Courage In War:

Courage in War Sarah Shears,1976 Symbol of Courage Max Arthur,2005 The Victoria Cross can only be awarded for most conspicuous bravery or some daring or pre eminent act of valour or self sacrifice or extreme devotion to duty in the presence of the enemy It has been awarded only 1 354 times since the Crimean War the majority going to British and Commonwealth troops Symbol of Courage vividly brings the story of the medal to life giving a narrative history from the Crimean War to the recent war in Afghanistan It includes many first hand accounts of individual acts of bravery and describes what happened to the VC holders some of whom found it was harder wearing the medal than winning it It also gives a complete listing of every VC holder with details of the action in which they won the medal Written by acclaimed military historian Max Arthur this is a fascinating and comprehensive study that will appeal to everyone who is interested in military history The Victoria Cross is Britains most famous medalit has a great emotional appeal and this book is full of stories of remarkable courage Max Arthurs last book *Forgotten Voices of the Great War* sold over 84 000 copies in paperback for Ebury The first book for many years to give a complete history of the medal There are many Commonwealth holders so there should be a market outside the UK **Embattled Courage** Gerald Linderman,2008-06-30 Linderman traces each soldier s path from the exhilaration of enlistment to the disillusionment of battle to postwar alienation He provides a rare glimpse of the personal battle that raged within soldiers then and now *The Warrior, Military Ethics and Contemporary Warfare* Pauline M. Kaurin,2016-02-17 When it comes to thinking about war and warriors first there was Achilles and then the rest followed The choice of the term warrior is an important one for this discussion While there has been extensive discussion on what counts as military professionalism that is what makes a soldier sailor or other military personnel a professional the warrior archetype varied for the various roles and service branches still holds sway in the military self conception rooted as it is in the more existential notions of war honor and meaning In this volume Kaurin uses Achilles as a touch stone for discussing the warrior military ethics and the aspects of contemporary warfare that go by the name of asymmetrical war The title of the book cuts two ways Achilles as a warrior archetype to help us think through the moral implications and challenges posed by asymmetrical warfare but also as an archetype of our adversaries to help us think about asymmetric opponents **Twenty-Five Yards of War** Ronald J. Drez,2001-11-28 Drez presents gripping firsthand accounts of 12 ordinary men who ended up performing extraordinary feats and exhibited great courage throughout World War II of photos *The Mystery of Courage* William Ian Miller,2002-04-30 Miller culls sources as varied as soldiers memoirs heroic and romantic literature and philosophical discussions to get to the heart of courage and to expose its role in generating the central anxieties of masculinity and manhood **The Strategy of Warfare - Boxed Set** Carl von Clausewitz,Niccolò Machiavelli,Confucius,,Sextus Julius Frontinus,Napoleon Bonaparte,Kautilya,Sun Tzu,Ernesto Che Guevara,US Marine Corps,Wu Qi,Ardant du Picq,Publius Vegetius Renatus,2023-11-24 The Strategy of Warfare Boxed Set is a compelling
