A Country of Our Own David Poyer,2005-07-05 Now available in paperback the second volume of this thrilling Civil War at Sea cycle by a living master of American sea fiction spins an authentic engrossing tale that opens a window on the little known naval aspect of the conflict      **Fire on the Waters** David Poyer,2003-07-02 A banking family s son joins the Navy to avoid family obligations and serves under an Annapolis graduate from Virginia who faces an agonizing choice when the South starts contemplating secession      **Treasure and Empire in the Civil War** Neil P. Chatelain,2024-03-12 Across North America s periphery unknown and overlooked Civil War campaigns were waged over whether the United States or Confederacy would dominate lands mines and seaborne transportation networks of North America s mineral wealth The U S needed this wealth to stabilize their wartime economy while the Confederacy sought to expand their own treasury Confederate armies advanced to seize the West and its gold and silver reserves while warships steamed to intercept Panama route ships transporting bullion from California to Panama to New York United States forces responded by expelling Confederate incursions and solidified territorial control by combating Indigenous populations and enacting laws encouraging frontier settlement The U S Navy patrolled key ports convoyed treasure ships and integrated continent wide intelligence networks in the ultimate game of cat and mouse This book examines the campaigns to control North America s mineral wealth linking the Civil War s military naval political diplomatic and economic elements Included are the hemispheric land and sea adventures involving tycoon Cornelius Vanderbilt admiral and explorer Charles Wilkes renowned sea captain Raphael Semmes General Henry Sibley cowboy and mountain man Kit Carson Indigenous leaders Mangas Coloradas and Geronimo writer and miner Mark Twain and Mormon leader Brigham Young      **Abe Lincoln's Secret War Against The North** John Chodes,2015-04-01 Abraham Lincoln an American icon was feared and hated during his presidency as a brutal dictator His severe attacks on New York Maryland Indiana and Missouri show that he was turning the United States into a permanently militarized nation Lincoln was reviled not only by Southerners and by his political rivals the Democrats but also to a surprising degree by the rank and file of his own Republican Party He won the war and so he is remembered as Honest Abe and the Great Emancipator But through this investigation of three Northern states that opposed Abraham Lincoln s policies and even one state that had fervently supported him the true picture becomes more clear Why is this story important for today Because many of the negatives in 21st century American society the centralization of power in Washington political indifference to the popular will the continual expansion of the military industrial complex can all be traced to their starting point Abraham Lincoln s presidency The Radical wing of Lincoln s Republican Party was a precursor of the 20th and 21st century totalitarian regimes These Radicals believed in and fulfilled their goal of one party rule This goal was not shaped by four years of brutalizing war but was inherent in their ideology from the beginning      The Examiner ,1865      Debates Canada.
