Contrary Country A Chronicle Of Vermont:

Contrary Country Ralph Nading Hill, 1961 **Legendary Locals of Burlington, Vermont** Robert J. Resnik, 2013 A bustling lumber and trading port on the shores of Lake Champlain founded by Ethan and Ira Allen in the 1780s became the city of Burlington in 1865 With a current population of almost 43 000 residents Burlington is still Vermont s Queen City consistently nationally ranked for quality of life and as a great place to both raise a family and to retire It is not just the beautiful scenery and endlessly interesting weather that makes Burlington desirable but also the amazing people and businesses of Burlington that make it unique Burlington is the hometown of Ben Horatio Nelson Jackson the first man to drive an automobile across the continental United States the Lake Champlain Chocolate Company first lady Grace Coolidge the Vermont Pub philosopher and educator John Dewey the world renowned jam band Phish a small army of accomplished and eclectic artists and more interesting coffee and tea shops than almost any other small city in the country **Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ... Wherein the Copyright Has Been Completed by the Deposit of Two Copies in the Office** Library of Congress. Copyright Office, 1980 **Two Vermonts** Paul M. Searls, 2006 Two Vermonts establishes a little known fact about Vermont that the state s fascination with tourism as a savior for a suffering economy is more than a century old and that this interest in tourism has always been dogged by controversy Through this lens the book is poised to take its place as the standard work on Vermont in the Gilded Age and the Progressive Era Searls examines the origins of Vermont s contemporary identity and some reasons why that identity Who is a Vermonter is to this day so hotly contested Searls divides nineteenth century Vermonters into conceptually uphill or rural parochial and downhill or urban cosmopolitan elements These two groups he says negotiated modernity in distinct and contrary ways The dissonance between their opposing tactical approaches to progress and change belied the pastoral ideal that contemporary urban Americans had come to associate with the romantic notion of Vermont Downhill Vermonters espousing a vision of a mutually reinforcing relationship between tradition and progress unilaterally endeavored to foster the pastoral ideal as a means of stimulating economic development The hostile uphill resistance to this strategy engendered intense social conflict over issues including education religion and prohibition in the late nineteenth and early twentieth centuries The story of Vermont s vigorous nineteenth century quest for a unified identity bears witness to the stirring and convoluted forging of today s Vermont Searls s engaging exploration of this period of Vermont s history advances our understanding of the political economic and cultural transformation of all of rural America as industrial capitalism and modernity revolutionized the United States between 1865 and 1910 By the late Progressive Era Vermont s reputation was rooted in the national yearning to keep society civil personal and meaningful in a world growing more informal bureaucratic and difficult to navigate The fundamental ideological differences among Vermont communities are indicative of how elusive and frustrating efforts to balance progress and tradition were in the context of

effectively negotiating capitalist transformation in contemporary America **Harvard Guide to American History** Frank Freidel, Frank Burt Freidel, Richard K. Showman, 1974 Editions for 1954 and 1967 by O Handlin and others **The Oxen at the Intersection** Patrice Jones, 2014-06-18 When Green Mountain College in Poultney Vermont announced that two oxen called Bill and Lou would be killed and turned into hamburgers despite their years of service as unofficial college and town mascots patrice jones and her colleagues at nearby VINE Sanctuary offered an alternative scenario to allow the elderly bovines to retire to the sanctuary What transpired after this simple offer was a catastrophe of miscommunication misdirection and misinterpretations as the college dug in its heels activists piled on and social media erupted Part true crime mystery part on the ground reportage and part sociocultural critique *The Oxen at the Intersection* is a brilliant unearthing of the assumptions preconceptions and biases that led all concerned with the lives and deaths of these two animals to fail to achieve their ends How and why the threads of this story unspooled as jones reveals raises profound questions most particularly about how ideas rooted in history race gender region and speciesism intersect and complicate strategy and activism and their desired outcomes In the end notes jones we must always ask Where s the body [A Checklist of Vermont Imprints for the Years 1851-1856](#) Suiko Maki, 1964 [Catalog of Copyright Entries.
