**Performing South Africa's Truth Commission** Catherine M. Cole, 2010 Spectacles of legality performance transitional justice and the law Justice in transition political trials 1956 1964 Witnessing and interpreting testimony live present public and speaking in many tongues Eyes and ears of the nation television and the implicated witness Dragons in the living room truth and reconciliation in repertoire 2006 Conclusion Afterword what truth meant to the TRC *South Africa's Truth and Reconciliation Commission* Muhammed Haron, 2009 The South African Truth and Reconciliation Commission An Annotated Bibliography is a much needed reference work for those who are studying and pursuing the outcomes of Truth Commissions around the world However it is also a valuable tool for all researchers from diverse disciplines For example those specialising in the fields of sociology political science and literature will find material that appeals and is relevant to their areas of research There is little doubt that students and researchers pursuing courses such as Conflict Resolution Good Governance and International Relations would find this compilation more than beneficial since it covers not only an assortment of themes but it also includes ingenious cartoons by the famous Zapiro and memorable photographs by George Hallet In addition the compiler also inserted a select number of poems that dealt with the issues and themes related to the TRC process

**Mandela and Truth and Reconciliation** Cath Senker, 2014-06-05 How did Nelson Mandela help to heal a divided nation by supporting South Africa's Truth and Reconciliation Commission What choices did he have what support and advice did he receive and how did his decisions affect history and his legacy This book looks at a momentous event from recent times showing how one of the world's most charismatic leaders chose to follow a courageous and groundbreaking course of action **Truth Commissions and Transitional Societies** Eric Wiebelhaus-Brahm, 2010-01-05 This book uses a multi

method approach to examine the impact of truth commissions on subsequent human rights protection and democratic practice and features cross national case studies on South Africa El Salvador Chile and Uganda *Truth and Reconciliation in South Africa* Lyn S. Graybill, 2002 Graybill mind and human interaction U of Virginia provides students not only the facts about the South African Truth and Reconciliation Commission but also the broader context in which it operated She asks whether it led to reconciliation and healing what criteria were used to decide whether to pardon or punish whether politics necessitated the compromise and other questions Annotation copyrighted by Book News Inc Portland OR **Literary**

**Legacies of the South African TRC** Francesca Mussi, 2020-05-18 Since the 1970s truth and reconciliation commissions have become increasingly popularised as options for addressing historical injustices especially within the context of dictatorial regimes Of the many truth commissions to date the South African TRC has been the one that has captured public attention throughout the world providing a model for subsequent truth commissions The South African TRC has also constituted and still constitutes an intriguing source for writing Literary Legacies of the South African TRC explores the capacities of fiction for providing the TRC and people's testimonies with a productive afterlife for challenging definitions of

trauma truth and reconciliation for inviting readers to keep the dialogue about the past open and to think actively about the strategies adopted in addressing that past and their implications in the present It explores these capabilities as evidenced in the work of a wide range of writers some known to international Anglophone readers including J M Coetzee and Nadine Gordimer some less well known including Afrikaans language novelist Marlene van Niekerk and others from a new generation including Marli Roode Kopano Matlwa and Thando Mqgolozana The book aims to contribute to discourses of trauma truth telling and reconciliation from a literary perspective as well as placing emphasis on the profound interconnection between fiction history and trauma in conflict and post conflict areas such as South Africa

Historical Justice in International Perspective Manfred Berg, Bernd Schaefer, Bernd Schäfer, 2009 This book makes a valuable contribution to debates on redress for historical injustices by offering case studies from nine countries on five continents The contributors examine the problems of material restitution criminal justice apologies recognition memory and reconciliation in national contexts as well as from a comparative perspective Among the topics discussed are the claims for reparations for slavery in the United States West German restitution for the Holocaust the South African Truth and Reconciliation Commission the efforts to prosecute the perpetrators of the Khmer Rouge s mass murders in Cambodia and the struggles of the indigenous people of Australia and New Zealand The book highlights the diversity of the ways societies have tried to right past wrongs as the demand for historical justice has become universal

**Fault-lines in South African Democracy** Fred Hendricks, 2003 The transition from apartheid to democracy in South Africa has raised questions on the one hand about the tension between the imperatives of justice and equality and on the other reconciliation Transforming the decades old apartheid system under conditions of a political compromise has turned out to be a formidable challenge This paper is about the complexity of the transformation process going on in South Africa Although too early for a real assessment of the experiment the tensions dilemmas contradictions paradoxes and some of the changes have already begun to manifest themselves The paper shows how political deals affect the administration of justice and how they impinge upon the nature of democracy often by frustrating efforts to realise social goals in the post authoritarian phase It also raises the fundamental question of the broader necessities for the long term survival of democracy in South Africa

**Remaking Transitional Justice in the United States** James Edward Beitler III, 2012-11-09 Remaking Transitional Justice in the United States The Rhetoric of the Greensboro Truth and Reconciliation Commission explores rhetorical attempts to authorize the Greensboro Truth and Reconciliation Commission a grassroots U S based truth commission created in 2004 to redress past injustices in the city Through detailed rhetorical analyses the book demonstrates that the development of the field of transitional justice has given rise to a transnational rhetorical tradition that provides those working in the field with series of enabling constraints The book then shows how Greensboro stakeholders attempted to reaccentuate this rhetorical tradition in their rhetorical performances to construct authority and bring about justice even as the tradition shaped their discourse in ways that limited

the scope of their responses Calling attention to the rhetorical interdependence among practitioners of transitional justice this study offers insights into the development of transitional justice in the United States and in grassroots contexts in other liberal democracies The volume is a relevant guide to scholars and practitioners of transitional justice as it brings into relief mechanisms of transitional justice that are frequently overlooked namely rhetorical mechanisms It also speaks to any readers who may be interested in the communicative strategies tactics that may be employed by grassroots transitional justice initiatives

A Country Unmasked Alex Boraine,2000 The remarkable story of South Africa s Truth and Reconciliation Commission chronicles that country s journey towards national unity in the wake of Apartheid

Weapon of Peace Nilay Saiya,2018-08-01 Religious terrorism poses a significant challenge for many countries around the world Extremists who justify violence in God s name can be found in every religious tradition and attacks perpetrated by faith based militants have increased dramatically over the past three decades Given the reality of religious terrorism today it would seem counterintuitive that the best weapon against violent religious extremism would be for countries and societies to allow for the free practice of religion yet this is precisely what this book argues Weapon of Peace investigates the link between terrorism and the repression of religion both from a historical perspective and against contemporary developments in the Middle East and elsewhere Drawing upon a range of different case studies and quantitative data Saiya makes the case that the suppression and not the expression of religion leads to violence and extremism and that safeguarding religious freedom is both a moral and strategic imperative

Rethinking Justice Richard H. Bell,2007-01-01 In Rethinking Justice Richard H Bell lifts up and restores an idea of justice found in classical writers such as Socrates and Seneca as well as in more recent thinkers Justice classically has dealt with righting wrongs and restoring peace to individuals and human communities We have lost sight of this in our modern political and legal dealings and must find a way to return it to mind and to practice Each chapter looks at ways to restore such reconciliatory practices to the idea of justice that can be found in our contemporary life and literature and focuses on numerous recent cases of abuse of justice among individuals groups and nations Bell approaches justice as a concept that goes hand in hand with compassion mercy and trust Rethinking Justice reminds us that we have an obligation to foster peace be merciful and promote reconciliation with our brothers and sisters in humanity

*Dictatorship, Democracy, and Transitional Justice in Global Legal History* Ignacio Czeguhn,Jan Thiessen,Vittoria Calabrò,Bronisław Sitek,Albert Pielak,Miho Mitsunari,Jose Antonio Perez Juan,Antonio Sánchez Aranda,Ramón M. Orza Linares,Gerhard Kemp,Claudia Vanoni,Samuel Salzborn,Benjamin Lahusen,2023-12-19 The anthology presents the lectures given on the symposium From Dictatorship to democracy at the House of the Wannsee Conference on 13 14 September 2021 The aim of the organizers was to show what problems existed during the transition from dictatorship to democracy in several countries around the world They all enacted laws or other measures to ensure that fundamental rights and the rule of law would resist anti democratic ideologies anti-Semitism racism and war crimes in the future However the legal system and law

in these countries themselves often had their origins in dictatorship Thus there were and are obvious and hidden anti democratic continuities that influence law and the legal system up to the present Scientifics and jurists from Italy Japan Poland Spain South Africa and Germany examine these continuities in their contributions *Understanding African Philosophy* Richard H. Bell, 2002 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality Judging State-Sponsored Violence, Imagining Political Change Bronwyn Leebaw, 2011-04-18 How should state sponsored atrocities be judged and remembered This controversial question animates contemporary debates on transitional justice and reconciliation This book reconsiders the legacies of two institutions that transformed the theory and practice of transitional justice Whereas the Nuremberg Trials exemplified the promise of legalism and international criminal justice South Africa's Truth and Reconciliation Commission promoted restorative justice and truth commissions Leebaw argues that the two frameworks share a common problem both rely on criminal justice strategies to investigate experiences of individual victims and perpetrators which undermines their critical role as responses to systematic atrocities Drawing on the work of influential transitional justice institutions and thinkers such as Judith Shklar Hannah Arendt Jos Zalaquett and Desmond Tutu Leebaw offers a new approach to thinking about the critical role of transitional justice one that emphasizes the importance of political judgment and investigations that examine complicity in and resistance to systematic atrocities

**Truth Commissions and Criminal Courts** Alison Bisset, 2012-04-16 A multi level analysis of truth commissions and courts in the ICC era **Postcolonial Opera** Juliana M. Pistorius, 2025-05-27 Postcolonial Opera examines the social and political role of opera in the postcolony Taking the multimedia operatic experiments of William Kentridge South Africa's most celebrated contemporary visual artist as a starting point author Juliana M Pistorius investigates contemporary opera's potential to process the troubled histories that haunt post and decolonial societies Post-TRC Prosecutions in South Africa Ole Bubenzer, 2009-10-31 After the transition to democracy in 1994 South Africa implemented an innovative scheme at the Truth and Reconciliation Commission granting perpetrators conditional amnesty It essentially calls for the prosecution of those who did not receive amnesty for the crimes they committed during the apartheid conflict This book provides the first comprehensive analysis of prosecutions after the amnesty process Drawing on interviews with key protagonists and largely unpublished documents the volume analyses trials and the political background It scrutinises the issue in the normative framework of national and international human rights law and addresses whether the prosecutions were adequately carried out The study thus allows a concluding evaluation of the justice and consistency of South Africa's internationally acclaimed amnesty process **The Oxford Companion to International Criminal Justice** Antonio Cassese, 2009 How to face

international crimes Fundamentals of international criminal law The interplay of international criminal law and other bodies of law International criminal trials      Roads to Reconciliation Elin Skaar,Siri Gloppen,Astri Suhrke,2005-03-22 The past two decades have witnessed the end of several civil wars and authoritarian regimes In a period shaped by the ideal of democratization in which more countries are emerging from deep rooted conflicts international attention is turning to the question of how societies with a grievous past face issues of accountability and reconciliation How do societies deal with a past characterized by gross human rights violations What kinds of processes judicial as well as non judicial are most likely to generate a sense of reconciliation Using an interdisciplinary approach this book provides a systematic and comparative analysis of reconciliation processes in various societies that in recent years have made a transition from authoritarian to democratic rule or from war to relative peace Revisiting case studies from Latin America Africa Europe and Asia through a lens of comparative analysis shedding new light on how societies have dealt with their violent pasts Roads to Reconciliation is essential reading for both scholars and practitioners concerned with human rights transitional justice or peace building
