Contratos Civiles:

Fiscalidad de los contratos civiles y mercantiles : fundamentos y formularios Rafael D. Natera Hidalgo, 2007 *El silencio de los contratos civiles* Ylona de la Rocha, 2023-10-03 El silencio es una figura enigmática rodeada del misterio que ofrece su ausencia de expresión y las múltiples explicaciones que subyacen tras lo que se supone que significa y lo que en realidad es Por haber sido concebido de manera escasa dubitativa e inconsistente es necesario que se precise una valoración cierta sobre criterios objetivos en la experiencia dominicana y en la de muchas otras latitudes que comparten la misma incertidumbre Ante la carencia de un concepto claro y de parámetros para definirlo el recorrido de este libro de investigación iniciar con las formas en que el silencio se ha concebido tradicionalmente para culminar con las que se proponen por entenderlas adecuadas para descifrarlo con la explicación previa de su concepto jurídico y del proceso para interpretarlo En el caso particular del silencio contractual considerado tipología del silencio jurídico este se da dentro del contexto de las relaciones entre partes y su repercusión puede reflejarse al momento de la formación del contrato y durante su ejecución para determinar si constituye o no una forma de manifestar la voluntad o al contrario ausencia de ella Entonces es necesario avanzar de la libre apreciación del juez hacia la determinación de los criterios objetivos para la interpretación del alcance jurídico del silencio los cuales se proponen en esta obra para la definición de su concepto y valoración con la finalidad de que no se encuentren sujetos a circunstancias particulares

Interpretación de los contratos civiles y estatales. Roma e America Diritto romano comune. Monografie N°. 8 Diego Franco Victoria, 2019-07-12 La interpretación de los contratos es una actividad fáctica y jurídica que concierne al entendimiento de las disposiciones convencionales que emanan de la autonomía de las partes y de las normas del ordenamiento jurídico que resultan aplicables al negocio en concreto El procedimiento hermenéutico ocupa un lugar tan importante como el de la creación del contrato en tanto que constituye el extremo final de la relación intersubjetiva donde cobra eficacia el conjunto de intereses que los contratantes han querido satisfacer desde el momento de la celebración A lo largo de la historia en los diferentes sistemas jurídicos se han aplicado los criterios interpretativos subjetivos y objetivos la calificación y la integración con la finalidad de asegurar que los efectos del contrato correspondan al ejercicio de la libertad de los contratantes dentro de las restricciones que surgen de las normas imperativas y con el aporte de los elementos extrínsecos relevantes Estos criterios y elementos llevan siglos de consolidación en el campo de los contratos civiles razón por la cual conviene analizarlos para definir cuál puede ser su disposición jerárquica en la actualidad cuál su aplicación a los contratos celebrados por el Estado y también resulta útil explorar posibilidades en torno a la función social y a la perspectiva económica frente a la hermenéutica contractual

El silencio en los contratos civiles. Su valoración con criterios objetivos en la experiencia dominicana Ylona de la Rocha, El silencio es una figura enigmática rodeada del misterio que ofrece su ausencia de expresión y las múltiples explicaciones que subyacen tras lo que se supone que significa y lo que en realidad es Por haber sido concebido de manera escasa dubitativa e inconsistente es

necesario que se precise una valoración cierta sobre criterios objetivos en la experiencia dominicana y en la de muchas otras latitudes que comparten la misma incertidumbre. Ante la carencia de un concepto claro y de parámetros para definirlo, el recorrido de este libro de investigación iniciará con las formas en que el silencio se ha concebido tradicionalmente para culminar con las que se proponen por entenderlas adecuadas para descifrarlo con la explicación previa de su concepto jurídico y del proceso para interpretarlo. En el caso particular del silencio contractual considerado tipología del silencio jurídico, este se da dentro del contexto de las relaciones entre partes y su repercusión puede reflejarse al momento de la formación del contrato y durante su ejecución para determinar si constituye o no una forma de manifestar la voluntad o al contrario ausencia de ella. Entonces es necesario avanzar de la libre apreciación del juez hacia la determinación de los criterios objetivos para la interpretación del alcance jurídico del silencio, los cuales se proponen en esta obra para la definición de su concepto y valoración con la finalidad de que no se encuentren sujetos a circunstancias particulares.

Contratos y responsabilidad civil. Cuestiones jurídicas actuales Ángel Acedo Penco, 2007. Este libro aborda sustancialmente un acercamiento al Derecho civil de obligaciones y contratos mediante el análisis práctico de algunas de sus instituciones, sobre todo las más conocidas y utilizadas en el tráfico jurídico diario. Se trata por tanto más que de un estudio dogmático de dar respuesta a las diferentes preguntas o cuestiones en las que se pueden encontrar las personas que dentro del ámbito del Derecho privado aunque no exclusivamente han de enfrentarse a menudo a un problema muy concreto en cada caso.

Global Sales and Contract Law Ingeborg Schwenzer, Pascal Hachem, Christopher Kee, 2012-01-26. Although the 1980 United Nations Convention on Contracts for the International Sale of Goods (CISG) is one of the most successful international conventions to date, it remains the case that those involved in the international sale of goods must refer to a multitude of laws. Indeed, the CISG itself does not cover all issues relating to international sales contracts, so it must necessarily be supplemented by domestic law. Global Sales and Contract Law provides a truly comparative analysis of domestic laws in over sixty countries so as to deliver a global view of domestic and international sales law. The book reports on the real practice of sales law, taking into account present-day problems. Complex questions on the obligations under a sales contract, the ways in which these are established, as well as the remedies following the breach of obligations, are all discussed. By addressing regional uniform projects like OHADA and comparing differences in domestic legal approach where the CISG would not apply, the work goes beyond existing commentaries which tend to focus only on the CISG. The analysis has been based on an unprecedented survey drawn from the world's top fifty companies, as well as international traders, lawyers advising international traders, arbitral institutions, arbitrators, and law schools. This work encompasses all aspects of a sale of goods transaction and takes a wide view of sale by including general contract law. The book gives practitioners invaluable insight into judicial trends and possible solutions in different legal systems, whether preparing for litigation or drafting an international contract. Global Sales and Contract Law is the most comprehensive and thorough compilation of legal analysis in the field of the sale of goods and
