that the sale of sex was positioned at the juncture of mass and elite cultures affecting nearly every aspect of urban life and bringing together sharply divergent social classes in what had long been a radically stratified society She captures the experiences of the impoverished women who turned to the streets and draws a vivid picture of the social milieu that shaped their choices The Devil s Chain demonstrates that discussions of prostitution and its attendant disorders sexual deviancy alcoholism child abuse vagrancy and other related problems reflected differing visions for the future of the Polish nation
