Contrary Jenkins:

Human Perception and Digital Information Technologies Tomoko Tamari, 2024-02-29 This ground breaking collection explores the ways in which digital information technologies form and influence human perception and experience Defying technological determinism it takes on board discursive perspectives from humanities bringing digital media affect and body studies into conversation with one another **Hearings** United States. Congress. House. Committee on Ways and Means,

Epistemic Thought Experiments and Intuitions Manhal Hamdo, 2023-06-28 This work investigates intuitions nature demonstrating how philosophers can best use them in epistemology First the author considers several paradigmatic thought experiments in epistemology that depict the appeal to intuition He then argues that the nature of thought experiment generated intuitions is not best explained by an a priori Platonism Second the book instead develops and argues for a thin conception of epistemic intuitions The account maintains that intuition is neither a priori nor a posteriori but multi dimensional It is an intentional but non propositional mental state that is also non conceptual and non phenomenal in nature Moreover this state is individuated by its progenitor namely the relevant thought experiment Third the author provides an argument for the evidential status of intuitions based on the correct account of the nature of epistemic intuition The suggestion is the fitting ness approach intuition alone has no epistemic status Rather intuition has evidentiary value as long as it fits well with other pieces into a whole namely the pertinent thought experiment Finally the book addresses the key challenges raised by supporters of anti centrality according to which philosophers do not regard intuition as central evidence in philosophy To that end the author responds to them showing that they fail to affect the account of intuition developed in this book This text appeals to students and researchers working in epistemology **Reports of Cases, Decided in the**

High Court of Chancery Great Britain. Court of Chancery, 1827 The Experience of Revolution in Stuart Britain and Ireland Michael J. Braddick, David L. Smith, 2011-06-09 This volume ranges widely across the social religious and political history of revolution in seventeenth century Britain and Ireland from contemporary responses to the outbreak of war to the critique of the post regicidal regimes from royalist counsels to Lilburne s politics and across the three Stuart kingdoms However all the essays engage with a central issue the ways in which individuals experienced the crises of mid seventeenth century Britain and Ireland and what that tells us about the nature of the Revolution as a whole Responding in particular to three influential lines of interpretation local religious and British the contributors all leading specialists in the field demonstrate that to comprehend the causes trajectory and consequences of the Revolution we must understand it as a human and dynamic experience as a process This volume reveals how an understanding of these personal experiences can provide the basis on which to build up larger frameworks of interpretation **The First World War as a Turning Point / Wendezeit Weltkrieg** Frieder Ludwig, 2020 The First World War led to a fundamental reorganization of international relations This had a profound impact on churches and mission agencies and their ecumenical networks European Christianity

was increasingly questioned The shock was all the greater since the war alliances were formed without taking religious orientation into consideration This volume examines the impact of the war on church and mission especially in Africa and Asia The contributions provide a wide scope of historical analyses with a focus on the Hermannsburg Mission The symposium was organized by the Ludwig Harms Kuratorium and the Fachhochschule für Interkulturelle Theologie Hermannsburg in 2018

An Encyclopedia of Instruction; Or, Apologues and Breviats on Man and Manners ... Alexander Bryan Johnson, 1857

Cultural Studies 10.3 Lawrence Grossberg, 2005-08-08 Cultural Studies is an international journal committed to exploring the relationships between cultural practices and everyday life economic relations the material world the State and historical forces and contexts

Rereading Appalachia Sara Webb-Sunderhaus, Kim Donehower, 2015-12-18 Appalachia faces overwhelming challenges that plague many rural areas across the country including poorly funded schools stagnant economic development corrupt political systems poverty and drug abuse Its citizens in turn have often been the target of unkind characterizations depicting them as illiterate or backward Despite entrenched social and economic disadvantages the region is also known for its strong sense of culture language and community In this innovative volume a multidisciplinary team of both established and rising scholars challenge Appalachian stereotypes through an examination of language and rhetoric Together the contributors offer a new perspective on Appalachia and its literacy hoping to counteract essentialist or class based arguments about the region's people and reexamine past research in the context of researcher bias Featuring a mix of traditional scholarship and personal narratives Rereading Appalachia assesses a number of pressing topics including the struggles of first generation college students and the pressure to leave the area in search of higher quality jobs prejudice toward the LGBT community and the emergence of Appalachian and Afrilachian art in urban communities The volume also offers rich historical perspectives on issues such as the intended and unintended consequences of education activist Cora Wilson Stewart's campaign to promote literacy at the Kentucky Moonlight Schools A call to arms for those studying the heritage and culture of Appalachia this timely collection provides fresh perspectives on the region its people and their literacy beliefs and practices

The Profit Doctrine Robert Chernomas, Ian Hudson, 2016-12-20 The economics profession has a lot to answer for After the late 1970s the ideas of influential economists have justified policies that have made the world more prone to economic crisis remarkably less equal more polluted and less secure than it might be How could ideas and policies that proved to be such an abject failure come to dominate the economic landscape By critically examining the work of the most famous economists of the neoliberal period including Alan Greenspan Milton Friedman and Robert Lucas the authors Robert Chernomas and Ian Hudson demonstrate that many of those who rose to prominence did so primarily because of their defence of and contribution to rising corporate profits and not their ability to predict or explain economic events An important and controversial book The Profit Doctrine exposes the uses and abuses of mainstream economic canons identify those responsible and reaffirm the primacy of political economy
