Couples And Sex An Introduction To Relationship Dynamics And Psychosexual Concepts:

Couples and Sex Carol Martin-Sperry, 2003 *Couples and Sex* provides both a practical introduction to and theoretical understanding of couples dynamics and psychosexual concepts. It offers accessible and pragmatic information using case studies throughout and gives an increased awareness of the issues and processes relating to working with couples both in the dynamics of what goes on between them and in the mechanics of their sexual relationship. Therapists, psychotherapists, their supervisors and health professionals working in all settings who work with counselors or psychotherapists will find this essential reading.

Understanding and Treating Sex Addiction Paula Hall, 2013 Sex addiction is on the increase in the media as well as in the therapy room. But while more and more people seek help for their compulsive sexual behaviours there is still confusion and debate about whether the condition even exists. *Understanding and Treating Sex Addiction* explains why an increasing number of people are inadvertently finding their lives devastated by their sexual behaviours. It explores the latest scientific understandings and research into why pornography, cyber sex, visiting sex workers, fetishes and multiple affairs can come to control some people's lives to the point that they can't stop. It explains how sex addiction is not a moral issue as some assume but a health issue that we as a society need to start taking seriously. Throughout the book are the revealing statistics from the UK's latest survey on sex addiction. Three hundred and fifty people who struggle with this condition have bravely and candidly shared their experience for the benefit of their fellow sufferers and those who choose to help them. This book contains support and advice for both the clinician and for those who suffer from sex addiction. As well as practical guidance and techniques for stopping compulsive behaviours and preventing relapse there is also a thorough exploration of the deeper underlying causes and how these must be addressed.

LoveSex and Relationships Cabby Laffy, Polly McAfee, 2023-06-05 *LoveSex and Relationships* introduces a pleasure focused rather than reproductive model of sex exploring how our brains, minds, bodies and emotions interact to create our experience of sexuality. This book challenges the cultural commodification of sex and sexuality and it encourages the reader to experience being sexual rather than doing sex or looking sexy. This is crucial to our development of sexual self-esteem particularly in the digital era of pornography, dating and hookup apps. Bringing the material of the first edition up to date, chapters include anatomical diagrams and social commentary with a focus on trauma and Polyvagal Theory. Diversity and cultural changes are also addressed including a more expansive understanding of gender identity and greater awareness of the impact of power and rank in sexual relationships. Lastly, each chapter features a new partnered exercise alongside every solo exercise from the first edition. Marshall, 2014-07-15 No more excuses for a sexless relationship Here's a program that finally gets to the root of a silent epidemic Andrew G Marshall Great

Britain's premier relationship expert and author brings to the States his research based program for ending obligatory going through the motions sex. In *Have the Sex You Want* Marshall moves away from the symptoms and causes of low sex and sexless relationships and digs immediately into offering the cure: a 10 week program that strips lovemaking down to its basics and eliminates bad habits that are driving couples apart. Couples relearn how to turn each other on, set their fantasies free and introduce new ideas that will turn their lovemaking into an erotic passionate connected experience. At the heart of Marshall's program is establishing safe communication and trust without feeling fear, shame or resentment. Marshall's secret to engaging in fulfilling and plentiful sex is to avoid it completely, a paradox that has proven time and time again to work. From the beginning of the program couples engage in *A Month of Sensuality*, four weeks of understanding their own erogenous zones, discovering their partner's body and introducing sensual touching and kissing. This back to basics approach which puts sex off limits, takes the pressure off, does wonders for libido, teaches couples how to slow down and be present and check in with each other about their pleasure and urges them to schedule intimate time, time that is usually hijacked by hectic schedules demanding children and household and career duties. After they have completed *A Month of Sensuality*, couples graduate through two more phases that lead them to learn about different types of fantasy, orgasm, masturbation and communication regarding what they want and need, not only to have the sex they want but the sex they always imagined they'd have. Andrew Marshall's progressive methods to bring a couple back together physically, sexually and emotionally are practical and pleasurable and guaranteed to give you what you and your partner deserve: an active, erotic, transformative sexual relationship.
