Contrast Connection Bicentennial Essays In Anglo American History:

Contrast and Connection Harry Cranbrook Allen, Roger Thompson, 1976 *The Vision of Anglo-America* Henry Butterfield Ryan, 2004 This study demonstrates the importance of the decline of British power in the creation of the Cold War

Enlightened Oxford Nigel Aston, 2023-09-19 Enlightened Oxford aims to discern establish and clarify the multiplicity of connections between the University of Oxford its members and the world outside to offer readers a fresh contextualised sense of the University's role in the state in society and in relation to other institutions between the Williamite Revolution and the first decade of the nineteenth century the era loosely describable though not without much qualification as England's ancien regime Nigel Aston asks where Oxford fitted in to the broader social and cultural picture of the time locating the University's importance in Church and state and pondering its place as an institution that upheld religious entitlement in an ever shifting intellectual world where national and confessional boundaries were under scrutiny Enlightened Oxford is less an inside history than a consideration of an institutional presence and its place in the life of the country and further afield While admitting the degree of corporate inertia to be found in the University there was internal scope for members so inclined to be creative in their teaching open new research lines and be unapologetic Whigs rather than unrepentant Tories For if Oxford was a seat of learning rooted in its past and with an increasing antiquarian awareness of its inheritance yet it had a surprising capacity for adaptation a scope for intellectual and political pluralism that was not incompatible with enlightened values

The First Prejudice Chris Beneke, Christopher S. Grenda, 2011-06-06 In many ways religion was the United States first prejudice both an early source of bigotry and the object of the first sustained efforts to limit its effects Spanning more than two centuries across colonial British America and the United States The First Prejudice offers a groundbreaking exploration of the early history of persecution and toleration The twelve essays in this volume were composed by leading historians with an eye to the larger significance of religious tolerance and intolerance Individual chapters examine the prosecution of religious crimes the biblical sources of tolerance and intolerance the British imperial context of toleration the bounds of Native American spiritual independence the nuances of anti-Semitism and anti Catholicism the resilience of African American faiths and the challenges confronted by skeptics and freethinkers The First Prejudice presents a revealing portrait of the rhetoric regulations and customs that shaped the relationships between people of different faiths in seventeenth and eighteenth century America It relates changes in law and language to the lived experience of religious conflict and religious cooperation highlighting the crucial ways in which they molded U.S. culture and politics By incorporating a broad range of groups and religious differences in its accounts of tolerance and intolerance The First Prejudice opens a significant new vista on the understanding of America's long experience with diversity

Maritime Transport and Migration Torsten Feys, Lewis R. Fischer, Stephane Hoste, Stephan Vanfraechem, 2017-10-18 This study explores the connection between global maritime and migration networks to better understand the acceleration of the

transatlantic migration rate that took place in the latter half of the nineteenth and early twentieth century It brings together the actions of migrants government regulators transatlantic shipping companies and the agents who represented them to determine the motives and opportunities for transatlantic mass migration The study is comprised of an introductory chapter seven essays by maritime scholars and a conclusion The subject is approached from three particular discussion points the rate of development and the accessibility of transport networks for European migrants the competition between shipping companies and the subsequent influence on migration and the integration of labour markets in both Europe and America It concludes by suggesting both maritime and migration historians should merge their respective fields by including the larger frameworks of each discipline to gain further understanding of their disciplines and identifies the role of ports and shipping companies as crucial to any further study of mass migration The Lost Promise of Progressivism Eldon J.

Eisenach,1994-06-21 Long before the current calls for national service civic responsibility and the restoration of community values the Progressives initiated a remarkably similar challenge Eldon Eisenach traces the evolution of this powerful national movement from its theoretical origins through its dramatic rise and sudden demise and shows why their philosophy still speaks to us with such eloquence Eisenach analyzes how and why between 1885 and World War I progressive political ideas conquered almost every cultural and intellectual bastion except constitutional law and dominated every major national institution except the courts and party system Progressives he demonstrates were especially influential as a force in American politics higher education and the media They created wideranging professional networks that functioned like a hidden national government to counter a federal government they deeply distrusted They viewed the university as their national Church the main repository and disseminator of values they espoused They established truly national journals for a national audience And they drew much support from women s rights advocates and other highly vocal movements of their time Permeated with an evangelical Protestant vision of the future progressive thought was an integral part of the national discourse for nearly three decades But as Eisenach reveals at the very moment of its triumph it disintegrated as both a coherent theory and a viable public doctrine With the election in 1912 of Woodrow Wilson the movement reached its peak but thereafter lost its momentum and force Its precipitous decline was accelerated by world war and by the rise of New Deal liberalism By the end of the Depression it had disappeared as an influential player in American public life In the decades that followed the Progressive mantle went unclaimed Conservatives blamed the Progressives for the rise of the welfare state and many liberals cringed at their theological and imperialist rhetoric Eisenach however argues that we still have much to learn about and from the Progressives By enlarging our understanding of their thought we greatly increase our understanding of an America whose national institutions political cultural educational religious professional economic and journalistic are all largely the product of this thinking In other words their ideas are still very much with us *American Intelligence in War-time London* Nelson MacPherson,2003-03-30 Based on OSS records only recently released to US National Archives and

on evidence from British archival sources this is a thoroughly researched study of the Office of Strategic Services in London The OSS was a critical liaison and operational outpost for American intelligence during World War II Dr MacPherson puts the activities of the OSS into the larger context of the Anglo American relationship and the various aspects of intelligence theory while examining how a modern American intelligence capability evolved **Thomas Paine:Soc & Pol Thought** Gregory Claeys,2002-09-11 First published in 1989 Routledge is an imprint of Taylor Francis an informa company **Sexual Revolution in Early America** Richard Godbeer,2004-02-18 An Alternate Selection of the History Book Club In 1695 John Miller a clergyman traveling through New York found it appalling that so many couples lived together without ever being married and that no one viewed ante nuptial fornication as anything scandalous or sinful Charles Woodmason an Anglican minister in South Carolina in 1766 described the region as a stage of debauchery in which polygamy was very common concubinage general and bastardy no disrepute These depictions of colonial North America s sexual culture sharply contradict the stereotype of Puritanical abstinence that persists in the popular imagination In Sexual Revolution in Early America Richard Godbeer boldly overturns conventional wisdom about the sexual values and customs of colonial Americans His eye opening historical account spans two centuries and most of British North America from New England to the Caribbean exploring the social political and legal dynamics that shaped a diverse sexual culture Drawing on exhaustive research into diaries letters and other private papers as well as legal records and official documents Godbeer s absorbing narrative uncovers a persistent struggle between the moral authorities and the widespread expression of popular customs and individual urges Godbeer begins with a discussion of the complex attitude that the Puritans had toward sexuality For example although believing that sex could be morally corrupting they also considered it to be such an essential element of a healthy marriage that they excommunicated those who denied conjugal fellowship to their spouses He next examines the ways in which race and class affected the debate about sexual mores from anxieties about Anglo Indian sexual relations to the sense of sexual entitlement that planters held over their African slaves He concludes by detailing the fundamental shift in sexual culture during the eighteenth century towards the acceptance of a more individualistic concept of sexual desire and fulfillment Today s moral critics in their attempts to convince Americans of the social and spiritual consequences of unregulated sexual behavior often harken back to a more innocent age as this groundbreaking work makes clear America s sexual culture has always been rich vibrant and contentious The Business Community of Seventeenth-Century England Richard Grassby,2002-11-07 A comprehensive study of the business community in a pre industrial economy **The Battle for the Migrants** Torsten Feys,2017-10-18 This book approaches the well documented study of European mass migration to the United States of America from the viewpoint of mass migration as a business venture The overall purpose is to demonstrate that maritime and migration histories are interlinked and dependent on a deeper understanding of the social economic and political factors at work in the nineteenth century Atlantic community It centres on both the evolution of the

port of Rotterdam as a migration gateway and the crucial role of the Holland America line as a regulator of the North American passenger trade The first part of the book explores the simultaneous rise of transatlantic mass migration and long distance steamshipping between 1830 to 1870 The second part divided into five chapters explores how mass migration became a big business between 1870 and 1914 and scrutinises how steamship companies organised and provided initiatives for transoceanic migration plus the role of shipping agents and agent networks and how passenger services were constructed within transatlantic networks Over the course of the text it becomes increasingly clear that by approaching mass migration as a trade issue the role of steamship companies in the facilitation of transatlantic migration is rendered both intrinsic and pivotal It consists of an introduction containing contextual information two sections providing historical overviews five chapters exploring different aspects of the shipping industry s response to mass migration conclusion bibliography and six appendices of passenger destination agent and advertising statistics

Under Household Government

M. Michelle Jarrett Morris, 2013-01-07 The Puritans were not as busy policing their neighbors behavior as Nathaniel Hawthorne or many early American historians would have us believe Keeping their own households in line occupied too much of their time Under Household Government reveals that family members took on the role of watchdogs in matters of sexual indiscretion

Religion, Revolution and English Radicalism James E. Bradley, 2002-06-20 This book examines the social and political activities of the English Dissenters in the age of the American Revolution By comparing sermons political pamphlets and election ephemera to poll books city directories and baptismal registers this book offers an integrated approach to the study of ideology and behavior

The Women's Movements in the United States and Britain from the 1790s to the 1920s Christine Bolt, 2014-09-25 This book presents a study of the development of the feminist movement in Britain and America during the 19th century Acknowledging the similar social conditions in both countries during that period the author suggests that a real sense of distinctiveness did exist between British and American feminists American feminists were inspired by their own perception of the superiority of their social circumstances for example whereas British feminists found their cause complicated by traditional considerations of class Christine Bolt aims to show that the story of the American and British women s movement is one of national distinctiveness within an international cause This book should be of interest to students and teachers of American and British political history and women s studies

Suffrage, Gender and Citizenship -

International Perspectives on Parliamentary Reforms Pirjo Markkola, Seija-Leena Nevala-Nurmi, Irma

Sulkunen, 2008-12-18 In 2006 Finland celebrated the centenary of universal and equal suffrage The reform in 1906 was radical women gained the right to vote and to stand as candidates in parliamentary elections The new rights were immediately used and 19 women were elected to the Parliament Finland was the third country after New Zealand and Australia in which women were admitted to full political citizenship Norwegian women were also granted political rights before WWI This publication studies suffrage citizenship and parliamentary reforms in various socio political contexts It

brings together new research from a wide range of scholars and disciplines In addition to pioneers attention is given to Austria Britain Canada Hungary Iran Ireland Israel Poland Romania Russia and Slovenia among others By highlighting national differences the collection strives to disperse the universalising trend of research The chapters suggest that the age of suffrage narratives based on a view of universal emancipation is over more significant are deconstructive approaches and analyses embedded in local factors From an international perspective the realisation of female suffrage was a long and multifaceted process taking different forms The issue of women s civil rights is certainly not a matter of the past Internationally suffrage gender and citizenship are highly topical issues as indicated in this collection *British and American*

Anti-communism Before the Cold War Markku Ruotsila,2023-05-09 This work examines in a comparative historical way the socialist liberal and conservative strands of Anglo American anticommunist thought before the Cold War In so doing this book provides us with an intellectual pre history of Cold War attitudes and policy positions **The American Colonial**

State in the Philippines Julian Go,Anne L. Foster,2003-07-08 Interdisciplinary collection placing the U S imperial project in the Philippines within a global comparative framework **Atlantic Crossings** Daniel T. RODGERS,2009-06-30 The most

belated of nations Theodore Roosevelt called his country during the workmen s compensation fight in 1907 Earlier reformers progressives of his day and later New Dealers lamented the nation s resistance to models abroad for correctives to the backwardness of American social politics Atlantic Crossings is the first major account of the vibrant international network that they constructed so often obscured by notions of American exceptionalism and of its profound impact on the United States from the 1870s through 1945 On a narrative canvas that sweeps across Europe and the United States Daniel Rodgers retells the story of the classic era of efforts to repair the damages of unbridled capitalism He reveals the forgotten international roots of such innovations as city planning rural cooperatives modernist architecture for public housing and social insurance among other reforms From small beginnings to reconstructions of the new great cities and rural life and to the wide ranging mechanics of social security for working people Rodgers finds the interconnections adaptations exchanges and even rivalries in the Atlantic region s social planning He uncovers the immense diffusion of talent ideas and action that were breathtaking in their range and impact The scope of Atlantic Crossings is vast and peopled with the reformers university men and women new experts bureaucrats politicians and gifted amateurs This long dur e of contemporary social policy encompassed fierce debate new conceptions of the role of the state an acceptance of the importance of expertise in making government policy and a recognition of a shared destiny in a newly created world *The Last American Puritan*

Michael G. Hall,2012-01-01 Powerful preacher political negotiator for New England in the halls of Parliament president of Harvard father of Cotton Mather Increase Mather was the epitome of the American Puritan He was the most important spokesman of his generation for Congregationalism and became the last American Puritan of consequence as the seventeenth century ended The story begins in 1639 when Mather was born in the Massachusetts village of Dorchester He left home for

Harvard College when he was twelve and at twenty two began to stir the city of Boston from the pulpit of North Church He had written four books by the time he was thirty two Certain he was God s chosen instrument and New England God s chosen people he disciplined mind and spirit in service to them both Tempted to Atheisme and unbelief afflicted early by nightmares and melancholy then by hope and joy he was a pioneer in recognizing the excitement of the new sciences and sought to reconcile them to theology This well wrought biography the first of Increase Mather in forty years draws on the extensive Mather diaries which were transcribed by Michael Hall

Succeeding John Bull D. Cameron Watt, 1984-03-29 This book is based on the Wiles lectures for 1981 delivered at the Queen s University of Belfast in October 1981 It is not a history of Anglo American relations in the century its theme deals with how the United States of America came to replace Britain as the primary world and oceanic power confronting a grouping of land based continental powers the position Britain occupied throughout the nineteenth century This theme is examined in the light of how the process of replacement was conceived and perceived by those groups which had the primary responsibility for the formulation and conduct of foreign relations in each of the two powers Britain and America The author whose earlier study of 1965 of the British foreign policy making elites pioneered this approach in Britain argues the existence and continuity over much of this century of similar groups in the United States

Contrast Connection Bicentennial Essays In Anglo American History Introduction

In today's digital age, the availability of Contrast Connection Bicentennial Essays In Anglo American History books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Contrast Connection Bicentennial Essays In Anglo American History books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Contrast Connection Bicentennial Essays In Anglo American History books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Contrast Connection Bicentennial Essays In Anglo American History versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Contrast Connection Bicentennial Essays In Anglo American History books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Contrast Connection Bicentennial Essays In Anglo American History books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Contrast Connection Bicentennial Essays In Anglo American History books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Contrast Connection Bicentennial Essays In Anglo American History books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Contrast Connection Bicentennial Essays In Anglo American History books and manuals for download and embark on your journey of knowledge?

FAQs About Contrast Connection Bicentennial Essays In Anglo American History Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Contrast Connection Bicentennial Essays In Anglo American History is one of the best book in our library for free trial. We provide copy of Contrast Connection Bicentennial Essays In Anglo American History in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Contrast Connection Bicentennial Essays In Anglo American History. Where to download Contrast Connection Bicentennial Essays In Anglo American History online for free? Are you looking for Contrast Connection Bicentennial Essays In Anglo American History PDF? This is definitely going to save you time and cash in something you should think about.
