**United States Government War-savings Stamps** United States. Dept. of the Treasury. National war-savings committee,1917 Oh, Posterity! John S. Dye,2024-07-02 Oh Posterity You will never know how much it cost the present generation to preserve your freedom I hope you will make a good use of it If you do not I shall repent in heaven that I ever took half the pains to preserve it John Adams April 26 1777 Amidst the political divisions that exist today many Americans believe the Founding Fathers would roll over in their graves if they saw what posterity did with their divine creation Oh Posterity What Have You Done explores what the Founding Fathers might say to us if given the opportunity in this piece of historical fiction Is modern America anything close to what they intended Have twenty first century Americans forgotten who they were and subsequently who we are Have we lost our way and what will it take to get us back on track and in the good graces of the Almighty Follow God s new messenger William Justice Freeman as he is charged by Providence with the task of breathing new life into the founding generation s words in the hopes of saving the country Starting on January 6 2021 and ending on July 2 2024 prior to an election that could be a turning point in the cause of human freedom see what the Founders think of modern America as they are given the opportunity to live among us for three years culminating in eight thought provoking interviews with Mr Freeman Do they believe America can be saved Why is individual free will so important to the Almighty Are freedom and democracy synonymous or has posterity forgotten what the principle of freedom even means Can Americans regain a connection to the revolutionary generation and understand what they gave us some 250 years ago Join William Freeman as he attempts to wake America up to its forgotten purpose in the world **Our Day** Joseph Cook,Hazlitt Alva Cuppy,1888 Commerce Reports ,1918 **Vocational Summary** , *The Vocational Summary* ,1918 Official Bulletin ,1917 *Journal of Horticulture, Cottage Gardener and Country Gentlemen* ,1876 *Official U.S. Bulletin* ,1918

Ingersoll Robert Green Ingersoll,2023-11-15 In The Essential Works of Robert G Ingersoll readers are presented with a compelling anthology of the orator s most significant writings showcasing his passionate advocacy for free thought skepticism and secularism during the late 19th century Ingersoll s eloquent prose and rhetorical prowess shine through in essays that challenge religious dogma and promote the liberation of human intellect This collection highlights his unique approach blending philosophy politics and personal anecdote making his arguments not only logical but deeply resonant all while situated within the broader intellectual landscape of the Gilded Age a time marked by dramatic social and technological upheaval Robert Green Ingersoll often referred to as the Great Agnostic was a prominent lawyer orator and political activist in post Civil War America His early encounters with religion coupled with his advocacy for civil rights and separation of church and state shaped his critical perspectives Ingersoll s formidable public speaking skills and fearless intellect earned him both admiration and controversy allowing him to become a leading voice for secularism at a time when such views were

often marginalized This anthology is highly recommended for anyone seeking to understand the foundations of modern skepticism and the role of secularism in society Ingersoll s incisive insights not only provoke thought but also inspire courage in questioning established norms making this collection an invaluable resource for readers interested in philosophy history and the evolution of free thought     **Our Day** ,1888     **Congressional Record** United States. Congress,1940     **Gray** James Russell Lowell,1886     **Of Friends and Foes** Mark J. C. Crescenzi,2018 How do countries form reputations Do these reputations affect interstate politics in the global arena Reputations abound in world politics but we know little about how state reputations form and how they evolve over time We frequently use words like trust credibility resolve integrity risk known commodity and brand to name a few overlapping with reputation like a Venn diagram As a result the concept of reputation often gets stretched or diluted weakening our ability to ascertain its role in cooperation and conflict In this book Crescenzi develops a theory of reputation dynamics to help identify when reputations form in ways that affect world politics both in the realms of international conflict and cooperation A reputation for honoring one s obligations in a treaty for example can make a state a more attractive ally A reputation for war and conflict can trigger more of the same leading to a cycle of violence that exacerbates security challenges While these processes of cooperation and conflict seem distinct they are linked by a common use of the information held in each state s reputation In each case states use reputational information in an attempt to resolve the uncertainty they face when crafting foreign policy decisions With this theory in place Crescenzi uses a blend of historical and empirical analysis to convince the reader that reputations do indeed matter in world politics Moreover we are able to identify patterns of reputation s influence in international relations He demonstrates that over time and across the globe reputations for conflict exacerbate crises while reputations for cooperation and reliability make future cooperation more likely     **U.S. Employment Service Bulletin** ,1918     *Alaska Railroad Record* ,1917     *The Cultivator & Country Gentleman* ,1871     **The Works of Robert G.
