and information while maintaining the qualities of clarity and brevity that made the first edition so appreciated New material on divine foreknowledge and human freedom has been added as well as on Reformed epistemology The discussions on science now cover new developments from cognitive psychology and naturalism as well as on the fine tuning of the cosmos The chapter on faith and reason has been expanded to include consideration of evidentialism The problem of evil now forms its own new chapter and adds a discussion of the problem of hell The standard features remain a survey of the field an examination of classical arguments for God's existence and an exploration of contemporary challenges to theism from the social sciences and philosophy as well as the natural sciences The meaning and significance of personal religious experience revelation and miracles all within the realm of contemporary religious pluralism are likewise investigated A classic introduction thoroughly updated and refreshed for today's student **Epistemology, the Justification of Belief** David L.

Wolfe,1982 The Contours of Christian Philosophy series will consist of short introductory level textbooks in the various fields of philosophy These books will introduce readers to major problems and alternative ways of dealing with those problems These books however will differ from most in that they will evaluate alternative viewpoints not only with regard to their general strength but also with regard to their value in the construction of a Christian world and life view Thus the books will explore the implications of the various views for Christian theology as well as the implications that Christian convictions might have for the philosophical issues discussed It is crucial that Christians attain a greater degree of philosophical awareness in order to improve the quality of general scholarship and evangelical theology **Metaphysics** William Hasker,1983 **Faith Has Its Reasons** Kenneth Boa,Robert M. Bowman Jr.,2012-01-05 A most accessible but thoroughly practical primer on apologetics **Metaphysics** William Hasker,2016-10-19 Helping readers create a consistently Christian worldview William Hasker addresses key questions of metaphysics and discusses possible answers In the Contours of Christian Philosophy series *Christian and Humanist Foundations for Statistical Inference* Andrew M. Hartley,2007-12-01 The Philosophy of the Law Idea PLI analyzes the manner in which religious beliefs control scientific theorizing Religious beliefs control philosophical overviews of reality Overviews of reality also called ontologies try to discover and disclose the essential nature of reality They are concerned with what kinds of things exist and with the connections between the various types of properties and laws in human experience Among such overviews are the biblically consistent overview provided by the PLI and certain humanist mathematicist and subjectivist overviews The science of statistical inference seeks to evaluate the credibility of scientific hypotheses given empirical data This essay reviews various popular paradigms or systems of theories concerning the ways that credibility may be evaluated and identifies some ways that these religiously controlled overviews of reality have in turn controlled statistical paradigms In particular one paradigm harmonizes with the PLI s overview another with the subjectivist overview and two others with the mathematicist overview **The Scandal of the Evangelical Mind** Mark A. Noll,2022-03-15 Winner of the Christianity Today Book of the Year Award 1995 The scandal of the evangelical mind is that there is not much of an evangelical mind So begins this award winning intellectual history and critique of the evangelical movement by one of evangelicalism s most respected historians Unsparing in his indictment Mark Noll asks why the largest single group of religious Americans who enjoy increasing wealth status and political influence have contributed so little to rigorous intellectual scholarship While nourishing believers in the simple truths of the gospel why have so many evangelicals failed to sustain a serious intellectual life and abandoned the universities the arts and other realms of high culture Over twenty five years since its original publication The Scandal of the Evangelical Mind has turned out to be prescient and perennially relevant In a new preface Noll lays out his ongoing personal frustrations with this situation and in a new afterword he assesses the state of the scandal showing how white evangelicals embrace of Trumpism their deepening distrust of science and their frequent forays into conspiratorial thinking have coexisted with surprisingly

robust scholarship from many with strong evangelical connections **Natural Signs and Knowledge of God** C. Stephen Evans, 2010-05-27 Is there such a thing as natural knowledge of God C Stephen Evans presents the case for understanding theistic arguments as expressions of natural signs in order to gain a new perspective both on their strengths and weaknesses Three classical much discussed theistic arguments cosmological teleological and moral are examined for the natural signs they embody At the heart of this book lie several relatively simple ideas One is that if there is a God of the kind accepted by Christians Jews and Muslims then it is likely that a natural knowledge of God is possible Another is that this knowledge will have two characteristics it will be both widely available to humans and yet easy to resist If these principles are right a new perspective on many of the classical arguments for God's existence becomes possible We understand why these arguments have for many people a continued appeal but also why they do not constitute conclusive proofs that settle the debate once and for all Touching on the interplay between these ideas and contemporary scientific theories about the origins of religious belief particularly the role of natural selection in predisposing humans to form beliefs in God or gods Evans concludes that these scientific accounts of religious belief are fully consistent even supportive of the truth of religious convictions

Philosophy of Education Michael L. Peterson, 1986 **Sin and Politics** Jeong Kii Min, 2009 Sin and Politics Issues in Reformed Theology is an overview of the relationship between sin and politics from the reformational point of view This short theological history is comprised of three parts politics without sin creational politics politics with sin fallen politics and politics beyond sin redeemed politics As a creation of human culture politics have been tainted with sinful distortion in this world but will be recovered in the future Kingdom by the eternal kingship of the Lord of Lords Sin and Politics includes a summary and commentary on political discussions by various Reformed theologians It uncovers the Reformed tradition's positive regard for politics and the profound theological root of politics The Hebrew Bible and Philosophy of Religion Jacob Gericke, 2012-11-01 This study pioneers the use of philosophy of religion in the study of the Hebrew Bible After identifying the need for a legitimate philosophical approach to Israelite religion the volume traces the history of interdisciplinary relations and shows how descriptive varieties of philosophy of religion can aid the clarification of the Hebrew Bible's own metaphysical epistemological and moral assumptions Two new interpretative methodologies are developed and subsequently applied through an introduction to what the biblical texts took for granted about the nature of religious language the concept of deity the properties of Yhwh the existence of gods religious epistemology and the relation between religion and morality

Our Idea of God Thomas V. Morris, 2002 **Plato in the Third Sophistic** Ryan C. Fowler, 2014-10-09 Plato in the Third Sophistic examines the influence and impact of Plato and Platonism in the era of Byzantine and Christian rhetoric The volume brings together specially commissioned articles from leading scholars of late antique philosophy and literature Their examinations show that Plato is the single most important and influential literary figure used to frame the literature of this time Plato in the Third Sophistic will help scholars and students from a wide range of disciplines to better understand the

development of Christian literature in this era as an essential link in the history of Platonism as well as that of Christianity
