Believers Gonzalo Haya-Prats,2011-01-01 This thesis by Gonzalo Haya Prats written in the Catholic interpretive tradition under the supervision of Johannine scholar Ignace de la Potterie at the Gregorian University in Rome reflects a faith tradition that historically remained open to the miraculous and resisted regulations on activities of the Holy Spirit in the Book of Acts Accordingly Haya Prats interprets the workings of the Spirit from a perspective of narrative sensitivity He is deliberately diligent to exercise due care so as not to obscure narrative flow and connectivity despite any ecclesial or interpretive precedents that might be of influence to the contrary His exegetical method is to let the original meaning be discerned and discovered according to the author s intention as closely as possible With this sound interpretive approach Haya Prats achieves a remarkable degree of freshness and insightful vision that all readers of Luke Acts will welcome Students and scholars alike should find this timely and thoughtful thesis to be a valuable and long lasting contribution to New Testament studies This English edition is made more accessible by including translations of all contemporary foreign languages and editor Paul Elbert offers occasional explanatory notes that engage current scholarship relevant to Haya Prats s presentation

Celluloid Saviours Emily Caston,2020-05-22 In Celluloid Saviours the author analyses a corpus of US films dating from the silent era that she calls film blanc In these fantasy films a guardian spirit with extraordinary powers suspends the ordinary known laws of time and space and a main character reforms himself or herself in life changing ways The author argues that the historical pattern of film blanc relates to the rise and fall of liberal and reform thought in US politics specifically to conceptions of human nature as a tabula rasa This conception is evident both in the early feature films featuring angels such as Chaplin s The Kid and much later examples such as the 1980s box office hit Trading Places She

argues that this narrative tradition runs from Hollywood's beginnings to the present day and is foreshadowed in the English ghost stories of Charles Dickens. The classic era of film blanc is epitomised in the enduringly popular film *It's a Wonderful Life*. More recent examples of narrative form analysed by Caston include *The Truman Show* and *Eternal Sunshine of the Spotless Mind*.

These include beliefs about how the sun entered the world, events at the close of the present age, the means by which divine revelation is communicated to God's people, and the ways in which the author thought about the relationship of the pious to angels both in this age and in the eschaton.

Angels Andy Angel, 2012-06-01 If you think you know all about angels, think again. Although the modern Western world claims to have left angels behind as mythical creatures, they are back in popular culture. And much of what people are thinking, exploring, and believing about them finds its roots in ancient Jewish and Christian beliefs. Andrew Angel opens up the surprising world of angels to interested enquirers through an examination of the ancient Jewish and Christian texts in which they are found. He asks questions about what angels have to do with religious ecstasy, surviving suffering, and politics among other things, finding surprising and sometimes controversial answers. Informed by the latest scholarship yet accessible to all, this book provides a well-researched and thought-provoking introduction to angels.
