Contracts Contracts:

Commercial Contracts Chris Thorpe, John Bailey, 1996-07-31 This book aims to explain the principles of contract law for the businessman and to put those principles into their commercial context Anyone involved in commercial transactions needs at least a basic understanding of the principles of contract law the legal framework for all commercial activity A lack of such a basic understanding at best results in a business which is less competitive and ultimately less profitable than it should be and at worst can have expensive and sometimes disastrous commercial consequences

Contract Documentation for Contractors Vincent Powell-Smith, John H. M. Sims, Christopher Dancaster, 2008-04-30 The JCT standard forms of building contract require a thorough understanding of their procedural requirements as well as their legal implications They require both the contractor and the architect on behalf of the employer to send a wide range of notices and letters if each party is to protect its legitimate interests The main contract forms are also supported by complex sub contract documentation Therefore it is not surprising that when this book of specimen letters notices and forms was first published it was widely welcomed by the construction industry The book provides examples of documentation likely to be required for a contract under the following JCT forms the Standard Form of Building Contract the Intermediate Form of Building Contract the Agreement for Minor Building Works the Standard Form of Building Contract With Contractor's Design It includes a commentary on the practical implications of the various documents and highlights the points to be watched The new edition takes into account the wide range of amendments to the latest editions of the standard forms following the Housing Grants Construction and Regeneration Act 1996 and in particular the new payment and adjudication provisions For the first time it features documentation for use with the JCT design and build form
